Regional Policy And Local Governments:

Regional Policy in China Marek Świstak,2022-12-12 Currently much is said about the directions of development of modern China However we still do not know what will determine the expected superpower position of the Middle Kingdom The book is an attempt to answer questions about China s main development challenges from a regional perspective China aspires to become the country with the largest economy and development potential This intention may turn out to be in vain if such significant disparities and development imbalances in the regional system are still present in China The key to understanding the transformation of contemporary China is to recognize the internal determinants of the functioning of both the state and the economy from a regional perspective A better understanding of the ways of managing regional development disparities may contribute to a more accurate assessment of the dynamics and directions of China s socio economic development

Regional Policy Ugo Fratesi,2023-11-08 Regional policy is an essential in any government s toolkit for promoting socioeconomic prosperity It comes in many forms and can be used to target the development of weak and stronger regions This textbook provides comprehensive and systematic coverage of regional policy dealing with core theories and looking at contemporary challenges in practice addressing regional policy across the world Structured in four parts the book opens with an exploration of regional policy s characterisation aims and rationale The second part is devoted to issues of implementation and the instruments available to policymakers for intervention The third part addresses regional policy evaluation as well as statistics and modelling in policymaking Finally the book discusses how regional policy is applied in different contexts Each chapter contains real life examples of a regional policy topic in action and highlights supplementary topics for advanced readers With its broad coverage of the subject *Regional Policy Theory and Practice* will prove a valuable resource for advanced students researchers and practitioners in regional policy regional economics economic geography planning and public policy
