Globalization and the Decolonial Option Walter D. Mignolo,Arturo Escobar,2013-10-18 This is the first book in English profiling the work of a research collective that evolved around the notion of coloniality understood as the hidden agenda and the darker side of modernity and whose members are based in South America and the United States The project called for an understanding of modernity not from modernity itself but from its darker side coloniality and proposes the decolonization of knowledge as an epistemological restitution with political and ethical implications Epistemic decolonization or decoloniality becomes the horizon to imagine and act toward global futures in which the notion of a political enemy is replaced by intercultural communication and towards an other rationality that puts life first and that places institutions at its service rather than the other way around The volume is profoundly inter and trans disciplinary with authors writing from many intellectual transdisciplinary and institutional spaces This book was published as a special issue of Cultural Studies

Control social y control fiscal participativo Juan Sebastián Narváez Quintero, 2023-10-31 La corrupción es un fenómeno global que se manifiesta en distintos ámbitos y cuya percepción es especialmente grave en América Latina Por eso se han ideado distintas herramientas para combatirla Dentro de estas se encuentran los mecanismos de participación ciudadana y el control social los cuales se han topado con dificultades que motivaron el surgimiento de sinergias como el control fiscal participativo En la presente obra se analiza si esta modalidad de control es efectiva para la prevención de actos de corrupción teniendo como fundamentos la bibliografía académica sobre la materia y los aportes del trabajo de campo realizado en el marco de la línea de Investigación en Control Fiscal y Control Fiscal Participativo del Departamento de Derecho Constitucional de la Universidad Externado de Colombia **LA DIFÍCIL DEMOCRACIA** Boaventura de Sousa Santos, 2017-03-21 Portugal España y Grecia pasan hoy por transformaciones políticas muy turbulentas Son procesos muy diferentes pero tienen en común el hecho de producirse en países europeos considerados periféricos en relación a un centro que tiene poder para condicionar de manera decisiva sus opciones y aspiraciones políticas y sociales Y todo ello dentro de un contexto histórico de larga duración en el que siempre se ha producido de diferentes maneras la subordinación de las periferias al centro En el presente libro Boaventura de Sousa Santos aborda la transición portuguesa de los años setenta así como la situación derivada de la reciente crisis económica ya que como sucede en España considera que no se puede entender esta última sin revisar las transformaciones políticas ocurridas durante la primera Tanto Portugal como España vivieron intensos procesos de transición democrática tras décadas de dictadura fascista con repuestas a crisis muy diferentes a las que en la actualidad preocupan a los dos países Pero debemos preguntarnos si las diferencias entre ambos periodos no ocultan semejanzas perturbadoras si las discontinuidades evidentes no están atravesadas por continuidades subterráneas En el fondo

se trata de saber si los países periféricos no están condenados a transitar de transición en transición en tanto dura su condición periférica y si esas sucesivas transiciones no son al final el instrumento utilizado por el centro para reproducir su condición periférica. Todo ello conduce a partir de la participación activa del autor en los procesos mencionados a una parte final que constituye una reflexión política de índole general y programática con la que el autor pretende interpelar a las izquierdas en el sentido de reinventarse a la luz de las condiciones del presente dominado a escala mundial como nunca por la ortodoxia neoliberal.
