Warren, 2007-12-18 William F Buffalo Bill Cody was the most famous American of his age He claimed to have worked for the Pony Express when only a boy and to have scouted for General George Custer But what was his real story And how did a frontiersman become a worldwide celebrity In this prize winning biography acclaimed author Louis S Warren explains not only how Cody exaggerated his real experience as an army scout and buffalo hunter but also how that experience inspired him to create the gigantic traveling spectacle known as Buffalo Bill's Wild West Show A dazzling mix of Indians cowboys and vaqueros they performed on two continents for three decades offering a surprisingly modern view of the United States and a remarkably democratic version of its history This definitive biography reveals the genius of America's greatest showman and the startling history of the American West that drove him and his performers to the world stage **Congressional Record** United States. Congress, 1996 *Buffalo Bill* Kelly Mass, William Frederick Cody was born on February 26 1846 in a log cabin near LeClaire Iowa Territory to Isaac and Mary Ann Cody His birth occurred during one of the most transformative periods in American history as the nation was rapidly expanding westward and grappling with the question of slavery that would soon tear it apart The Cody family embodied the restless spirit of westward migration that characterized mid nineteenth century America moving frequently in search of better opportunities and new beginnings This constant movement would shape young William's character and prepare him for a life that would span the transition from frontier wilderness to modern civilization Isaac Cody was a man of strong convictions who opposed slavery at a time when such views were dangerous in many parts of the expanding nation His anti slavery stance would eventually force the family to flee their home in Kansas Territory after receiving death threats from pro slavery neighbors This early exposure to political violence and the need for constant vigilance taught William valuable lessons about survival and the harsh realities of frontier life The family's struggles also instilled in him a deep understanding of the precarious nature of existence on the edge of civilization where survival often depended on quick thinking physical courage and the ability to adapt to rapidly changing circumstances The death of Isaac Cody in 1857 when William was just eleven years old thrust the boy into premature adulthood and responsibility for helping

support his family The loss of his father was both a personal tragedy and a practical catastrophe as it left the family without their primary breadwinner in an era when social safety nets were virtually nonexistent William s response to this crisis revealed the determination and resourcefulness that would characterize his entire life Rather than succumb to despair or dependency he immediately began seeking ways to contribute to the family s survival taking on jobs that would have challenged men twice his age
