The Process Clive Frayne, 2019-11-27 The main difference between an early career screenwriter and a great screenwriter is their process Screenwriters with an effective and professional process tend to write great scripts This book teaches a method called process driven screenwriting The process is a series of planning steps we take before writing our script This process works for any kind of movie It works for Hollywood Blockbusters or experimental art house films As long as our intention is to create drama the process will help us write better scripts This book doesn t offer a formula or plot template Instead it helps screenwriters find a writing technique that works for them At the heart of this book is a simple idea dogma is the enemy of creativity This book contains a set of practical tools Tools designed to help writers create drama and to craft great cinematic stories This is also a book that explores the ideas behind drama story and what it means to write cinema Although the tools in this book are simple the conversation about how we write movie scripts isn t I have not separated the conversation about writing from the discussion about the tools That s because the two things are connected We need tools like this because writing cinematic drama is complicated It s not possible to separate the process from the challenges of screenwriting Process driven screenwriting is very simple Anyone can

learn the basic steps in a short period of time However as with any tools it takes time and practice to master their use These tools can be used to create simple stories or to craft complex narratives So what are these tools What are the steps raw idea our initial inspiration or ideatheme decide what facet of human experience we re exploringcompass logline decide who the film is about when and where it is setchase our fascination to create the world of story creating a fictional worldcharacter development populate the world with characterscreate a plot decide what happens and the order in which the audience finds things outwrite the script write cinematic drama in a form that is acceptable to the production teamIn reality everyone is a process driven screenwriter whether they know it or not Every writer has a process even if that process is to stare at a blank page until they have an idea Every writer s process is unique to them We do what works best for us Writers with great processes write great screenplays In this book we will look at ways any writer can improve their process without giving up the things that make them unique Break Into Screenwriting Ray Frensham,2011-11-25 This is a comprehensive jargon free guide for all budding screenwriters Its aim is not just to guide you through the techniques and skills you need to write for the screen film and television but also to give you guidance on how to approach the industry as a whole Focusing on every aspect of screenwriting from how to set about the writing process to how to develop your characters plot and structure this book will give you all the guidance you need to break into this highly competitive industry and make a career for yourself as a screenwriter
