Should Christians Be Involved In Government:

Should Christians Be Involved in Government? Dolores L. Gray,1994-01-01 **Voting as a Christian: The Economic and Foreign Policy Issues** Wayne A. Grudem,2012-02-07 God intended the Bible to give guidance to every area of life including how governments should function Derived from Wayne Grudem s Politics According to the Bible this book highlights those economic and foreign policy issues that have dominated political debate recently and is a must read for any Christian concerned about current debates over Economic issues and taxation The size and role of government The best way forward out of a recession Relationships to other nations Throughout Wayne Grudem author of the bestselling Systematic Theology supports political positions that would be called more conservative than liberal However it is important to understand that I see these positions as flowing out of the Bible s teachings rather than positions I hold prior to or independently of those biblical teachings he writes My primary purpose in the book is not to be liberal or conservative or Democrat or Republican but to explain a biblical worldview and a biblical perspective on issues of politics law and government Not every reader will agree with the book s conclusions But by grounding his analysis deeply on Scripture Grudem has equipped Christians to better understand and respond to some of today s key political debates wisely and in a manner consistent with their primary citizenship as members and ambassadors of the kingdom of God **Is it lawful for the Christian to take part in Politics? An argumentative treatise, etc** Isaac Fowler BALLARD,1871 *The Bible in American Law and Politics* John R. Vile,2020-09-19 While scholars increasingly recognize the importance of religion throughout American history *The Bible in American Law and Politics* is the first reference book to focus on the key role that the Bible has played in American public life In considering revolting from Great Britain Americans contemplated whether this was consistent with scripture Americans subsequently sought to apply Biblical passages to such issues as slavery women s rights national alcoholic prohibition issues of war and peace and the like American presidents continue to take their oath on the Bible Some of America s greatest speeches for example Lincoln s Second Inaugural and William Jennings Bryan s Cross of Gold speech have been grounded on Biblical texts or analogies Today Americans continue to cite the Bible for positions as diverse as LGBTQ rights abortion immigration welfare health care and other contemporary issues By providing essays on key speeches books documents legal decisions and other writings throughout American history that have sought to buttress arguments through citations to Scriptures or to Biblical figures John Vile provides an indispensable guide for scholars and students in religion American history law and political science to understand how Americans throughout its history have interpreted and applied the Bible to legal and political issues **The Bible's Answers to 100 of Life's Biggest Questions** Norman L. Geisler,Jason Jimenez,2015-01-13 Every believer has questions about God the Bible Jesus and the purpose and meaning of life The vexing problem is that so few believers are able to answer even the most basic ones Without answers doubt creeps in and the future of the church is in jeopardy With insight and precision Geisler and Jimenez address one

hundred penetrating questions that the culture asks and Christians must be prepared to answer including both controversial questions raging in the public sphere and personal questions about family issues the purpose and meaning of life and the future of the world Christians from every walk of life especially young believers youth workers and parents will treasure this comprehensive resource Foreword by Josh and Sean McDowell [Politics According to the Bible](#) Wayne A. Grudem,2010 Should Christians be involved in political issues This comprehensive and readable book presents a political philosophy from the perspective that the Gospel pertains to all of life including politics Politics According to the Bible is an in depth analysis of conservative and liberal plans to do good for the nation evaluated in light of the Bible and common sense Evangelical Bible professor and author of the bestselling book Systematic Theology Wayne Grudem unpacks and rejects five common views about Christian influence on politics compel religion exclude religion all government is demonic do evangelism not politics and do politics not evangelism Instead he defends a position of significant Christian influence on government and explains the Bible s teachings about the purpose of civil government and the characteristics of good or bad governments Grudem provides a thoughtful analysis of over fifty specific and current political issues dealing with The protection of life Marriage the family and children Economic issues and taxation The environment National defense Relationships to other nations Freedom of speech and religion Quotas And special interests Throughout this book he makes frequent application to the current policies of the Democratic and Republican parties in the United States but the principles discussed here are relevant for any nation [Outline of Christian Ethics](#) Kwing Hung,2014-10-14 Outline of Christian Ethics is a Q yet the extent of the book is broad and deep Dr Hung does not use purely rational and argumentative methods he employs the method of lighthearted conversation with the reader Every chapter is introduced with some stories to stir up the interest of the reader Furthermore statistical facts are added to strengthen the persuasive power of the points made The wealth of information contained in this book will help busy pastors and Christians find the necessary information quickly Rev Dr Peter Au principal Canadian Chinese School of Theology at Tyndale Seminary Toronto **The Church and Politics** Bernard Boyo,2021-05-10 The Church and Politics offers an introduction to African political theology that is thorough practical and deeply powerful From traditional power structures to the political ramifications of colonialism Dr Bernard Boyo provides a foundation for understanding Africa s contemporary political concerns in their cultural and historical context Alongside this overview of African political history Boyo traces the impact of Western missionaries evangelicals liberation theology and African theologians on the church s understanding of itself and its role within society This book critiques the emphasis on individual salvation that has so often led the church into abdicating its societal responsibilities and provides an exegetical analysis that firmly roots political engagement within a scriptural framework The church we are reminded has a mandate to bring justice and righteousness into every aspect of human experience As we follow Christ it is not just our personal lives that should be transformed but our communities and even our nations **God and Government** Cornelis Van Dam,2011-12-05 Ours is a

time of rapid cultural change with new economic challenges People look to their governments for leadership and solutions But what can and should government do to meet the difficulties that beset a nation What can citizens expect from their elected representatives What is reasonable And what should citizens do What are their responsibilities This book addresses such fundamental issues through the eyes of Scripture and against the backdrop of North America s dual heritage of Christianity and humanism Government politics and the Bible do not seem like a good mix But as this book aims to show the Bible has much wisdom to teach us about the place and role of government and its citizens Biblical principles work because God knows how his world and his servant governments are supposed to function After all he ordained the governing authorities and the principles enunciated in his Word are timeless and remain practical This book introduces fundamental biblical principles that apply to government and politics The intent is to inform and to motivate the reader to get involved where possible in the political processes of the day Our legislators need the input and help from their knowledgeable Christian constituents
