Science Update 1986 A Modern Science Anthology For The Family:

Van Nostrand's Scientific Encyclopedia Douglas M. Considine, Glenn D. Considine, 2013-12-11 Advancements in science and engineering have occurred at a surprisingly rapid pace since the release of the seventh edition of this encyclopedia Large portions of the reference have required comprehensive rewriting and new illustrations Scores of new topics have been included to create this thoroughly updated eighth edition The appearance of this new edition in 1994 marks the continuation of a tradition commenced well over a half century ago in 1938 Van Nostrand's Scientific Encyclopedia First Edition was published and welcomed by educators worldwide at a time when what we know today as modern science was just getting underway The early encyclopedia was well received by students and educators alike during a critical time span when science became established as a major factor in shaping the progress and economy of individual nations and at the global level A vital need existed for a permanent science reference that could be updated periodically and made conveniently available to audiences that numbered in the millions The pioneering VNSE met these criteria and continues today as a reliable technical information source for making private and public decisions that present a backdrop of technical alternatives

Secularization and China's Modernization Zhongmin Wu, 2024-12-17 This open access book examines from the perspective of secularization Since the publication of Max Weber's Protestant Ethics and the Spirit of Capitalism how to realize modernization in developing countries has become an urgent problem to be demonstrated Secularization has becoming endogenous power for Chinese modernization procedure especially since 1978 However to understand the foundation of secularization it is inevitable to tracing back to Chinese history This approach contains critical analysis and profound insight to illuminate the essence of secularization in contemporary Chinese context The author also applies the comparative approach by comparing with Protestant ethics in many Western European countries the significance of secularization has been emphasized The widespread and intense secularization boosts China into the trend modernization that covers nearly all aspects of society This book is in need for those who intended to discern the truth of Chinese modernization It is also a key tool of reflecting modernization and development in a broader sense

Apocalyptic AI: Visions of Heaven in Robotics, Artificial Intelligence, and Virtual Reality Robert M. Geraci,2010-02-05 Apocalyptic AI the hope that we might one day upload our minds into machines or cyberspace and live forever is a surprisingly wide spread and influential idea affecting everything from the world view of online gamers to government research funding and philosophical thought In Apocalyptic AI Robert Geraci offers the first serious account of this cyber theology and the people who promote it Drawing on interviews with roboticists and AI researchers and with devotees of the online game Second Life among others Geraci illuminates the ideas of such advocates of Apocalyptic AI as Hans Moravec and Ray Kurzweil He reveals that the rhetoric of Apocalyptic AI is strikingly similar to that of the apocalyptic traditions of Judaism and Christianity In both systems the believer is trapped in a dualistic universe and expects a resolution in which he or she will be translated to a transcendent new world and live forever in a glorified new body Equally important Geraci shows how this worldview shapes our culture Apocalyptic AI has become a powerful force in modern culture In this superb volume he shines a light on this belief system revealing what it is and how it is changing society
