Shuts And Passages Of Shrewsbury:

Shuts & Passages of Shrewsbury A. Scott-Davies, R. S. Sears, 1986 **Secret Shrewsbury** John Shipley, 2019-04-15
Explore Shrewsbury's secret history through a fascinating selection of stories, facts and photographs **SHREWSBURY'S PASSAGES OF TIME** Bernard Jones, 2018-11-25 I'm a Yorkshire lad born and bred but have moved around the country with my work. My first job was with Barclays Bank. I served my National Service in Aden with The Prince of Wales Own Regiment of Yorkshire. I met my future wife Barbara in Dover and later married and moved around the country then finally settled in Shropshire in a village near Shrewsbury. By then I had left the Bank and eventually took a job with the MoD which I held until my retirement. Since then I have written bird walk articles for the Bird Watching magazine. In addition, while working in Surrey, I learned to fly in a Tiger Moth at the famous Biggin Hill. Later when we moved to Shropshire, I took up gliding at the Midland Gliding Club based on the Long Mynd. Sadly Barbara died and I put together a book of her Quirky Tales that she had written for the local newsletter and all the money made from the sales went to the MS Society **Tourists' Guide to Historic Buildings in Shrewsbury**, 1968 **The Old Houses of Shrewsbury** Herbert Edward Forrest, 1911

Shropshire word-book, a glossary of archaic and provincial words, &c., used in the county Georgina Frederica Jackson, 1879 **Jack the Ripper?** Philip Jones, 2023-01-06 Readers are transported to Victorian London and introduced to Inspector Doyle, a modern-day detective with eternal life who discovers that he has been wrongly named as Jack the Ripper, the Victorian serial killer. Nobody wants that label at any time in history, so with the aid of time travel, he returns to the year 1888 in an attempt to clear his name. Another complication for Inspector Doyle is that his modern-day daughter, Flora, who he has left behind to travel back several centuries, is becoming increasingly suspicious of her father's identity. This is after making her way into his Shrewsbury study that she is forbidden to enter. The only good thing about returning to 1888 is that Inspector Doyle is able to rekindle his relationship with daughter Alice and wife Eleanor, who he had to leave behind all those centuries ago. Alice can then only but marvel at her father's abilities to answer a question that only he knows the answer to because he has travelled into the future and back. The story references many Victorian objects that have been meticulously researched and then used to tell a story that is only possible through time travel and a rather clever inventor who may or may not be still alive. Many elements of the original Jack the Ripper case are also detailed, as are the horrors of Whitechapel. Find out whether Inspector Doyle manages to clear his name by discovering who the real Jack the Ripper is and expect a twist at the end that involves both daughters and a Victorian book that, unlike the rest of Inspector Doyle's objects, is unable to exist in parallel between the two time zones **Shropshire (Slow Travel)** Marie Kreft, 2025-11-21 Part of Bradt's distinctive award-winning series of Slow Travel guides to UK regions, this new thoroughly updated third edition of *Shropshire Slow Travel* remains the only standalone guidebook to provide in-depth coverage of England's largest landlocked county. Hobbs, 1954 Transactions of the Shropshire Archaeological and Natural History Society, 1882

Transactions of the Shropshire Archaeological and Natural History Society Shropshire Archaeological and Natural History Society (Great Britain), 1881 *Darwin* Ruth Padel, 2011-11-23 This remarkable book brings us an intimate and moving interpretation of the life and work of Charles Darwin by Ruth Padel an acclaimed British poet and a direct descendant of the famous scientist Charles Darwin born in 1809 lost his mother at the age of eight repressed all memory of her and poured his passion into solitary walks newt collecting and shooting His five year voyage on H M S Beagle when he was in his twenties changed his life Afterward he began publishing his findings and working privately on groundbreaking theories about the development of animal species including human beings and he made a nervous proposal to his cousin Emma Padel's poems sparkle with nuance and feeling as she shows us the marriage that ensued and the rich creative atmosphere the Darwins provided for their ten children Charles and Emma were happy in each other but both were painfully aware of the gulf between her deep Christian faith and his increasing religious doubt The death of three of their children accentuated this gulf For Darwin death and extinction were nature's way of developing new species the survival of the fittest

for Emma death was a prelude to the afterlife These marvelous poems enriched by helpful marginal notes and by Padel s ability to move among multiple viewpoints always keeping Darwin at the center bring to life the great scientist as well as the private man and tender father This is a biography in rare form with an unquantifiable depth of family intimacy and warmth
