Identifying Cap Badges
Graham Bandy,2022-03-18 This book is an invaluable tool of the trade for anyone trying to identify or interpret photos Peter Hart Military Historian Identifying Cap Badges is the book that has been missing from the bookshelves of family historians military enthusiasts and badge collectors alike It is quite easy to find an erudite book on military cap badges but you could spend hours if not days plodding through hundreds of pictures to find a match for the one you hold Sometimes you may not find it at all These learned badge collector s books have one major flaw they are pictured and discussed in order of precedence that is to say from the earliest formed regiments to the latest with separate sections on medical engineers cavalry infantry etc This can be most confusing to those uninitiated into the dark arts of military badges Thus if you do not know the name or original number of your regiment in this order of precedence you can be flummoxed This combined with all the different crowns laurels animals mythological beasts and castles can prove more than a little daunting even to ex soldiers themselves In this book you will find badges ordered by what is on the badge itself be it a dragon sphinx or castle horse lion or tiger This is badge identification in minutes rather than hours with added information on dating badges and many comparison photographs alongside all the pictures of the badges Added to these pictures are short histories of the regiments and family trees plotting the antecedents of today s units

Reports from Commissioners Great Britain. Parliament. House of Commons,1864 **The West Yorkshire Regiment in the War 1914-1918 Vol 1** Everard Wyrall,2013-02-25 Another weighty regimental history two volumes 820 pages in all covering the record of twenty two battalions in France Flanders Italy and Gallipoli all of them served on the Western Front When war broke out the regiment consisted of two Regular battalions 1st and 2nd two Special Reserve 3rd and 4th and four Territorial battalions 5th to 8th the 1st Battalion went to France with 6th Division in September 1914 the 2nd Battalion came home from Malta to join the newly formed 8th Division Regular and went to France in November 1914 Both battalions remained in the same brigades 18th and 23rd and divisions throughout the war The four Territorial battalions each formed a 2nd and a 3rd line battalion the four original battalions made up the 146th Brigade 49th West Riding Division arriving in

France in April 1915 the second line battalions combined to make the 185th Brigade 62nd 2nd West Riding Division which arrived in France in January 1917 Kitchener's call to arms resulted in eleven Service battalions being raised 9th to 18th the 17th was formed as a Bantam battalion and 21st of these only 13th and 14th did not go on active service The 21st Battalion became a Pioneer battalion in 4th Division and the 22nd was a Labour battalion which also went to France This history records events in chronological order the dates of the operations being described are shown in the margin as are the identities of the battalions involved Volume 1 x 355pp with 18 maps and 15 b w photos covers the period from the outbreak of war to the end of 1916 the close of the Somme offensive and includes the Dardanelles campaign where the 9th Battalion was in action with the 11th Northern Division On 1st July 1916 the first day of the Somme the 10th Battalion attacked at Fricourt and incurred the heaviest casualties of any battalion 710 of whom 307 were killed including the CO 2IC adjutant and two company commanders More than half of them are in in Fricourt New Military Cemetery which is in the No Man's Land across which they attacked and where they died The CO Lt Col Dickson and his adjutant Capt Shann lie side by side There is a Roll of Honour for the period covered in which the other ranks are listed alphabetically by battalions as are the Territorial battalion officers the other officers are shown in one group in alphabetical order with the battalion number in front of the name Although the note at the head of the officer casualty list states that the theatre in which death occurred is France and Flanders unless otherwise indicated nonetheless Gallipoli is not shown against the names of the officers of the 9th Battalion who died there and so one is left with the wrong impression they died on the Western front
