

# REGIONALISM & WORLD ORDER

Edited by Andrew Gamble and Anthony Payne

# Regionalism And World Order

**Fulvio Attinà**

## **Regionalism And World Order:**

**Subregionalism and World Order** Glenn D. Hook, Ian Kearns, 1999-08-31 Subregionalism and World Order brings together the work of a diverse range of area specialists in its treatment of sub regional cooperation schemes Sub regional projects covered include the Central European Free Trade Area the Black Sea Economic Scheme Ecowas in West Africa Mercosur The Association of Caribbean States Chilean strategies of subregional cooperation the Greater China project Asean and the East Asian Economic Caucus This is the first volume of its kind to embrace such a geographically diverse treatment of the subregional system Through comparison of the various schemes it also seeks to mount a case for a new IPE perspective in the understanding of subregional cooperation

**Regionalism and World Order** Ronald J. Yalem, 1965 From the John Holmes Library collection

**Regionalism and World Order** Andrew Gamble, 1996 Regionalism and World Order assesses the origins significance and likely evolution of the trend towards regionalism within the world order It analyses how states have been responding to the end of US hegemony and assesses the extent to which new regional blocs are emerging and their nature These questions are analysed through detailed case studies of the three most advanced regions of the world economy the Americas the European Union and East Asia firstly from the standpoint of the core state or states and secondly from that of the peripheral states

*The Regional World Order* Boglárka Koller, Alexei D. Voskressenski, 2019-04-15 In the evolving post Westphalian world regional entities become key political and economic players as the authors argue in this volume As a result of regionalization the international politics and economics is witnessing great transformations too This volume explores some ideas of how these transformations may develop It is written by three generations of researchers and scholars at European Russian and Asian higher education institutions Their different perspectives are integrated in a coherent multi dimensional view to answer challenges facing what is called increasingly Greater Eurasia The volume employs a rigorous conceptual framework over a wide geographic range and applies different approaches to ask and answer challenging questions The arguments presented in this book are built around the concepts of regionalism and transregionalism The volume is focusing on three different geographical entities Europe Eurasia and East Asia and examines ASEM EAEU BRI EU ASEAN CIS as well as TTIP TTP OBOR

*Microregionalism and World Order* S. Breslin, G. Hook, 2016-01-19 Microregionalism and World Order is a pioneering work on the least understood aspect of regionalism Leading specialists analyze the form microregionalism takes in different parts of the world including the Americas Asia Pacific and Africa By illustrating the complex relationship amongst the political economic and social dimensions of microregionalism the book seeks to contribute to the theoretical debate on regionalism as well as to provide new empirical insights

**Microregionalism and World Order** Shaun Breslin, Glenn D. Hook, 2002

**The End of American World Order** Amitav Acharya, 2014-04-25 The age of Western hegemony is over Whether or not America itself is declining the post war liberal world order underpinned by US military economic and ideological primacy and supported by global institutions

serving its power and purpose is coming to an end But what will take its place A Chinese world order A re constituted form of American hegemony A regionalized system of global cooperation including major and emerging powers In this timely and provocative book Amitav Acharya offers an incisive answer to this fundamental question While the US will remain a major force in world affairs he argues that it has lost the ability to shape world order after its own interests and image As a result the US will be one of a number of anchors including emerging powers regional forces and a concert of the old and new powers shaping a new world order Rejecting labels such as multipolar apolar or G Zero Acharya likens the emerging system to a multiplex theatre offering a choice of plots ideas directors power and action leadership under one roof Finally he reflects on the policies that the US emerging powers and regional actors must pursue to promote stability in this decentred but interdependent multiplex world Written by a leading scholar of the international relations of the non Western world and rising above partisan punditry this book represents a major contribution to debates over the post American era European Union and New Regionalism Mario Telò,2013-03-28 Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century this new edition anticipates the world of regionalism as we move further into this millennium This new edition offers A vigorous response to conventional wisdom on EU international identity An exploration of key issues of regionalism versus globalization and the potential for world economic and political governance through regionalism A key resource for postgraduate or undergraduate study and research of international relations European studies comparative politics and international political economy Taking into account the expanded European Union the volume comprises contributions from established scholars in the field to highlight external relations in the framework of the development of regional arrangements within the globalized world of the 21st century Constructing Global Order Amitav Acharya,2018-03-22 For a long time international relations scholars have adopted a narrow view of what is global order who are its makers and managers and what means they employ to realize their goals Amitav Acharya argues that the nature and scope of agency in the global order who creates it and how needs to be redefined and broadened Order is built not by material power alone but also by ideas and norms While the West designed the post war order the non Western countries were not passive They contested and redefined Western ideas and norms and contributed new ones of their own making This book examines such acts of agency especially the redefinitions of sovereignty and security shaping contemporary world politics With the decline of Western dominance ideas and agency from the Rest may make it possible to imagine and build a truly global order Key Debates in New Political Economy Anthony Payne,2006-09-27 This textbook provides a short challenging and informative overview of the major intellectual debates within the field of political economy over the last decade **On Global Order** University Lecturer in International Relations and Fellow Andrew Hurrell,Andrew Hurrell,2007-11-08 A clear and wide ranging introduction to the analysis of global political order The book offers engaging answers to the key questions of contemporary

world politics A landmark study      **European Union and New Regionalism** Professor Mario Telò, 2014-08-28 Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century and the second edition adding inter regional relations this new edition focuses on competing models of regional cooperation within a multipolar world and the role of the European Union      *The Regional World Order* Alekseï Dmitrievich Voskresenskiï, Boglárka Koller, 2019 In the evolving post Westphalian world regional entities become key political and economic players as the authors argue in this volume As a result of regionalization the international politics and economics is witnessing great transformations too This volume explores some ideas of how these transformations may develop It is written by three generations of researchers and scholars at European Russian and Asian higher education institutions Their different perspectives are integrated in a coherent multi dimensional view to answer challenges facing what is called increasingly Greater Eurasia The volume employs a rigorous conceptual framework over a wide geographic range and applies different approaches to ask and answer challenging questions The arguments presented in this book are built around the concepts of regionalism and transregionalism The volume is focusing on three different geographical entities Europe Eurasia and East Asia and examines ASEM EAEU BRI EU ASEAN CIS as well as TTIP TTP OBOR I EU ASEAN CIS as well as TTIP TTP OBOR I EU ASEAN CIS as well as TTIP TTP OBOR I EU ASEAN CIS as well as TTIP TTP OBOR      *International Law and the Possibility of a Just World Order* Steven V. Hicks, 2021-11-15      *Global Politics of Regionalism* Mary Farrell, Björn Hettne, Luk Van Langenhove, 2005-08-20 This book explores the phenomenon of regionalism In a seeming contradiction to globalization there is a growing tendency for countries to enter into regional arrangements as a response to the pressures of operating in a global marketplace But regionalism is also emerging as a phenomenon in its own right serving distinct purposes and taking different forms in different areas The contributors explore how these patterns impact on wider issues such as global governance democracy and trade The book reviews the major theoretical approaches to regional cooperation including perspectives from international relations political economy economics and sociology It is divided into three main sections theoretical approaches to regionalism issues of regional cooperation such as security monetary issues identity and integration and an exploration of specific case studies including the Middle East Africa the Americas China Europe Asia and the Pacific With an international range of contributors including Björn Hettne Louise Fawcett and Andrew Hurrell this in depth and multi disciplinary guide will be of interest to students across the social sciences and to the wider policy community      [The Oxford Handbook of Comparative Regionalism](#) Tanja A. Börzel, Thomas Risse, 2016-02-04 The Oxford Handbook of Comparative Regionalism the first of its kind offers a systematic and wide ranging survey of the scholarship on regionalism regionalization and regional governance Unpacking the major debates leading authors of the field synthesize the state of the art provide a guide to the comparative study of regionalism and identify future avenues of research Twenty seven chapters review the

theoretical and empirical scholarship with regard to the emergence of regionalism the institutional design of regional organizations and issue specific governance as well as the effects of regionalism and its relationship with processes of regionalization The authors explore theories of cooperation integration and diffusion explaining the rise and the different forms of regionalism The handbook also discusses the state of the art on the world regions North America Latin America Europe Eurasia Asia North Africa and the Middle East and Sub Saharan Africa Various chapters survey the literature on regional governance in major issue areas such as security and peace trade and finance environment migration social and gender policies as well as democracy and human rights Finally the handbook engages in cross regional comparisons with regard to institutional design dispute settlement identities and communities legitimacy and democracy as well as inter and transregionalism

World Order Transition and the Atlantic Area Fulvio Attinà, 2021-01-20 This book examines the current phase of world order transition in the Atlantic area focusing on Europe and Northern America Asia and Africa In particular it describes four processes of world order transition namely the decreasing American leadership the rising power of China the receding effectiveness of economy and security world policies and the continued but inadequate operation of the world policy making institutions Part one of the book presents perspectives on world order transition developed by political science schools i e the world hegemony and the power transition school and by the experts of complexity theory a newcomer in social sciences These theories are best suited to explain the order transition and to supply consistent complementary data and insights on the juncture of the four processes pushing for the creation of the new world order Part two looks into the impact of order transition on the Atlantic area The authors focus on the existing tensions and the potentials for change that affect the long time relations between the USA the European countries and Canada At the same time the interference of China into the politics and economy of Europe is analyzed in particular through a case study of the relations between China and the Baltic states

*The Strategy of World Order: Toward a theory of war prevention* Richard A. Falk, Saul H. Mendlovitz, 1966 In China the Emperor is Chinese and all his subjects are Chinese too In his beautiful porcelain palace his most precious treasure was a nightingale who sang in a sweet ravishing voice

*Rethinking Regionalism* Fredrik Söderbaum, 2017-10-25 Since the late 1980s there has been a global upsurge of various forms of regionalist projects The widening and deepening of the European Union EU is the most prominent example but there has also been a revitalization or expansion of many other regionalist projects as well such as the African Union AU the Association of Southeast Asian Nations ASEAN the North American Free Trade Agreement NAFTA and the Southern Common Market Mercosur More or less every government in the world is engaged in regionalism which also involves a rich variety of business and civil society actors resulting in a multitude of regional processes in most fields of contemporary politics In this new text Fredrik Söderbaum draws on decades of scholarship to provide a major reassessment of regionalism and to address questions about its origins logic and consequences By examining regionalism from historical spatial comparative and global perspectives *Rethinking Regionalism*

transcends the deep intellectual and disciplinary rivalries that have limited our knowledge about the subject This broad ranging approach enables new and challenging answers to emerge as to why and how regionalism evolves and consolidates how it can be compared and what its ongoing significance is for a host of issues within global politics from security and trade to development and the environment Retaining a balanced and authoritative style throughout this text will be welcomed for its uniquely comprehensive examination of regionalism in the contemporary global age The Strategy of World Order: E: Arms Control and Disarmament in International Law Richard A. Falk, Saul H. Mendlovitz, 1966 In China the Emperor is Chinese and all his subjects are Chinese too In his beautiful porcelain palace his most precious treasure was a nightingale who sang in a sweet ravishing voice
