Millennial Violence Jeffrey Kaplan, 2002 This volume encompasses an array of material exploring the millennium phenomenon and the violent excitement it provokes Consisting of three core parts the book combines pertinent documents with insightful commentary and discussion

War, Peace and Terror in the Middle East Raphael Israeli, 2014-03-18 A collection of articles about the fateful issues of war and peace in the Middle East especially the evasive brands of war terrorism and incitement Horrific words of incitement followed by atrocious acts of terror have occurred during the past few years These have significantly eroded hope in the peace process that had been initiated by Sadat and Begin a quarter century ago 1977 All efforts to duplicate that feat between Israel and Palestinians have ended in frustration so far and it now seems that a tremendous amount of ground work will have to be done before a new peace venture This volume focuses on these themes and brings to bear both the benefit of the hindsight gained since the articles were published and the insight that the current world crisis occasioned by the terrorism and broadsides against Western culture that al Qai da and its allies have launched

The Routledge Handbook of Terrorism Research Alex Schmid, 2011-02-25 This major new Handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies The content of the Handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors Together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations The work also features a large collection of typologies and surveys a wide range of theories of terrorism Additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the Internet It also includes the most comprehensive World Directory of Extremist Terrorist and other Organizations associated with Guerrilla Warfare Political Violence Protest and Organized and Cyber Crime The Routledge Handbook of Terrorism Research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism

[Islamikaze](#) Raphael Israeli, 2003 *Islamikaze* Manifestations of Islamic Martyrology explains the historical background to the events of 11 September 2001 the Western countermeasures and the reactions to both in the Muslim world

The attacks generated much debate over the role of religion and Israeli makes a very important contribution to the understanding of the concept of the Martyr in Islam and the doctrine of Martyrdom as well as those who champion it ideologically and theologically and the identified enemies of the Muslim fundamentalists He illustrates his thesis with a selection of texts extolling the Martyrs erroneously called suicide bombers

Cultures of Technology and the Quest for Innovation Helga Nowotny,2006-02-01 Underlying the current dynamics of technological developments their divergence or convergence and the abundance of options promises and risks they contain is the quest for innovation the contributors to this volume argue The seemingly insatiable demand for novelty coincides with the rise of modern science and the onset of modernity in Western societies Never before has the Baconian dream been so close to becoming reality wrapped into a globalizing capitalism that seeks ever expanding markets for new products artifacts and designs and new processes that lead to gains in efficiency productivity and profit However approaching these developments through a wider historical and cultural perspectives means to raise questions about the plurality of cultures the interaction between hardware and software and about the nature of the interfaces where technology meets with economic social legal historical constraints and opportunities The authors come to the conclusion that inside a seemingly homogenous package and a seemingly universal quest for innovation many differences remain

Ideology and the Microfoundations of Conflict Veronika Muller,Thomas Gries,2024 This book combines well known theoretical elements of various disciplines to form a broad picture of the role of ideologies in conflicts in particular the supply and demand side of the ideological market namely why individuals choose particular ideologies and how radical groups and organizations use them to address individuals specific needs for the purpose of recruitment This allows better understanding of the socio psychological dynamics of social conflicts why adopting particular ideologies is reasonable given certain socio economic conditions why individuals stick to destructive ideologies and why they embrace major personal risks to join radical groups and advance the goals of these groups

Right-wing Extremism in the Twenty-first Century Peter H. Merkl,Leonard Weinberg,2003 Dialogos encompasses Greek language and literature Greek history and archaeology Greek culture and

thought present and past a territory of distinctive richness and unsurpassed influence It seeks to foster critical awareness and informed debate about the ideas events and achievements that make up this territory by redefining their qualities by exploring their interconnections and by reinterpreting their significance within Western culture and beyond
