Castles and Tower Houses of the Scottish Clans 1450-1650 Stuart Reid, 2012-09-20 With the exception of the key royal sites such as Stirling and Edinburgh few Scottish castles were located at strategic points or were intended to house garrisons required to defend or subjugate towns Instead they were primarily fortified dwelling houses erected in an environment of weak Royal authority and endemic feuding between rival clans and groups in both Highland and Lowland areas Although some enceinte castles were developed during the 16th and 17th centuries most defensive construction focused on the tower house a distinctive vernacular style of Scottish fortification This book examines the design development and purpose of these quintessentially Scottish buildings and also covers larger sites such as Urquhart and Blackness

Grant, 2012-09-04 By bringing evidence from heraldry DNA and place names to bear and by insisting on feasible time lines this two volume work exposes many of the myths which still mask the origin stories of so many Scottish Clans and offers far more interesting excitin **The Scottish Clans and Their Tartans**, 1945 **Clans and Tartans: Traditional Scottish tartans (Collins Little Books)** Scottish Tartans Authority, 2017-09-07 The perfect introduction to Scottish tartans Produced in association with the Scottish Tartans Authority this Little Book focuses on the history of the world famous Scottish tartan Optimised for colour tablets The images in this ebook are not suitable for viewing on black and white e ink devices *What Is My Clan?* David W. McIntosh, 2018-02-14 I started writing this book in an effort to be as accurate as possible regarding the clans their septs and spelling variations As a convener for my clan it has been frustrating to rely on books written to sell tartan or to be all inclusive This book has been written to identify the septs and spelling variations for Scottish clans It is not intended to be a guide for tartans I have written this book after talking to as many Chiefs in Scotland as I could reach If the chiefs were unavailable I relied on the Scotland based websites for the clans For clans without a Scotland based site I relied on other UK websites As a last resort I contacted US based Societies or their leadership Some names have been removed from the various lists in the effort to be accurate There are many clan house groups both Highland and Lowland that have a differing list of names between the Scotland Chiefs or Societies and the US Societies In some cases US Clans or Houses may not be happy with the lists of their septs and spelling variations Many US Societies have added more names to bolster membership and to be all inclusive This book does not include the cadet clans and their septs as part of the parent clan Cadet clans were those that were started by a second son In the case of these clans they are listed as their own entity septs and spellings It should be noted that many Highland Clans were known to have both spelling variations and septs Lowland Houses on the other hand only had spelling variations despite what may be argued Also for a clan that has a Gaelic name and an English name both were shown with their spellings Clan House Hay is a notable exception where they are a clan of five joined houses that have several septs Most Lowland family groups were known as Houses as well as Highland groups not of Gaelic descent More recently some have started to refer to themselves as Clans There is also conjecture as to if there were ever really any septs for clans at all Some historians believe that septs were a byproduct of the Victorian Age However some family names have been associated with a clan well before that Age It is my hope that this book will help other conveners be as accurate as they

can be in their duties to their clans
