Scripture and Exegesis in Early Imāmī-Shiism Me'ir Mikha'el Bar-Asher,1999 An examination of the features and methods of Imami exegesis **Scripture and Exegesis in Early Imāmī Shiism** Meir M. Bar-Asher,2021-09-20 Since the publication in 1921 of Ignaz Goldziher's *Die Richtungen der islamischen Koransauslegung* which includes a discussion of Imami exegesis no comprehensive work on this topic has appeared In the intervening years important Imami commentaries on the Qur'an have become available making possible a reappraisal of the subject The present study aims to contribute to this task primarily by examining the features and methods of Imami exegesis Principally it offers a description and analysis of the major tenets of Imami doctrine as reflected in the earliest Imami works of exegesis and related sources up to the Major Occultation of the twelfth Imam in 329/941 These include among others the belief in a primordial covenant between God and the Shāh and the superhuman and mystical qualities with which the Imams were graced such as their God-given infinite knowledge their intercession on behalf of their community their immunity from sin and error etc Other tenets relate to the attitude of Imami Shiism to its enemies e.g. the duty to denigrate and dissociate from them These and similar ideas are constant motifs in Imami exegesis and are linked time and again with various Qur'anic verses Relying on classical and modern Arabic sources Sunni and Shāh alike as well as on a wide range of western research Meir Bar-Asher sheds new light on the Imami methods of exegesis and on the principal Imami doctrines as reflected in the early Imami exegetical corpus Qur'anic Sciences and Shi'i Exegesis Abbas Bahmanpour,2017-01-01 The current work provides a comprehensive vista on the sciences of the Qur'an as developed in the Shi'i context It is a systematic presentation of Shi'i literature on various aspects of Qur'anic exegesis Leading figures of Qur'anic scholarship in the Shi'i world have contributed to this volume exploring a wide array of subjects such as revelation methodology of exegesis hermeneutics reasons for revelation definite and indefinite verses improbability of distortion and the thematic unity of different chapters of the Qur'an Also included in this volume are scholarly expositions on four classical Shi'i exegeses namely *al-Tibyan Majma al-Bayan Kanz al-Irfan* and *Tafsir* of Mulla Sadra Moreover three modern masterpieces *Al-Mizan* Nimunih and *Tasnim* authored by twentieth century Shi'i exegetes in Iran are examined

The Art and Material Culture of Iranian Shi'ism Pedram Khosronejad,2011-11-30 Shi'i Islam has been the official religion of Iran from the Safavids 1501/1732 to the present day The Shi'i world experience has provided a rich artistic tradition encompassing painting sculpture and the production of artefacts and performance which has helped to embed Shi'i identity in Iran as part of its national narrative In what areas of material culture has Iranian Shiism manifested itself through objects or buildings that are unique within the overall culture of Islam To what extent is the art and architecture of Iran from the Safavid period onwards identifiably Shi'i What does this say about the relationship of nation-state and faith in Iran Here leading experts trace the material heritage of Iranian Shiism within each of its political religious and cultural dimensions

The Crucifixion and the Qur'an Todd Lawson, 2014-10-01 The first book to examine the controversial Qur'anic phrase which divides Christianity and Islam According to the majority of modern Muslims and Christians the Qur'an denies the crucifixion of Jesus

and with it one of the most sacred beliefs of Christianity However it is only mentioned in one verse They did not kill him and they did not crucify him rather it only appeared so to them and contrary to popular belief its translation has been the subject of fierce debate among Muslims for centuries This innovative work is the first book devoted to the issue delving deeply into largely ignored Arabic sources which suggest that the origins of the conventional translation may lie within the Christian Church Arranged along historical lines and covering various Muslim schools of thought from Sunni to Sufi The Crucifixion and the Qur'an unravels the crucial dispute that separates the World's two principal faiths *Between the Ideal and the Real* Akeel Abbas, 2024-06-04 *Between the Ideal and the Real* describes why Iraq state building and democratic transformation failed by offering a very new and unusual perspective away from the usual blame assigned to the US that has become part of the conventional wisdom about Iraq and the Middle East Although the book acknowledges US failings in Iraq the main argument it presents is that the main causes of failure lie in a problematic alliance between Iraqi Shiite Islamist parties and the clerical establishment in Najaf led by Ayatollah Sistani To appreciate this new perspective the book takes you into the history of Iraqi Shiism both as a set of doctrinal and theological beliefs about the world and a lived experience by ordinary Iraqi Shias The book argues that this understanding hindered Shias from embracing many products of modernity such as nationalism individualism humanism and democratic rule by consolidating a primordial group identity that ties people to the past a particular kind of past based on doctrinal supremacy and historical victimhood Combined the two have the negative effect of depriving ordinary Iraqi Shias of a personal sense of agency and contributing to a general spirit skeptical of difference The book also documents people's push back against this restrictive approach to reality in a variety of contexts Based on extensive historical and doctrinal research into the distant past of Shiism the book links the past to the present by examining the unfortunate consequences that grow out of the insistence to allow pre modern values determine the modern experience of life **The Nuṣayrī-ʿAlawīs** Yaron Friedman, 2010 Friedman offers new and updated research on the Nusayr Alaw sect today a leading group in Syria covering a variety of aspects and focusing on the Middle Ages A century after Dussaud's *Histoire et religion des Nusayrīs* 1900 he reviews the history and religion of the sect in the light of old documents used by orientalists in the nineteenth century documents that became available in the twentieth century and later sources of the Nuṣayrī Alaw sect published most recently in Lebanon Also studied in depth for the first time is the question of the identity of the sect through the Alaw Sunn Sh triangle *Kitāb Fī Al-ālāt Al-falakīyah* François Charette, 2003-01-01 This study of mathematical instrumentation in the Mamluk world contains the edition and translation of a unique richly illustrated treatise and provides a fascinating historical account of several instrument models that were thus far unknown or inadequately documented **Studies in the History of the Exact Sciences in Honour of David Pingree** Jan P. Hogendijk, Kim Plofker, Michio Yano, Charles Burnett, 2004-02-01 This collection of essays reflects the wide range of David Pingree's expertise in the scientific texts above all concerning astronomy and astrology of Ancient Mesopotamia Greece India
