Maintenance Pirsig's narrator creates a philosophical masterpiece that has the power to change lives The Steersman John C. Lilly, 2009-06-15 In this intellectually bracing work John C Lilly whose groundbreaking research inspired Day of the Dolphins and Altered States likens humans to biochemical robots without an operating manual By learning to program the robot he argues humans gain spiritual independence Knowing one's core beliefs and understanding how they direct one's actions are critical steps towards such independence But for many people spiritual beliefs are like clothes put on and taken off for various occasions and like clothes become a kind of confining uniform rendering one person virtually identical to the next In The Steersman Lilly shows readers how to identify their guiding beliefs and most importantly how to change them in ways that they choose making it possible to break out of the confines of beliefs accepted without consideration and navigate a new path of self discovery The Illustrated Field Guide to DMT Entities David Jay Brown, Sara Phinn Huntley, 2025-02-25 Examines 25 of the most commonly encountered DMT entities from machine elves and fairies to insectoids Reptilians and divine beings such as Grandmother Ayahuasca Discusses each entity in depth including people s encounters with them from trip reports and scientific studies descriptions of how the entities appear and behave and communications or teachings they impart Features visionary art by Sara Phinn Huntley and other artists including Alex Grey Andrew Jones Luke Brown Juliana Garces Erial Ali and Harry Pack One of the features consistently noted by visitors to the hyperspace realm invoked by DMT is the existence of many different entities In this full color illustrated handbook for understanding the intelligent alien species of hyperspace psychedelic explorer David Jay Brown and visionary artist Sara Phinn Huntley explore 25 of the most commonly encountered DMT beings and ayahuasca spirits from self transforming machine elves ancestor spirits tricksters and metallic spheres to insectoid mantis beings reptilians gray aliens nature spirits and divine beings such as the Virgin Mary Gaia angels Grandmother Ayahuasca and deities from Hindu Egyptian and South American spiritual traditions Profiling the DMT entities in the style of a naturalistic field guide complete with evocative illustrations by Huntley and other artists such as Alex Grey Andrew Jones Luke Brown Juliana Garces Erial Ali and Harry Pack the authors discuss the entities in depth including people's encounters with them descriptions of how they appear and summaries of the communications they impart They explore whether these beings are generated by our minds or if they exist independently of the DMT trip Providing a comprehensive exploration of this world this guide seeks to describe the alien residents of interdimensional space and help people who have encountered DMT beings integrate their experiences Death by Astonishment Andrew R. Gallimore, 2025-07-01 For fans of the compelling critical and investigative style of best selling authors Graham Hancock and Brian Muraresku the first detailed account of the history and science of the world's strangest and most mysterious drug DMT DMT is the world's strangest and most mysterious drug inducing one of the most remarkable and yet least understood of all states of consciousness This common plant molecule has from ancient times to the modern day been used as a tool to gain access to a bizarre alien reality of inordinate complexity and unimaginable strangeness populated by a panoply of highly

advanced intelligent and communicative beings entirely not of this world In a story that begins in the Amazonian rainforests and ends somewhere beyond the stars Andrew Gallimore presents the first detailed account of the discovery of DMT and science's continuing struggle to explain how such a simple and common plant molecule can have such astonishing effects on the human mind The history of the drug involves many fascinating characters from the scientific and literary worlds including legendary ethnobotanist Dr Richard Schultes renegade beat writer and drug aficionado William S Burroughs philosopher and raconteur Terence McKenna and the high priest of the 1960s psychedelic revolution Dr Timothy Leary In the end the story of DMT forces us to reconsider our most basic assumptions about the nature of reality and our place within it **Encyclopedia** Peter Stafford, 2013-02-18 Traces the history of the use of hallucinogenic drugs and discusses the psychological and physical effects of LSD marijuana mescaline and other drugs Reign of the Anunnaki Jan Erik Sigdell, 2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion secret societies and catastrophes Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly Explains how they established religion to control us and how Gnostic Christianity which came from Christ and not the Anunnaki offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race called the Anunnaki who came from space to exploit our planet Through genetic manipulation they created modern humans from existing earthly life forms to serve them as slaves They physically left our planet millennia ago but as Jan Erik Sigdell reveals their influence and control over humanity is still pervasive and significant Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops setting limits on our evolution and holding back our development by means of manipulation and catastrophes including the deluge immortalized in the Bible and many other ancient myths He shows how they still manipulate our politics and affairs via secret societies such as the Illuminati and the political elite such as the Bilderberg Group Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians the author also explores their diet and how they feed off blood and the energies given off by lower life forms such as humans when they are expressing extreme negative emotions having sex or dying This energy feeding ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly He explains how the Anunnaki established religions as tools for control setting up the major religions with themselves as gods and playing them against each other to keep humanity s attention away from ongoing Anunnaki manipulation They have also hidden from us the existence of the true highest creator who created the cosmos as well as the Anunnaki themselves The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love empathy and sacred sexuality But the god of the Anunnaki defeated this messenger and replaced him with a false

Christ This led to the development of Paulinian Christianity under Anunnaki influence as well as other parallel religions such as Islam and the suppression and elimination of the original Christianity Gnostic Christianity With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945 the way is now paved for our release from the reign of the Anunnaki
