Praying Twice Brian A. Wren, 2000-01-01 Wren discusses the thorny issues involving congregational singing today the indispensable nature of public worship contemporary worship music the lyrics of different types of congregational songs such as choruses hymns chants and ritual songs and the importance of using hymn lyrics as poetry He shows why hymn lyrics are altered throughout time and how they illustrate theology Suspicion and Faith Merold Westphal, 2024-10-22 The Saving Mysteries of Jesus Christ Edgardo Colón-Emeric, Mark Gorman, 2019-09-04 Jesus is Lord This scandalous confession is an act of worship a pledge of allegiance a call to service and a saving act Yet who is Jesus Christ How should we understand his life his death his resurrection and his work of salvation This book offers a perspective from the Wesleyan tradition on these vital questions It introduces readers to christology the study of Christ The authors encourage readers to ponder the mystery of salvation at work in Christ's entire life and to make the confession Jesus is Lord their own *This Is Our Song* Janet Wootton, 2013-01-07 Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches women were able to express and influence spirituality in the writing of hymns This influence spreads across the whole range of hymn writing including writing for children which was at one time seen as women's natural place but also the introduction of new voices through translations engagement in social campaigns such as temperance and the abolition of slavery mission and evangelism and the general development of worshipping life However with the exception of the nineteenth century the voices of women have been largely silenced or marginalized The Hymn Explosion of the 1960s onward almost completely ignored women's writing and there has only recently been something of a recovery There is much more to Our Song than people think This book opens up women's writing from the beginnings of Christianity through the Middle Ages the development of printing and the rise of popular hymnody to the present day Living hymn writers add their voices in a series of biographical stories which complete the overarching story of Our Song **Exploring Christian Song** M.
