

## WHAT IS REIKI ATTUNEMENT?

The Reiki attunement is a powerful, highly spiritual experience. The process allows a master healer to open the crown, heart, and palm chakras to create a special connection between the student and Reiki source.

The process of energy transfer can be transferred from person to person and a single attunement is all it takes to begin healing with Reiki. Once you have the energy passed to you from a master, it cannot and never will leave you.

Since there are multiple levels of Reiki, you'll need another attunement each time you move up. While you only need one attunement for each level, more than one attunement can however provide additional benefit.

Healing : Reiki Attunement for Beginners and Advanced Anthony Blundetto,2012-12-01 Reiki is a Japanese healing technique that is used for relaxation reduction of stress and healing Its foundation is in the belief that there is an unseen energy flowing in living organisms This energy is generally called ki or life force energy and it is everywhere and the mind has the ability to harness it Rei means universal or present in all places Reiki basically operates by breaking up negative energy and restoring it with healing and positive energy that is passed through the hands of the teacher or practitioner whose hands become hot during the treatment process The Reiki technique is easy to learn even though it is not taught in the usual way and the student is taught by the Reiki Master as to how use the method There is no special intellectual capacity or specific state of spiritual development that is needed to learn and to perform Reiki healing and this therefore renders it available to persons of various ages and backgrounds all over the world It is deemed to be a kind of alternative treatment that has the basic task of positively healing individuals through the transfer of energy The basic tenet of Reiki healing is that we all have an energy life force which flows up and down through our bodies and this energy life force can be used by Reiki practitioners and by self after you have learnt how to utilize Reiki to heal yourself as well as others Reiki Healing Made Easy Rosita

point of this book is to emphasize that we need something to help us restore this absence of energy Reiki for Beginners explores how Reiki is one of the few practices that get to the root of the energy crisis While Reiki is often connected to mystics and spirituality it follows an analytical approach demonstrating everyday evidence of how Reiki is codified into our behavior It highlights how the Reiki practices of healing through physical touch meditation the power of symbolism and the use of mantras are essential practices They are not crucial in our reaction to the energy crisis but they are deeply ingrained in our behavior as humans They are so ingrained that while we daily heal others through physical touch we do it without knowing that we are applying Reiki practices This guide explores the origins Reiki Levels and applications of Reiki through an analytical and practical lens It is a vital read if anyone wishes to overcome their own absence of energy and help to respond to increasing levels of burnout stress and spiritual desolation In this comprehensive Reiki beginner guide you will discover What Is Reiki Shoden Usui Reiki Level I Okuden Usui Reiki Level II Shinpiden Usui Reiki Level III Hand Positions How to heal others How to heal ourselves FAQ And much more Get your copy now and change your life through the power of Reiki
