Think Lisa Bloom,2011-05-24 According to Lisa Bloom the women and girls of today represent a stark paradox While American women

excel in education at every level they likewise obsessively focus on celebrity media While women outperform their male counterparts in employment in urban areas for the first time in history they simultaneously spend countless hours staring in the mirror contemplating plastic surgery Lisa Bloom fears that women are in danger of spiraling into a nation of dumbed down tabloid media obsessed reality TV addicts Too often they outsource matters to experts and in doing so neglect to truly think for themselves The solution Lisa Bloom has the solution and it involves one simple word Think In this provocative entertaining educational and thoroughly researched book Lisa outlines the ways that we as a society and particularly women have fallen off the intellectual path and very specifically points to how damaging this has been to us on many levels Lisa shows us the fallout but she also provides the solutions for Reclaiming the Brain God Gave You and seizing back control of your mind and your life Think is delivered in a no nonsense manner that will make you laugh make you question yourself make you squirm but most important make you start thinking again *The Cosmopolitan* ,1922 **Doctor, Your Patient**

Will See You Now Steven Z. Kussin,2012-06-28 The state of health care in this country is routinely discussed in the media at the office and around the kitchen table Yet as consumers of medical care Americans often blindly accept medical advice that may or may not be relevant or even appropriate Doctor Your Patient Will See You Now is meant to turn on its head the old notion that medical care is dictated by the doctors who offer advice Today it s all about the patients who receive it Bias financial incentives and preventable medical error are common to the point of inevitability and have proven resistant to reform Patients increasingly and correctly feel that they are on their own in a large bewildering impersonal and dangerous medical system Offering an insider s perspective Dr Kussin provides the tools readers need to make informed decisions about their care as well as the confidence to question their doctor s advice seek out additional information and discern the best path for their care With this book readers learn how to maintain a professional approach that rather than straining the doctor patient relationship makes it stronger and more cooperative **Three Voices from the Galilee** Muḥammad Naffā',Zakī
