Religion And Politics In Latin America:

The War of Gods Michael Lowy, 1996-07-17 In the 1960s liberation theology addressed itself to the problems of a continent racked by poverty and oppression. Comprising a network of localized communities and pastoral organizations it soon became something much more than a doctrinal current. Liberationist Christianity defined itself in a multitude of social struggles particularly in Brazil and Central America. Laicidad and Religious Diversity in Latin America Juan Marco Vaggione, José Manuel Morán Faúndes, 2016-11-01 This book presents revealing reflections on historical socio political and legal aspects as well as their contexts in Argentina Bolivia Colombia Costa Rica Ecuador Mexico and Peru. Further it includes theoretical and empirical analyses that identify the connections between religion and politics that characterize Latin American countries in general. The individual chapters are based on a dialogue between regional and international approaches renewing them and taking them to their limits by incorporating the Latin American experience. The book reflects the current intensification of research on religion in Latin America the resulting reassessment of previous approaches and the strengthening of empirical studies. It provides vital insight into the ways in which politics regulates the religious sphere as well as how religion modulates and intervenes in politics in Latin America. In doing so it builds a bridge between the findings of researchers in the region on the one hand and the English speaking academic public on the other contributing to a dialogue that enriches comparative perspectives. Church and Politics in Latin America Dermot Keogh, 1990-06-18 Complex and profound changes have been taking place in the Latin American Catholic Church in the 20th century which have often been misunderstood and misrepresented. This is a collection of essays written by scholars working in the fields of history political science sociology law and theology. *Politics, Religion, and Society in Latin America* Daniel H. Levine, 2012 Long assumed to be an unchanging and unquestioned bulwark of established power and privilege religion in Latin America has diversified and flourished while taking on new social and political roles in more open societies. How did this change occur? Why did churches in the region embrace new ideas about rights sponsor social movements and become advocates for democracy? Are further changes on the horizon? Daniel Levine explores these issues uniquely situating the Latin American experience in a rich theoretical and comparative context. *Religion and Politics in Latin America* Daniel H. Levine, 2014-07-14 This book explores the transformations in religion in conjunction with political change. Professor Levine suggests highlights the dynamic and dialectical interaction between religion and politics in general and addresses the more universal problem of relating thought to action. Religion and Politics in Latin America Edward A. Lynch, 1991-04-30 What drives religious people to act in politics In Latin America as in the Middle East religious belief is a primary motivating factor for politically active citizens Edward Lynch questions the frequent pitfall of Latin American scholarship categorizing religious belief as a veil for another interest or as a purview just of churchmen thereby ignoring its hold over lay people Challenging this traditional view Lynch concludes that religious motivations are important in their own right and raises important questions about the relationship between religion and politics in Latin America Looking at the two most important Catholic lay movements Liberation Theology and Christian Democracy Lynch uses Nicaragua and Venezuela as case studies of how religious philosophy has fared when vested with political power This timely study describes the motivations driving many important political actors Divided into two parts Ideologies In Theory and Ideologies In Practice this volume features a discussion of the theoretical background of two Catholic philosophies Using Nicaragua and Venezuela as case studies Lynch finds that Liberation Theology and Christian Democracy are not as different as many scholars think in fact there are many parallels He concludes that both philosophies face their strongest challenge from a revitalized orthodox Catholic social doctrine **The Church and Politics in Chile**
