Southwell as a subversive and he has received only scant attention from scholars in the centuries since his death Pilarz restores the Jesuit poet to his rightful position of importance in literature and history showing how Southwell's works mark the point of convergence of aesthetic theological political and personal influences that determined the ethos of the period The study offers fresh insight into energies that shaped early modern culture and provokes more sophisticated and respectful analysis of religion in literature

Richard Strozzi-Heckler, 2003 Expanded Third Edition with Marine Martial Art Update. In a top secret U.S. military experiment, Richard Heckler was invited to teach Eastern awareness disciplines ranging from Aikido to meditation to a group of 25 Green Berets. This account chronicles his experiences in the training program and his attempts to revive traditional warriorship in a technological society. His book provides insight into the nature of war, the meaning of masculinity, and the need for moral values in the military. This new edition includes Heckler's response to 9/11, his connections to the Pentagon, and U.S. soldiers in Afghanistan, and his reflections on the movie *Black Hawk Down*, which depicts the deaths of two of his trainees.
