Modern Scottish Painting J D Fergusson, 2020-05-15

In 1939 Scottish artist and sculptor J D Fergusson was commissioned to write a fully illustrated book on modern Scottish painting The Second World War made this difficult and the first edition of *Modern Scottish Painting* was published in 1943 without illustrations This new edition edited introduced and annotated by Alexander Moffat and Alan Riach finally brings

Fergusson's project to fruition illustrating the argument with colour reproductions of Fergusson's own work Moffat and Riach frame Fergusson's important art manifesto for the 21st century reader illuminating his views on modern art as he explores questions of technique education form and what it means for a painting to be truly modern Fergusson relates these aspects of modern painting to Scottishness showing what they mean for Scottish identity nationalism independence and the legacy that puritanical Calvinism has left on Scottish art a particular concern for Fergusson given his recurring subject matter of the female nude

Scottish Art and Design Wendy Kaplan, 1991 Scotland and Europe, Scotland in Europe Gilles Leydier, 2009-03-26 The aim of the book is to explore the long standing and multi faceted relationship between Scotland and the societies and cultures of the European continent in various epochs and from a large diversity of view points and problematics The book collects most of the contributions from the IVth annual conference of the Soci t  Fran aise d'Etudes Ecossaises held in Toulon in October 2005 This international conference gathered fifty European academics working in a wide range of research fields from social history to art history from language to literature from politics to civilisation and cultural studies The interdisciplinary ambition and cross cultural perspective of the conference are reflected in the volume The book is divided into four main sections links with Europe visions of Europe voices in Europe and current political issues within the European Union It illustrates the richness and complexity of the dialogue between Scotland and the continent over the centuries and underlines the open fluid and dynamic character of the Scottish identity

Irwin, 1975 *Professional Women Painters in Nineteenth-Century Scotland* Janice Helland, 2019-06-11 This title was first published in 2000 Women in the 19th century have long been presented as the angel in the house The author re-writes this history by investigating the life and working conditions of a number of middle class women who sought to establish themselves as professional artists in Scotland Contrary to the orthodox view preoccupied with oppression and difficulty the author demonstrates that women artists of the period were independent producers teachers and travellers alert to changes in taste and fashion They derived great pleasure from their work and enjoyed the benefits of women working together forming their own and joining existing professional associations The book is not biographical but elaborates on the life and working conditions of middle class artists by discussing their work in terms of economic and social history
