Lutheran Higher Education In North America:

Lutheran Higher Education in North America Richard W. Solberg, 1985 This fascinating volume traces for the first time the history of the fifty presently operating Lutheran colleges and universities in the United States and Canada **A Survey of Oral History Resources in Lutheran Higher Education**, 1988 Leading Lutheran Higher Education in a Secular Age Brian Beckstrom, 2020-07-15 Lutheran colleges and universities occupy a distinctive space in American higher education In an age where the dividing line between sacred and secular has become blurred Brian Beckstrom argues that their rooted and open approach combined with adaptive theological leadership could be the best hope for faith based higher education To do so he provides an overview of Lutheran higher education its history and identity and combines surveys of students faculty and staff at Lutheran institutions with leadership theory and theological reflection Leaders at Lutheran colleges and universities will find it to be helpful in understanding their mission identity and vocation in a secular age and navigating the changing cultural environment that challenges the church and higher education alike Religious Higher Education in the United States Thomas Hunt, James Carper, 2018-10-11 Originally published in 1996 Religious Higher Education in the United States looks at the issue of higher education and a lack of a clearly articulated purpose an issue particularly challenging to religiously affiliated institutions This volume attempts to address the problems currently facing denomination affiliated institutions of higher education beginning with an introduction to government aid and the regulation of religious colleges and universities in the US The greater part of the volume consists of 24 chapters each of which begins with a historical essay followed by annotated bibliographical entries covering primary and secondary sources dating back to 1986 on various denomination connected institutions Lutheran Higher Education in the 1980's Lutheran Educational Conference of North America, 1980 **Models for Christian Higher Education** Richard Thomas Hughes, William B. Adrian, 1997 This is a print on demand book and is therefore non returnable This timely look at the state of Christian higher education in America contains descriptive historical narratives that explore how fourteen Christian colleges and universities are successfully integrating faith and learning on their campuses despite the challenges posed by the increasingly pluralistic nature of modern culture Written by respected representatives from seven major faith traditions Roman Catholic Lutheran Reformed Mennonite Evangelical Wesleyan Holiness and Baptist Restorationist these narratives are also preceded by introductory essays that define the worldview and theological heritage of each given tradition and ask what that tradition can contribute to the task of higher education *The Lutherans* L. DeAne Lagerquist, 1999-10-30 Lutheran churches in the United States have included multiple ethnic cultures since the colonial era and continue to wrestle with increasing internal variety as one component of their identity By combining the concerns of social history with an awareness for theological themes this volume explores the history of this family of Lutheran churches and traces the development from the colonial era through the formation of the Evangelical Lutheran Church in America in 1988 An introduction details the origins of Lutheranism in the

European Reformation and the practices significant to the group's life in the United States Organized chronologically subsequent chapters follow the churches maturation as they form institutions provide themselves with leaders and expand their membership and geographic range Attention is given throughout to the contributions of the laity and women within the context of the Lutherans continued individual and corporate effort to be both authentically Lutheran and genuinely American Offering a rich portrayal of the Lutherans lives and their churches the social historical approach of this study brings the Lutheran people to the foreground The dynamic relationship between pietist orthodox and critical expressions of the tradition has remained among Lutherans even though they have divided themselves by several factors including ethnicity and confessional stance Of interest to scholars and researchers of Lutheran history and religion in America this engaging multifaceted work balances narrative history with brief biographical essays A chronological listing of important dates in the development of the Lutheran church is especially helpful Routledge Library Editions: Higher Education

Lutheran Higher Education Ernest L. Simmons, 1998 Why are we here How does what we do at Lutheran colleges and universities differ from other Christian institutions of higher learning or public universities The Lutheran model of higher education affirms the importance of diversity and the need to dialogue with multiple points of view within a context of academic freedom and Christian presence This means that all people are important and contribute to the character of a community of inquiry including people of other faith traditions and a variety of disciplines The great challenge for the future of Lutheran higher education is to keep the questions of faith and learning alive on our campuses This book is intended to assist that process it is not intended to determine its outcome
