**Mark Amen, Noah J. Toly, Patricia L.  
McCarney, Klaus Segbers**

## **Regions Apart The Four Societies Of Canada And The United States:**

*Regions Apart* Edward G. Grabb, James E. Curtis, 2004 Provides a valuable comparison between Canada and the United States It looks at the theoretical and historical underpinnings of myths about Canada and the United States and uses research to examine the validity of these myths

*Us, Them and Others* Elke Winter, 2011-01-01 How do countries come to view themselves as being multicultural *Us Them and Others* presents a dynamic new model for understanding pluralism based on the triangular relationship between three groups the national majority historically recognized minorities and diverse immigrant bodies Elke Winter's research illustrates how compromise between unequal groups is rendered meaningful through confrontation with real or imagined outsiders *Us Them and Others* sheds new light on the astonishing resilience of Canadian multiculturalism in the late 1990s when multicultural policies in other countries had already come under heavy attack Winter draws on analyses of English language newspaper discourses and a sociological framework to connect discourses of pan Canadian multicultural identity to representations of Quebecois nationalism immigrant groups First Nations and the United States Taking inspiration from the Canadian experience *Us Them and Others* is an enticing examination of national identity and pluralist group formation in diverse societies

*The Origins of Canadian and American Political Differences* Jason Kaufman, 2009-02-16 Why do the United States and Canada have such divergent political cultures when they share one of the closest economic and cultural relationships in the world Kaufman examines the North American political landscape to draw out the essential historical factors that underlie the countries differences

**The ^AUnited States and Canada** Paul J. Quirk, 2019-07-11 This edited volume presents an integrated comparative examination of the political systems of the United States and Canada with special attention to the effects of political institutions and their interaction with political values and other factors in policymaking It explores in particular the differences between the American presidential or separation of powers system and the Canadian parliamentary system It also considers a number of further institutional differences concerning federalism bureaucratic leadership judicial definitions of citizens rights and others

*Canada and the United States* John Herd Thompson, Stephen J. Randall, 2010-05-31 The United States and Canada have the world's largest trading relationship and the longest shared border Spanning the period from the American Revolution to post 9 11 debates over shared security Canada and the United States offers a current thoughtful assessment of relations between the two countries Distilling a mass of detail concerning cultural economic and political developments of mutual importance over more than two centuries this survey enables readers to grasp quickly the essence of the shared experience of these two countries This edition of *Canada and the United States* has been extensively rewritten and updated throughout to reflect new scholarly arguments emphases and discoveries In addition there is new material on such topics as energy the environment cultural and economic integration the wars in Iraq and Afghanistan border security missile defense and the second administration of George W Bush

*Transnationalism* Michael Derek Behiels, Reginald C. Stuart, 2010

Original essays that argue the significance of the shared North American history of Canada and the United States rather than Canadian American relations      **Policing: Toward an Unknown Future** John Crank, Colleen Kadleck, 2013-12-16

The enclosed papers are the culmination of a project Dr John Crank and Dr Colleen Kadleck carried out assessing issues facing the police into the early 21st century The papers are future oriented in the sense that they anticipate trends visible today Everywhere the contributing scholars found that the organizational concept practice and function of the police were undergoing transition Yet the seeming state level hardening of the police function was ubiquitous Two themes were noteworthy On the one hand in developing or second world countries police face endemic problems of corruption organized crime and drugs Police in response are undergoing centralization and intensification of law enforcement activities In countries with first world economies Canada the United States and Australia contributors discovered trends toward expansion of the police function a trend described by Brodeur as toward high policing It reflects the growing reliance on surveillance for crime control and for the tracking of minority indigenous and immigrant populations in crime prevention efforts The results suggest that governments sometimes encouraged by their citizenry seem increasingly to rely on the police to deal with a broad array of social as well as criminal problems This book was originally published as a special issue of *Police Practice and Research*      *Cities and Global Governance* Mark Amen, Noah J. Toly, Patricia L. McCarney, Klaus Segbers, 2016-05-23

Case study rich this volume advances our understanding of the significance of the city in global governance The editors call for innovation in international relations theory with case studies that add breadth to theorizing the role sub national political actors play in global affairs Each of the eight case studies demonstrates different intersections between the local and the global and how these intersections alter the conditions resulting from globalization processes The case studies do so by focusing on one of three sub themes the diverse ways in which cities and sub national regions impact nation state foreign policy the various dimensions of urban imbrications in global environmental politics or the multiple methods and standards used to measure the global roles of cities      **Routledge Handbook of Regionalism & Federalism**

John Loughlin, John Kincaid, Wilfried Swenden, 2013-07-18 Almost all states are either federal or regionalized in some sense It is difficult to find a state that is entirely unitary and the Routledge Handbook of Regionalism and Federalism necessarily takes in almost the entire world Both federalism and regionalism have been subjects of a vast academic literature mainly from political science but sometimes also from history economics and geography This cutting edge examination seeks to evaluate the two types of state organization from the perspective of political science producing a work that is analytical rather than simply descriptive The Handbook presents some of the latest theoretical reflections on regionalism and federalism and then moves on to discuss cases of both regionalism and federalism in key countries chosen from the world's macro regions Assembling this wide range of case studies allows the book to present a general picture of current trends in territorial governance The final chapters then examine failed federations such as Czechoslovakia and examples of

transnational regionalism the EU NAFTA and the African Union Covering evolving forms of federalism and regionalism in all parts of the world and featuring a comprehensive range of case studies by leading international scholars this work will be an essential reference source for all students and scholars of international politics comparative politics and international relations

**Politics in North America** Yasmeen Abu-Laban,Radha Jhappan,Francois Rocher,2007-09-01 It is no longer sufficient to examine discrete nation states in isolation from each other In *Politics in North America Redefining Continental Relations* prominent authors from Canada the United States and Mexico explore the politics of redefining the institutional economic geographic and cultural boundaries of North America The contributors argue that the study of politics in the twenty first century requires simultaneous attention to all levels local national and international as well as increasingly to continents This argument is explored through the historical and contemporary social and political forces that have created competing visions of what it means to belong to a North American political community In this process new debates emerge in the book concerning the appropriate role for the state as well as the meaning of sovereignty democracy and rights

Drifting Together John N. McDougall,2006-01-01 This is one of the best accounts of Canadian American relations to appear in many many years Thomas Keating University of Alberta

*Secular States and Religious Diversity* Bruce J. Berman,2013-10-25 Contemporary nation states have seen the rise of religious pluralism within their borders brought about by global migration and the challenge of radical religious movements *Secular States and Religious Diversity* explores the meaning of secularism and religious freedom in these new contexts The contributors chart the impact of globalization the varying forms of secularism in Western states and the different kinds of relations between states and religious institutions in the historical traditions and contemporary politics of Islamic Indic and Chinese societies They also examine the limitations and dilemmas of governmental responses to religious diversity and grapple with the question of how secular states deal and should deal with such pluralism This volume brings in perspectives from the non Western world and engages with viewpoints that might increase states capacities to accommodate religious diversity positively

**Special Bibliography Series** ,1957

**Political Thought in Canada** Katherine Fierlbeck,2006-03-01 What if anything makes Canada s political identity unique Pollsters can measure values but they cannot explain how these values arose over time why they changed or how people have attempted to make sense of them within a changing social and political environment By examining the history of political ideas in Canada we can better understand why Canada takes the shape that it does In this book Katherine Fierlbeck looks at the legacy of ideas taken from or shaped in reaction to the nations that have been most influential to Canada s development the United Kingdom and the United States The first section looks specifically at the nature of toryism constitutional liberalism and market liberalism Then she examines the evolution of social justice in Canada Does the country have as J S Woodsworth hoped a definitive third way The final section focuses upon debates over cultural identity and minority rights Contemporary political discussions in Canada are very much based upon the expressions of French Canadian nationalism

that have existed as long as and perhaps even longer than the country itself How have these ideas influenced current thinking about culture and accommodation The experiences characterized by Canadian political thought also provide insight and ideas for nations around the world as their citizens struggle with similar questions The political dynamics of the present are a product of how Canadians have viewed their country or a vision of their country in the past These ideas of Canada in history and in myth provide a way of thinking about politics that may provoke and inspire Canadians and others to reflect upon their future

**Red, White, and Kind of Blue?** David Schneiderman, 2015-10-06 Situated between two different constitutional traditions those of the United Kingdom and the United States Canada has maintained a distinctive third way federal parliamentary and flexible Yet in recent years it seems that Canadian constitutional culture has been moving increasingly in an American direction Through the prorogation crises of 2008 and 2009 its senate reform proposals and the appointment process for Supreme Court judges Stephen Harper's Conservative government has repeatedly shown a tendency to push Canada further into the US constitutional orbit Red White and Kind of Blue is a comparative legal analysis of this creeping Americanization as well as a probing examination of the costs and benefits that come with it Comparing British Canadian and American constitutional traditions David Schneiderman offers a critical perspective on the Americanization of Canadian constitutional practice and a timely warning about its unexamined consequences

**Rise to Greatness, Volume 2: Dominion (1867-1949)** Conrad Black, 2017-04-04 Sweeping ambitious and revelatory this is the second volume in a major history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today

**Still Renovating** Greg Suttor, 2016-11-22 A necessary look at how public non profit and co operative housing flourished and faded

*Dimensions of Inequality in Canada* David A. Green, Jonathan R. Kesselman, 2011-11-01 Is Canada becoming a more polarized society Or is it a kind hearted nation that takes care of its disadvantaged This volume closely examines these differing views through a careful analysis of the causes trends and dimensions of inequality to provide an overall assessment of the state of inequality in Canada Contributors include economists sociologists philosophers and political scientists and the discussion ranges from frameworks for thinking about inequality to original analyses using Canadian data to assessments of significant policy issues methodologies and research directions What emerges is the most detailed picture of inequality in Canada to date and

disturbingly one that shows signs of us becoming a less just society An invaluable source of information for policy makers researchers and students from a broad variety of disciplines Dimensions of Inequality in Canada will also appeal to readers interested or involved in public debates over inequality     *The Politics of Evangelical Identity* Lydia Bean,2016-12-13 Drawing on her groundbreaking research at evangelical churches near the U S border with Canada two in Buffalo New York and two in Hamilton Ontario Lydia Bean compares how American and Canadian evangelicals talk about politics in congregational settings     **Fighting for Girls** Meda Chesney-Lind,Nikki Jones,2010-09-03 Have girls really gone wild Despite the media fascination with bad girls facts beyond the hype have remained unclear Fighting for Girls focuses on these facts and using the best data available about actual trends in girls uses of violence the scholars here find that by virtually any measure available incidents of girls violence are going down not up Additionally rather than attributing girls violence to personality or to girls becoming more like boys Fighting for Girls focuses on the contexts that produce violence in girls demonstrating how addressing the unique problems that confront girls in dating relationships families school hallways and classrooms and in distressed urban neighborhoods can help reduce girls use of violence Often including girls own voices contributors to the volume illustrate why girls use violence in certain situations encouraging us to pay attention to trauma in the girls pasts as well as how violence becomes a tool girls use to survive toxic families deteriorated neighborhoods and neglectful schools

## Whispering the Strategies of Language: An Psychological Journey through **Regions Apart The Four Societies Of Canada And The United States**

In a digitally-driven world wherever displays reign great and immediate conversation drowns out the subtleties of language, the profound strategies and mental nuances concealed within phrases often go unheard. Yet, situated within the pages of **Regions Apart The Four Societies Of Canada And The United States** a charming literary value pulsating with organic feelings, lies a fantastic quest waiting to be undertaken. Penned by a skilled wordsmith, that marvelous opus invites visitors on an introspective trip, lightly unraveling the veiled truths and profound affect resonating within ab muscles material of each word. Within the mental depths with this moving review, we will embark upon a heartfelt exploration of the book is primary styles, dissect its fascinating publishing type, and yield to the powerful resonance it evokes serious within the recesses of readers hearts.
