Leigh,2014-04-24 The string of military defeats during 1942 marked the end of British hegemony in Southeast Asia finally destroying the myth of British imperial invincibility The Japanese attack on Burma led to a hurried and often poorly organized evacuation of Indian and European civilians from the country The evacuation was a public humiliation for the British and marked the end of their role in Burma The Evacuation of Civilians from Burma investigates the social and political background to the evacuation and the consequences of its failure Utilizing unpublished letters diaries memoirs and official reports Michael Leigh provides the first comprehensive account of the evacuation analyzing its source in the structures of colonial society fractured race relations and in the turbulent politics of colonial Burma **Visions from the Golden Land** Ralph Isaacs,T. The River of Lost Footsteps Thant Myint-U, 2007-05-15 For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma through sanctions and tourist boycotts only to see an apparent slide toward even harsher dictatorship But what do we really know about Burma and its history And what can Burma's past tell us about the present and even its future In *The River of Lost Footsteps* Thant Myint U tells the story of modern Burma in part through a telling of his own family's history in an interwoven narrative that is by turns lyrical dramatic and appalling His maternal grandfather U Thant rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary general in the 1960s And on his father's side the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries Through their stories and others he portrays Burma's rise and decline in the modern world from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism the devastation of World War II and a sixty year civil war that continues today and is the longest running war anywhere in the world *The River of Lost Footsteps* is a work both personal and global a distinctive contribution that makes Burma accessible and enthralling

[A History of Modern Burma](#) Michael W. Charney, 2009-01-22 Burma has lived under military rule for nearly half a century The results of its 1990 elections were never recognized by the ruling junta and Aung San Suu Kyi leader of Burma's pro democracy movement was denied her victory She has been under house arrest ever since Now an economic satellite and political dependent of the People's Republic of China Burma is at a crossroads Will it become another North Korea will it succumb to China's political embrace or will the people prevail Michael Charney's book the first general history of modern Burma in over five decades traces the highs and lows of Burma's history from its colonial past to the devastation of Cyclone Nargis in 2008 By exploring key themes such as the political division between lowland and highland Burma and monastic

Historical Dictionary of the British Empire Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain

Rethinking Community in Myanmar Judith Beyer, 2024-03-31 In this first anthropological study of Muslim and Hindu lives in urban Myanmar today Judith Beyer develops the concept of *we* formation to demonstrate that individuals are always more than members of wider groups *We* formation complements her rich political legal and historical analysis of community a term used by Beyer's interlocutors themselves even as it reinforces ethno-religious stereotypes and their own minority status The book also offers an interpretation of the dynamics of resistance to the attempted military coup of 2021

Where China Meets India Thant Myint-U, 2011-09-13 Thant Myint U's *Where China Meets India* is a vivid searching timely book about the remote region that is suddenly a geopolitical center of the world From their very beginnings China and India have been walled off from each other by the towering summits of the Himalayas by a vast and impenetrable jungle by hostile tribes and remote inland kingdoms stretching a thousand miles from Calcutta across Burma to the upper Yangtze River Soon this last great frontier will vanish the forests cut down dirt roads replaced by superhighways insurgencies crushed leaving China and India exposed to each other as never before This basic shift in geography as sudden and profound as the opening of the Suez Canal will lead to unprecedented connections among the three billion people of Southeast Asia and the Far East What will this change mean Thant Myint U is in a unique position to know Over the past few years he has traveled extensively across this vast territory where high speed trains and gleaming new shopping malls are now coming within striking distance of the last far flung rebellions and impoverished mountain communities And he has explored the new strategic centrality of Burma where Asia's
