Shred Of Honour:

A Shred of Honour J. K. Mayo, 1993 With a consignment of British made germ warfare running loose across Africa Whitehall is in a condition of close lipped ferment Nefarious old one legged Sir John Arkely of MI6 and MI5 s Harry Seddall once again find themselves at the heart of an international intrigue *Corpus Approaches to Evaluation* Susan Hunston, 2010-10-04 This book applies a set of corpus investigation techniques to the study of evaluation or stance or affect in naturally occurring discourse Evaluative language indicates opinions attitudes and judgments It is an important part of activities such as persuading someone that a particular viewpoint is correct or in constructing knowledge from a different number of theories This book argues that phraseology regularities or patterns in language identifiable from corpus studies is important to the study of evaluative language It makes a number of more specific arguments that modal meaning is expressed through particular phrases and not only through modal verbs that figurative phrases are used to intensify evaluation and that patterns of use may be exploited to achieve an automatic identification of evaluations It also builds on the author s previous work in exploring how films and journalism use language and images to build knowledge from ideas

The Lost Domain Martin Hocke, 2019-05-14 Since time immemorial the Tawny owls have formed the privileged aristocratic class among the nocturnal birds far superior to the Barn owls and Little owls Yoller the son of the leader of a Tawny owl dynasty also grew up with this belief However when the impetuous young Tawny owl is attacked by buzzards during a messenger mission to remote forest areas his aristocratic origins do not help him one bit Yoller is saved from certain death by the owl May Blossom at the last minute Yoller and his lifesaving heroine fall in love but conflicting life plans separate them again Thus Yoller follows his intended purpose as a Tawny owl and returns to his homeland where he finds himself confronted with the eternal struggle for supremacy in the forests But the experience with May makes him doubt the old rules A relentless system regulates the coexistence of Barn owls Tawny owls and Little owls In the land of the owls violations of these ancient rules are punished with death But a new era has begun former enemies inevitably become allies in the fight against a common old enemy With poetic wit and captivating powers of observation Martin Hocke has woven this fantastic trilogy of novels which revolves around owls and other nocturnal birds into a parable that stands in the tradition of Watership Down and Wind in the Willows Individual volumes Ancient Solitary Reign The Lost Domain Am an Owl
