Schubert's Workshop: Volume 1 Brian Newbould, 2022-10-25 Schubert s Workshop offers a fresh study of the composer s compositional technique and its development rooted in the author s experience of realising performing versions of Franz Schubert s unfinished works Through close examination of Schubert s use of technical and structural devices Brian Newbould demonstrates that Schubert was much more technically innovative than has been supposed and argues that the composer s technical discoveries constitute a rich legacy of specific influences on later composers Providing rich new insights into the creative practice of one of the major figures of classical music this two volume study reframes our understanding of Schubert as an innovator who constantly pushed at the frontiers of style and expression Schubert's String Quartets Anne Hyland, 2023-04-20 Franz Schubert s music has long been celebrated for its lyrical melodies heavenly length and daring harmonic language In this new study of Schubert s complete string quartets Anne Hyland challenges the

influential but under explored claim that Schubert could not successfully incorporate the lyric style into his sonatas and offers a novel perspective on lyric form that embraces historical musicology philosophy and music theory and analysis Her exploration of the quartets reveals Schubert's development of a lyrically conceived teleology bringing musical form expression and temporality together in the service of fresh intellectual engagement Her formal analyses grant special focus to the quartets of 1810-16 isolating the questions they pose for existing music theory and employing these as a means of scrutinising the relationship between the concepts of lyricism development closure and teleology thereby opening up space for these works to challenge some of the discourses that have historically beset them *Biographies of Great and Famous Men and Women of the Present Period ...* R. M. Hayley, 1881

Schubert's Vienna Raymond Erickson, 1997-01-01 The Vienna in which Franz Schubert lived for the thirty one years of his life was not just a city of music dance and coffeehouses a centre of important achievements in the arts It was also the capital of an empire that was constantly at war in the composer's youth and that became a police state during his maturity

Schubert's Reputation from His Time to Ours Geoffrey Block, 2024-12-30 The composer Franz Schubert 1797-1828 was not bereft of early advocates from Schumann Liszt and Mahler to Sir George Grove Brahms famously heralded Schubert as the true successor to Beethoven Nevertheless it was not until the end of the twentieth century that Schubert's major instrumental works finally and fully emerged from Beethoven's shadow Critics and scholars began to reinterpret Schubert's departures from Beethoven's formal and stylistic characteristics and to see these departures not as flaws but as strengths and hallmarks of a new paradigm Schubert's alternate constructions of masculine subjectivities first described by Schumann in 1838 parallel a developing appreciation for lyricism melody and song traits historically regarded as feminine Consequently Schubert's approach is increasingly viewed as innovative and divergent rather than defective and deviant Schubert's Reputation from His Time to Ours tells the story of how and why this has happened *Children's Books of the Year*, 1971

Reader's Guide to Music Murray Steib, 2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology *The American Mercury* George Jean Nathan, Henry Louis Mencken, 1929
