Religion And Humes Legacy:

CSPR;Religion and Hume's Legacy D. Z. Phillips,Timothy Tessin,2016-07-27 Whether one agrees with him or not there is no avoiding the challenge of Hume for contemporary philosophy of religion The symposia in this stimulating collection reveal why whether the discussions concern Hume on metaphysics and religion true religion religion and ethics religion and superstition or miracles For some Hume s criticisms of religion are so devastating that religion cannot withstand them Others disagree and claim that Hume can be answered on his own terms For others while Hume shows us paths we should not take these open up the way for a consideration of religious possibilities he never considered These are not peripheral matters The responses to them determine the style and spirit in which one pursues philosophy of religion today

Routledge Philosophy Guidebook to Hume on Religion David O'Connor,George Pattison,2001 David Hume was the most important British philosopher of the eighteenth century Hume on Religion introduces students to his major work on the subject Dialogues Concerning Natural Religion *The Bloomsbury Companion to Hume* Alan Bailey,Daniel Jayes O'Brien,2015-07-30 David Hume 1711 1776 philosopher historian and essayist is widely considered to be Britain s greatest philosopher One of the leading intellectual figures of the Scottish Enlightenment his major works and central ideas especially his radical empiricism and his critique of the pretensions of philosophical rationalism remain hugely influential on contemporary philosophers This comprehensive and accessible guide to Hume s life and work includes 21 specially commissioned essays written by a team of leading experts covering every aspect of Hume s thought The Companion presents details of Hume s life historical and philosophical context providing students with a comprehensive overview of all the key themes and topics apparent in his work including his accounts of causal reasoning scepticism the soul and the self action reason free will miracles natural religion politics human nature women economics and history and an account of his reception and enduring influence This textbook is indispensable to anyone studying in the areas of Hume Studies British and eighteenth century philosophy *Hume on Art, Emotion, and Superstition* Amyas Merivale,2018-12-07 This book offers the first comprehensive critical study of David Hume s Four Dissertations of 1757 containing the Natural History of Religion the Dissertation on the Passions and the two essays Of Tragedy and Of the Standard of Taste The author defends two important claims The first is that these four works were not published together merely for convenience but that they form a tightly integrated set unified by the subject matter of the passions The second is that the theory of the passions they jointly present is significantly different indeed significantly improved from that of the earlier Treatise Most strikingly it is anti egoist and anti hedonist about motivation where the Treatise had espoused a Lockean hedonism and egoism It is also more cognitivist in its analysis of the passions themselves and demonstrates a greater awareness of the limits of sympathy and of the varieties of human taste This book is an important contribution to the scholarly literature on Hume s work on the passions art and superstitious belief **Hume on God** Timothy S. Yoder,2008-01-01 A thorough and innovative study of Hume s philosophy

of religion a topic central to his whole philosophical project

Religion and Hume's Legacy Dewi Zephaniah

Phillips, Timothy Tessin, 1999

Grammars of Faith

P. F. Bloemendaal, 2006 D Z Phillips is a leading figure in advocating a Wittgensteinian approach to the philosophical study of religion His writings exert an important influence on contemporary philosophy of religion giving a new direction to the philosophical discussion of religious belief and practice Although his work has prompted much often critical comment a thorough investigation has not been forthcoming Grammars of Faith fills that gap The book pays close attention to Wittgenstein's own remarks on religious belief arranging them against the background of his broader philosophical methodology as well as to the efforts of the early Wittgensteinians at providing a more comprehensive Wittgensteinian philosophy of religion Central to this study are Phillips's understanding of philosophical enquiry as a form of contemplation and his descriptive accounts of religious belief By means of a careful and methodical examination of Phillips's oeuvre the study seeks to present a fair assessment of Phillips's position showing not only its weaknesses but also its strength

D.Z. Phillips' Contemplative Philosophy of Religion Andy F. Sanders, 2016-05-13

This collection presents a critical discussion and exploration of the late D Z Phillips contemplative approach in the philosophy of religion What are the main characteristics of this ground breaking approach which is inspired by thinkers like Kierkegaard and Wittgenstein and meant as a serious critical alternative to the mainstream way of doing philosophy of religion What is its aim if it is deliberately avoiding apology and defence of faith How does Phillips approach relate to systematic historical and empirical theology and is it really as neutral as he claims it to be Or is he perhaps a certain kind of theologian What are the implications of his contemplative philosophy for central issues of religious life today such as petitionary prayer the hope of eternal life and radical religious diversity The essays of six distinguished scholars from five different nations critically and sympathetically address these questions and are responded to by Phillips in essays of his own written briefly before his sudden death in July 2006

The Oxford Handbook of Philosophy of Religion William Wainwright, 2004-12-16

The Oxford Handbook of Philosophy of Religion contains newly commissioned chapters by 21 prominent experts who cover the field in a comprehensive but accessible manner Each chapter is expository critical and representative of a distinctive viewpoint

Imagination in Hume's Philosophy Timothy M. Costelloe, 2018-03-21

Defines the cutting edge of scholarship on ancient Greek history employing methods from social science

The Continuum Companion to Hume Alan Bailey, Daniel Jayes

O'Brien, 2012-03-08 David Hume 1711-1776 philosopher historian and essayist is widely considered to be Britain's greatest philosopher One of the leading intellectual figures of the Scottish Enlightenment his major works and central ideas especially his radical empiricism and his critique of the pretensions of philosophical rationalism remain hugely influential on contemporary philosophers This comprehensive and accessible guide to Hume's life and work includes 21 specially commissioned essays written by a team of leading experts covering every aspect of Hume's thought The Companion presents details of Hume's life historical and philosophical context a comprehensive overview of all the key themes and topics

apparent in his work including his accounts of causal reasoning scepticism the soul and the self action reason free will miracles natural religion politics human nature women economics and history and an account of his reception and enduring influence This is an essential reference tool for anyone working in the fields of Hume Studies and Eighteenth Century Philosophy *Historical Dictionary of Wittgenstein's Philosophy* Duncan Richter,2014-04-04 Ludwig Wittgenstein was the most influential and arguably the greatest philosopher of the 20th century This fact about his influence is not only a matter of how much he influenced people but also of how many people he influenced His early work was taken up by some of the pioneers of analytical philosophy His later work helped spawn another movement within analytic philosophy that of ordinary language philosophy sometimes called Oxford philosophy He is also considered by some to be a key postmodern thinker and an interest in his work is a distinguishing feature of many post analytical philosophers who seek to bridge the gap between analytical and so called continental philosophy This second edition of *Historical Dictionary of Wittgenstein's Philosophy* covers the history of this philosophy through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on every aspect of his work This book is an excellent access point for students researchers and anyone wanting to know more about Wittgenstein's philosophy **Reformed Humanism** David Fergusson,2024-05-30 The volume comprises a collection of essays ordered in three parts each of which describes broadly the sub fields of theology to which these belong The essays tackle core themes in Christian doctrine the longstanding relationship of theology to philosophy and a series of challenges facing churches today While the volume represents a Reformed theological approach often with a historical focus it self consciously reflects an ecumenical and critical perspective The term humanism reflects an openness to insight understanding and correction from different fields of knowledge while its Reformed designation positions the work within a recognized theological tradition though seeking to avoid imprisonment by it A further feature of the collection is its attempt to overcome the curricular divisions between systematic theology Christian ethics and practical theology The third section in particular deal with issues in social ethics theological aesthetics the place of the church in a secular culture and the role of theology in the university *The Humean Mind* Angela Coventry,Alexander Sager,2018-10-26 David Hume 1711 1776 is widely acknowledged as one of the most important philosophers in the English language with his work continuing to exert major influence on philosophy today His empiricism naturalism and psychology of the mind and the passions shape many positions and approaches in the sciences and social sciences *The Humean Mind* seeks to provide a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising 38 chapters by a team of international contributors the Handbook is divided into four sections Intellectual context Hume's thought Hume's reception Hume's legacy This handbook includes coverage of all major aspects of Hume's thought with essays spanning the full scope of Hume's philosophy Topics explored include Hume's reception in the eighteenth and nineteenth centuries Hume's legacy in the twentieth and twenty first centuries Hume's history including an

essay on Hume as historian as well as essays on the relevance of history to Hume's philosophy and his politics and an updated treatment of Hume's Legal Philosophy Also included are essays on race gender and animal ethics Essential reading for students and researchers in philosophy Hume's work is central to epistemology metaphysics philosophy of mind philosophy of science ethics legal philosophy and philosophy of religion Fanaticism and the History of Philosophy Paul Katsafanas,2023-11-07 Voltaire called fanaticism the monster that pretends to be the child of religion Philosophers politicians and cultural critics have decried fanaticism and attempted to define the distinctive qualities of the fanatic whom Winston Churchill described as someone who can't change his mind and won't change the subject Yet despite fanaticism's role in the long history of social discord human conflict and political violence it remains a relatively neglected topic in the history of philosophy In this outstanding inquiry into the philosophical history of fanaticism a team of international contributors examine the topic from antiquity to the present day Organized into four sections topics covered include Fanaticism in ancient Greek Indian and Chinese philosophy Fanaticism and superstition from Hobbes to Hume including chapters on Locke and Montesquieu Shaftesbury and Hutcheson Kant Germaine de Stael Hegel Nietzsche William James and Jorge Portilla on fanaticism Fanaticism and terrorism and extremism and gender including the philosophy and morality of the manosphere Closed mindedness and political and epistemological fanaticism Spanning themes from superstition enthusiasm and misanthropy to the emotions purity and the need for certainty Fanaticism and the History of Philosophy is a landmark volume for anyone researching and teaching the history of philosophy particularly ethics and moral philosophy It is also a valuable resource for those studying fanaticism in related fields such as religion the history of political thought sociology and the history of ideas **Spectres of False Divinity** Thomas Holden,2010-03-11 Spectres of False Divinity presents a historical and critical interpretation of Hume's rejection of the existence of a deity with moral attributes In Hume's view no first cause or designer responsible for the ordered universe could possibly have moral attributes nor could the existence or non existence of such a being have any real implications for human practice or conduct Hume's case for this moral atheism is a central plank of both his naturalistic agenda in metaphysics and his secularizing program in moral theory It complements his wider critique of traditional theism and threatens to rule out any religion that would make claims on moral practice Thomas Holden situates Hume's commitment to moral atheism in its historical and philosophical context offers a systematic interpretation of his case for divine amorality and shows how Hume can endorse moral atheism while maintaining his skeptical attitude toward traditional forms of cosmological and theological speculation In Defense of Natural Theology James F. Sennett,Douglas Groothuis,2005-10-04 James F Sennett and Douglas Groothuis have assembled a distinguished array of scholars to examine the Humean legacy with care and make the case for a more robust if chastened natural theology after Hume *Religion and the Hermeneutics of Contemplation* D. Z. Phillips,2001-07-26 Leading philosopher of religion D Z Phillips examines the conceptual assumptions of atheistic thought **David Hume** Claudia M. Schmidt,2010-11-01 In his

seminal Philosophy of David Hume 1941 Norman Kemp Smith called for a study of Hume for Hume specialists as a unified and intriguing interpretation of his thought for philosophers generally as a synthesis of recent developments in Hume scholarship and for scholars in other disciplines as a guide to Hume's contributions to their own fields **A Companion to Hume** Elizabeth S. Radcliffe, 2011-05-31 Comprised of twenty nine specially commissioned essays A Companion to Hume examines the depth of the philosophies and influence of one of history's most remarkable thinkers Demonstrates the range of Hume's work and illuminates the ongoing debates that it has generated Organized by subject with introductions to each section to orient the reader Explores topics such as knowledge passion morality religion economics and politics Examines the paradoxes of Hume's thought and his legacy covering the methods themes and consequences of his contributions to philosophy

Whispering the Techniques of Language: An Mental Journey through **Religion And Humes Legacy**

In a digitally-driven world where monitors reign supreme and quick connection drowns out the subtleties of language, the profound techniques and mental nuances hidden within words frequently move unheard. However, set within the pages of **Religion And Humes Legacy** a charming fictional prize blinking with organic emotions, lies a fantastic quest waiting to be undertaken.
