Mark Dutton Bradfordwoods PA is an accomplished author who will ensure quality consistency and timeliness to this work

His career as a practicing Physical Therapist and Adjunct Assistant Professor helps keep him abreast of advances in the field and gives him an ability to translate that to the educational field

His book Orthopaedic Examination Evaluation and Intervention now in its second edition has been very successful in the PT market as has his new title McGraw Hill's National Physical Therapy Exam published in March 2009 has also been well received

In addition to his impressive skills and experience he is also a can do author who will submit manuscript on time and create questions and quality video assets for this work

Review The following is a review of Dutton's second edition of Orthopaedic Examination Evaluation and Intervention

2 08 5 STAR DOODY'S REVIEW

Major areas in orthopedics including anatomy kinesiology and biomechanics of movement are covered along with a healthy dose of pathology that impacts patient function

Clinical pearls appear in highlighted boxes throughout and camera icons indicate where video clips should be viewed

This second edition is more comprehensive than the first

Overall this is a valuable reference that achieves a nice balance between detailing examination and treatment

Other books tend to be limited to addressing only one of these areas but not both

This combination makes the book unique
