ENGLAND Thomas Mortimer,1764 **Bannockburn 1314: A New History** Chris Brown,2009-12-07 Bannockburn 1314 is a history of the most celebrated battle between Scotland and England in which a mere 7 000 followers of Robert the Bruce defeated more than 15 000 of Edward II s troops The Battle of Bannockburn fought over two days on 23 and 24 June 1314 by a small river crossing just south of Stirling was a decisive victory for Robert and secured for Scotland de facto independence from England It was the greatest defeat the English would suffer throughout the Middle Ages and a huge personal humiliation for Edward Chris Brown s account recreates the campaign from the perspectives of both the Scots and English Through an in depth investigation of contemporary narrative sources as well as administrative records and with a fresh look at the terrain where the battle was fought he is able to come to firmer conclusions as to exactly what happened and why and thereby to rewrite the traditional history of the battle **A New History of the Picts** Stuart McHardy,2020-04-17 When the

Romans came north to what is now modern Scotland they encountered the fierce and proud warrior society known as the Picts who despite their lack of discipline and arms managed to prevent the undefeated Roman Army from conquering the northern part of Britain just as they later repulsed the Angles and the Vikings A New History of the Picts is an accessible true history of the Picts who are so often misunderstood New historical analysis recently discovered evidence and an innovative Scottish perspective will expose long held assumptions about the native people This controversial text contests that Scottish history has long since been dominated and distorted by misleading perspectives A New History of the Picts discredits the idea that the Picts were a strange historical anomaly and shows them to be the descendants of the original inhabitants of the

What was happening elsewhere in the world when Robert the Bruce was outlawed and Mary Queen of Scots lost her head When Genghis Khan was on the warpath and Ivan the Terrible was the Russian czar what was happening in Scotland Find the answers to these questions in 2 000 years of Scottish history presented alongside what was happening in the rest of the world By placing events in Scotland in relation to those elsewhere we can see what is different or distinctive about Scotland s experience Simultaneously we can also see where movements in Scottish history were part of wider cultural or political change in Europe and beyond John Knox s fiery sermons of the 1560s were connected into a wider Protestant Reformation but they also represented a singularly Scottish version of a European phenomenon *Connecting Scotland s History* also gives us a history of many Scotlands We see the hybrid nature of a country where multiple peoples have come together in a distinctively Scottish mixture From the Gaels Picts and Norse people to more recent influxes from England Ireland continental Europe and beyond Scotland s history tells us of internal connections as well as connections between Scotland and the wider world
