Show Trial The Conspiracy To Convict John Demjanjuk As Ivan The Terrible:

The Memory of Judgment Lawrence Douglas, 2001-01-01 This is an examination of the law's response to the crimes of the Holocaust. It studies exemplary proceedings including the Nuremberg trial of the major Nazi war criminals and the Israeli trials of Adolf Eichmann and John Demjanjuk.

Show Trial Yoram Sheftel, 1995 Mistakenly identified as the Nazi war criminal Ivan of Treblinka, John Demjanjuk was extradited from the United States, spent over seven years in prison, and was sentenced to death before being acquitted. This work, written by his lawyer, describes how a terrible miscarriage of justice was avoided.

Genocide Denials and the Law Ludovic Hennebel, Thomas Hochmann, 2011 In *Genocide Denials and the Law*, Ludovic Hennebel and Thomas Hochmann offer a thorough study of the relationship between law and genocide denial from the perspectives of specialists from six countries. This controversial topic provokes strong international reactions involving emotion caused by denial along with concerns about freedom of speech. The authors offer an in-depth study of the various legal issues raised by the denial of crimes against humanity, presenting arguments both in favor of and in opposition to prohibition of this expression. They do not adopt a pro or contra position but include chapters written by proponents and opponents of a legal prohibition on genocide denial. Hennebel and Hochmann fill a void in academic publications by comparatively examining this issue with a collection of original essays. They tackle this diverse topic comprehensively, addressing not only the theoretical and philosophical aspects of denial but also the specific problems faced by judges who implement anti-denial laws. *Genocide Denials and the Law* will provoke discussion of many theoretical questions regarding free speech, including the relationship between freedom of expression and truth, hate memory, and history.

The Historiography of the Holocaust D. Stone, 2004-01-20 This collection of essays by leading scholars in their fields provides the most comprehensive and up-to-date survey of Holocaust historiography available. Covering both long-established historical disputes as well as research questions and methodologies that have developed in the last decade's massive growth in Holocaust Studies, this collection will be of enormous benefit to students and scholars alike.

The Right Wrong Man Lawrence Douglas, 2018-01-08 Now the subject of the Netflix documentary *The Devil Next Door*, the incredible story of the most convoluted legal odyssey involving Nazi war crimes. In 2009, *Harper's Magazine* sent war crimes expert Lawrence Douglas to Munich to cover the last chapter of the lengthiest case ever to arise from the Holocaust: the trial of eighty-nine-year-old John Demjanjuk. Demjanjuk's legal odyssey began in 1975 when American investigators received evidence alleging that the Cleveland autoworker and naturalized US citizen had collaborated in Nazi genocide. In the years that followed, Demjanjuk was stripped of his American citizenship and sentenced to death by a Jerusalem court as Ivan the Terrible of Treblinka, only to be cleared in one of the most notorious cases of mistaken identity in legal history. Finally, in 2011, after eighteen months of trial, a court in Munich convicted the native Ukrainian of assisting Hitler's SS in the murder of 28,060 Jews at Sobibor, a death camp in eastern Poland. An award-winning novelist as well as legal scholar, Douglas offers a

compulsively readable history of Demjanjuk's bizarre case *The Right Wrong Man* is both a gripping eyewitness account of the last major Holocaust trial to galvanize world attention and a vital meditation on the law's effort to bring legal closure to the most horrific chapter in modern history *Defending 'Ivan the Terrible'* Yoram Sheftel, 1996-05 Soon in their zeal to send to his death the man they claimed was Ivan U S government officials were concealing evidence that proved Demjanjuk innocent so they could take away his citizenship and extradite him to Israel all the while hiding the truth *Sobibor* Jules Schelvis, 2014-05-20 Auschwitz Treblinka The very names of these Nazi camps evoke unspeakable cruelty Sobibor is less well known and this book discloses the horrors perpetrated there Established in German occupied Poland the camp at Sobibor began its dreadful killing operation in May 1942 By October 1943 approximately 167 000 people had been murdered there Sobibor is not well documented and were it not for an extraordinary revolt on 14 October 1943 we would know little about it On that day prisoners staged a remarkable uprising in which 300 men and women escaped The author identifies only forty seven who survived the war Sent in June 1943 to Sobibor where his wife and family were murdered Jules Schelvis has written the first book length fully documented account of the camp He details the creation of the killing centre its personnel the use of railways selections forced labour gas chambers escape attempts and the historic uprising In documenting this part of Holocaust history this compelling and well researched account advances our knowledge and understanding of the Nazi attempt to annihilate the European Jews Published in association with the United States Holocaust Memorial Museum

The Trial on Trial: Volume 2 R A Duff, Lindsay Farmer, Sandra Marshall, Victor Tadros, 2006-04-05 What are the aims of a criminal trial What social functions should it perform And how is the trial as a political institution linked to other institutions in a democratic polity What follows if we understand a criminal trial as calling a defendant to answer to a charge of criminal wrongdoing and if he is judged to be responsible for such wrongdoing to account for his conduct A normative theory of the trial an account of what trials ought to be and of what ends they should serve must take these central aspects of the trial seriously but they raise a number of difficult questions They suggest that the trial should be seen as a communicative process but what kinds of communication should it involve What kind of political theory does a communicative conception of the trial require Can trials ever actually amount to more than the imposition of state power on the defendant What political role might trials play in conflicts that must deal not simply with issues of individual responsibility but with broader collective wrongs including wrongs perpetrated by or in the name of the state These are the issues addressed by the essays in this volume The third volume in this series in which the four editors of this volume develop their own normative account will be published in 2007 **The Cambridge Companion to International Criminal Law** William Schabas, 2016-01-07 An authoritative introduction to international criminal law written by renowned international lawyers judges prosecutors criminologists and historians **Law Against Genocide** David Hirsh, 2012-09-10 Bringing a sociologist's insight to legal institutions and narratives this book is an innovative and timely sociological contribution to
