Sicily To The Siegfried Line Being Some Random Memories And A Diary Of 1944-1945:

Sicily to the Siegfried Line Strome Galloway, 1995 *The Gothic Line* Mark Zuehlke, 2009-07-01 Like an armor toothed belt across Italy's upper thigh the Gothic Line was the most fortified and fiercely defended position the German army had yet thrown in the path of the Allied forces. On August 25, 1944, it fell to I Canadian Corps to spearhead the famed Eighth Army's major offensive intended to rip through it. The 1st Infantry and 5th Armored Divisions advanced into a killing ground covered by thousands of machine gun, antitank gun positions and pillboxes expertly sited behind minefields and dense thickets of barbed wire. Never had the Germans in Italy brought so much artillery to bear or deployed such a great number of tanks. For 28 days the battle raged as the Allied troops slugged an ever deeper hole into the German defences. The Metauro River, the Foglia River, Point 204, Tomba Di Pesaro, Coriano Ridge, San Martino and San Fortunato became place names seared into the memories of those who fought there. They fought in a dust-choked land under a searing sun which by battle's end was reduced to a quagmire by rain. But they prevailed and on September 22 won the ground overlooking the Po River Valley, opening the way for the next phase of the Allied advance.

Operation Husky Mark Zuehlke, 2009-07-01 On July 10, 1943, two great Allied armadas of over 2,000 ships readied to invade Sicily. This was Operation Husky, the first step toward winning a foothold in fascist-occupied Europe. Among the invaders were 20,000 Canadian troops serving in the First Canadian Infantry Division and First Canadian Tank Brigade in their first combat experience. Over the next 28 days the Allied troops carved a path through the rugged land despite fierce German opposition. Drawing on firsthand accounts of veterans and official military records, Operation Husky offers a gripping, meticulous account of this seminal operation and the young men who fought, died, and survived it.

The Liri Valley Mark Zuehlke, 2009-12-01 The second instalment in military historian Mark Zuehlke's compelling World War II tales of Canadians overcoming insurmountable odds in Italy. For the allied armies fighting their way up the Italian boot in early 1944, Rome was the prize that could only be won through one of the greatest offensives of the war. Following upon his book about the battle of Ortona, Mark Zuehlke returns to the Mediterranean theatre of World War II with this gripping tribute to the valiant Canadians who opened the way for the Allies to take Rome. The Liri Valley is testament to the bravery of these Canadians like the badly wounded Captain Pierre Potvin who survived more than thirty hours alone in the hell of no man's land. This book, like the battle it records, will live long in readers' memories.

The River Battles Mark Zuehlke, 2019-11-09 The Canadians called it the Promised Land. In late September 1944, the Emilia Romagna plain before I Canadian Corps stretched to the far horizon, a deceptively wide open space where the tanks could run free. Throughout, British Eighth Army hopes ran high that once it entered the plain, the Germans could be driven from Italy. As soon as the advance began, however, the plain's true nature was revealed: the land was crisscrossed by rivers, canals, and drainage ditches over which all bridges had been demolished. With higher command urging haste, the Canadians entered a long and nightmarish series of battles to win crossings over each waterway whose high banks provided the Germans with perfect

defensive positions Early fall rains caused rivers to spill their banks and transformed the countryside into the worst quagmire the soldiers had ever seen More than five months of battle followed with weeks of hard fighting required to advance from one river to the next Each month conditions only worsened and the casualty rates rose appallingly As their comrades fell one by one most soldiers sought merely to survive Doing that much required every measure of stamina courage and fighting skill they possessed The fifth and final Canadian Battle Series volume set in Italy The River Battles tells the story of this campaign s last and hardest months In riveting detail and with his trademark you are there style Mark Zuehlke shines a light on this forgotten chapter of Canada s World War II experience Canadian Books in Print 2002 Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses Canadian Books in Print ,2001
