McManus,2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead and Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional

lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur's jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat's role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS **Pentridge - Behind the Bluestone Walls**

Cheryl Osborne, Don Osborne, 2015-07-01 When Don Osborne went to Pentridge in 1970 he found a nineteenth century penal establishment in full working order It held about 1200 inmates most of them cooped up in tiny stone cells that sweltered in summer and froze in winter Some had no sewerage or electric light Assigned to teach in the high security section of the prison Don worked in the chapel which doubled as a classroom during the week There he saw the terrible effects of the violence that permeated H Division the prison's punishment section He found himself acting as confidant and counsellor to some of the best known criminals of the era and to others who'd become notorious later after H Division had worked its magic on them This book offers an insider's reflections on how the prison emerged as it did and is supplemented by a stunning pictorial section It focuses especially on the rebellious 1970s when the military disciplines of H Division began to give way in the face of prisoner resistance and public criticism Don writes of the people and events that shaped Pentridge's history and etched it into the memories of the city that was its reluctant host *The History of Australian True Crime* Nigel Cawthorne, 2010 *Researching Death, Dying and Bereavement* Erica Borgstrom, Julie Ellis, Kate Woodthorpe, 2018-10-22

This book examines research on death dying and bereavement and how our approaches perceptions and expectations shapes what we can know about the end of life The contributions include personal and professional reflections and practical suggestions for conducting research in this field The volume stems from the resurgence of the international and interdisciplinary study of death in the last 20 years Within this empirical research is often viewed as sensitive but little has been written about the experience of conducting research in this area There has thus been little reflection on the opportunities and challenges faced in undertaking research as the field of death studies grows including the accommodation and recognition of cultural differences This volume seeks to in part address this gap The chapters in this book were originally published in the *Mortality* journal and the *Death Studies* journal *Suburban True Crime* Emily Webb, 2022-06-15 Chilling cases of murder and crime that have happened in the quiet streets of Australia's suburbs Featuring contemporary cases as well as some shocking historical murders you've probably never heard of *Suburban True Crime* proves you shouldn't say it could never happen here This collection of cases that are hard to believe except they really happened and all in the streets and homes of the Australia many of us know and live The suburbs These cases range from recent murders to some historical

stories that will shock and surprise Some of the cases you ll know and there s crimes you ve never heard of These cases will shock and surprise you including the still unsolved mistaken identity murder of Melbourne mother Jane Thurgood Dove and the horrifying story of a man who killed in Australia and then was released from prison only to kill again in the United States There s also some historical crimes that shocked the community at the time but have now faded into obscurity including cases of child murder in the 1970s Think nothing ever happens where you live Think again Emily Webb is a journalist true crime author and co host of the popular Australian True Crime podcast

Crime Fiction and National Identities in the Global Age Julie H. Kim, 2020-05-25 To read a crime novel today largely simulates the exercise of reading newspapers or watching the news The speed and frequency with which today s bestselling works of crime fiction are produced allow them to mirror and dissect nearly contemporaneous socio political events and conflicts This collection examines this phenomenon and offers original critical essays on how national identity appears in international crime fiction in the age of populism and globalization These essays address topics such as the array of competing nationalisms in Europe Indian secularism versus Hindu communalism the populist rhetoric tinged with misogyny or homophobia in the United States racial religious or ethnic others who are sidelined in political appeals to dominant native voices and the increasing economic chasm between a rich and poor More broadly these essays inquire into themes such as how national identity and various conceptions of masculinity are woven together how dominant native cultures interact with migrant and colonized cultures to explore insider outsider paradigms and identity politics and how generic and cultural boundaries are repeatedly crossed in postcolonial detective fiction

Featherstone, 2021-07-28 This book explores sexual violence and crime in Australia in the 1970s and 1980s a period of intense social and legal change Driven by the sexual revolutions second wave feminism and ideas of the rights of the child there was a new public interest in the sexual assault of women and children Sexual abuse was studied surveyed and discussed more than ever before in Australian society Yet despite this there remained substantial inaction by government from community and on the part of individuals This book examines several difficult questions of our recent history why did Australia not act more firmly to eradicate rape and child sexual abuse What prevented our culture from looking seriously at trauma How did we fail to protect victim survivors Rich in social and legal history this study takes readers into the world of victims of sexual crime and into the wider community that had to deal with sexual violence At the core of this book is the question that resonates deeply right now why does sexual violence appear seemingly insurmountable despite significant change **Official Index to the Times**, 1921 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement

Speculative Biography Donna Lee Brien, Kiera Lindsey, 2021-09-30 While speculation has always been crucial to biography it has often been neglected denied or misunderstood This edited collection brings together a group of international biographers to discuss how and why each uses speculation in their work whether this is to conceptualise a project in its early stages work with scanty or deliberately deceptive sources or address issues associated with shy or stubborn subjects After defining the role of speculation in biography the volume offers a series of work in progress case studies that discuss the challenges biographers encounter and address in their work In addition to defining the speculative spectrum within the biographical endeavour the collection offers a lexicon of new terms to describe different types of biographical speculation and more deeply engage with the dynamic interplay between research subjectivity and that which Natalie Zemon Davis dubbed informed imagination By mapping the field of speculative biography the collection demonstrates that speculation is not only innate to biographical practice but also key to rendering the complex mystery of biographical subjects be they human animal or even metaphysical
