 Carole Gregory, 1992 Favourite Teatime Recipes **America'S Favorite Recipes the Melting Pot Cuisine** Uma
 Aggarwal, 2016-11-10 America is called a melting pot of all cultures As the immigration of different cultures continue to flood
 this land of opportunity a revolution is taking place in the fusion of their cultures and cuisines This transformation has been
 very prominent in the last 50 years and it is clearly visible in the emerging American cuisine Practically this cuisine has fused
 to become a spectacular global cuisine In my book I am not only giving the recipes that we love so dearly but also tried to
 emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life
 We have to watch what we eat I am trying to bring this point to the attention of the reader that according to ancient Indian
 treatises and modern scientific research it is established that the use of spices is not only for taste but it is for their hidden
 meaning They have anti carcinogenic properties and their use is very important to maintain a good healthy lifestyle
 Americans are heavily ridden with obesity heart diseases diabetes breast cancer and many other diseases Being an American
 East Indian pioneer with my east Indian wisdom of Ayurvedas my idea is to make these exotic recipes as healthy as possible
 by using these spices I have also tried to capture and write the history and origin of these recipes My basic point of view is
 that to make the food delicious use fresh ingredients herbs and spices and do not try to over load them with various cheeses
 creams sugars and lards to make them delicious You are what you eat Most of these foreign recipes have historical
 dimensions and origin They have now shaped themselves gradually to suit the American pallet and have become an integral
 part of American cuisine We can make them equally delicious by wisely using healthful ingredients In order to make these
 books interesting and enjoyable they are written with easy step by step instructions I am hopeful that these books Americas
 Favorite Recipes Part I Part II and Part III will soon become your favorite coffee table books as well as your recipe books

will trust me be every bit as delicious as the originals Some might even think more so We now appear to live in a world where we are all meant to love to bake And more and more of us do indeed absolutely love to bake I have been a pastry chef for more than thirty years now and so I couldn't be happier with the ever growing love and fascination with the wonderful world of cakes and baking in general And it is a world a very wide world indeed The cakes of France and Europe differ so very greatly from those sweet delights coming from the ovens of say Asia or the Middle East different flavours and techniques bringing differing results but with one single unifying truth they are all absolutely delicious to eat I love the fact that cakes can incorporate flavours and ingredients as wide ranging and diverse as almonds walnuts and pistachios contrasting with cakes emitting heavenly scents of cinnamon ginger and nutmeg cakes with luscious soft cheese the finest honey plumped juicy raisins glutinous rice flour sweet potatoes pandan essence the freshest of tree picked fruits and let's not forget those which are doused in the finest brandies rums and wines of a locale This is a world of passionate and creative bakers each creating a cake with their country's most treasured produce expertly crafted and sculpted A global cake heaven My heaven and I hope soon to be yours too
