Script The 100 Absolutely Predictable Things Men Do When They Cheat:

The Script Elizabeth Landers, Vicky Mainzer, 2005-04-27 You've heard it before: Your friend's husband is acting distant and she blames herself. Rumor starts to spread that he's running around with his secretary and still your friend doesn't see. Then he drops the bomb, moves out, and is soon happily remarried to his mistress. How could your friend have been so blind? That could never happen to you. Statistics show that 35% of husbands cheat on their wives. In *The Script*, Elizabeth Landers and Vicky Mainzer take readers through the standard lines that have been used by hundreds of unfaithful husbands. Like a screenplay for a movie you never wanted to see, *The Script* indicates which signs to look for, red flags you might not have noticed before, and how to turn the tide of disaster before it's too late. **Script** Elizabeth Landers, Vicky

Mainzer, 2001-01-01 The authors contend that men who cheat on their wives exhibit the same signs along the way, following the same script. Based on interviews with 100 people, Landers and Mainzer spell out what signs to look for, red flags that might not have been noticed, and how to turn the tide of disaster before it's too late. **The Gaslight Effect** Dr. Robin Stern, 2018-01-09 In this groundbreaking guide, the prominent therapist Dr. Robin Stern shows how the Gaslight Effect works, how you can decide which relationships can be saved and which you have to walk away from, and how to gasproof your life so you'll avoid gaslighting relationships. Your husband crosses the line in his flirtations with another woman at a dinner party. When you confront him, he asks you to stop being insecure and controlling. After a long argument, you apologize for giving him a hard time. Your mother belittles your clothes, your job, and your boyfriend. But instead of fighting back, you wonder if your mother is right and figure that a mature person should be able to take a little criticism. If you think things like this can happen to you, think again. Gaslighting is an insidious form of emotional abuse and manipulation that is difficult to recognize and even harder to break free from. Are you being gaslighted? Check for these telltale signs: 1. Does your opinion of yourself change according to approval or disapproval from your spouse? 2. When your boss praises you, do you feel as if you could conquer the world? 3. Do you dread having small things go wrong at home, buying the wrong brand of toothpaste, not having dinner ready on time, a mistaken appointment written on the calendar? 4. Do you have trouble making simple decisions and constantly second-guess yourself? 5. Do you frequently make excuses for your partner's behavior to your family and friends? 6. Do you feel hopeless and joyless? **The Female Thing** Laura Kipnis, 2009-03-12 From the author of the acclaimed *Against Love* comes a pointed, audacious, and witty examination of the state of the female psyche in the post-post-feminist world of the twenty-first century. Women remain caught between feminism and femininity, between self-affirmation and an endless quest for self-improvement, between playing an injured party and claiming independence. Rather than blaming the usual suspects, men, the media, Kipnis takes a hard look at culprits closer to home: women themselves. Kipnis serves up the gory details of the mutual displeasure between men and women in painfully hilarious detail. Is anatomy destiny, after all? An ambitious and original reassessment of feminism and women's ambivalence about it, *The Female Thing* breathes provocative
