*Images of America* Evan Coe,1978      Scranton's Hill Section Jack Shean,2015-06-08 The hills east of Scranton s downtown are home to one of the most eclectic and historic neighborhoods in America Scranton s aptly named Hill Section developed over the course of the 19th and 20th centuries from what was originally rugged terrain and dense forest to a socially diverse enclave The area s close proximity to Scranton s commercial center and unparalleled views of the Lackawanna Valley attracted many of Scranton s wealthiest and most prominent citizens including the city s namesake Scranton family to build palatial mansions in a myriad of architectural styles on its many hills Middle class citizens soon followed suit building smaller but equally splendid homes alongside their elite neighbors To serve the Hill Section s growing population civic leaders organized religious and community institutions and local merchants developed commercial enterprises Ultimately the Hill Section became home to many well known educational and medical centers beautiful parks and cultural establishments In the 21st century the Hill Section is still a thriving community that continues to preserve its heritage Scranton s Hill Section tells the story of a distinctive neighborhood full of diverse people whose legacies are the true embodiment of American history      Pennsylvania Histories Sheldon Spear,2015-10-22 This book offers a consciously eclectic approach to the rich history of Pennsylvania in the period from 1740 to 1950 Combining original research with syntheses of relevant work by other historians Pennsylvania Histories seeks to appeal to both professional historians and general readers by presenting a range of significant individuals groups and events that are likely to be less familiar to audiences interested in the history of Pennsylvania The Moravians for example emerge as a denomination whose involvement in proselytization activities sets them apart from the quietism of the Amish and other well known sects Although the book concentrates on Pennsylvania the subject matter is also germane to wider issues in the areas of economics race and ethnicity religion and gender studies Among the many topics discussed Pennsylvania Histories considers the French and British refugees who settled near the Susquehanna River during the late eighteenth century the burning of the town of Chambersburg by Confederate raiders in 1864 and the semi public executions in Pennsylvania towns that persisted into the early twentieth century      *Images of America ,      The United States of America, Petitioner, Vs. Meikle,2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour A veritable treasure trove of American culture Crave Online From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary

photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard s subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images

**Best Sellers** ,1980 *The American Photo Engraver* ,1916 U.S. Militarism and the Terrain of Memory John Bechtold,2024-08-01 This book analyzes how the Iraqi city of Fallujah became registered as a setting for military heroics in American memory In 2004 the U S military conducted two disastrous assaults in Fallujah Iraq More than 1 000 citizens were killed and according to the military s own estimate upwards of 200 000 people were displaced because of the violence Yet despite this human catastrophe the kind of information that emerged in the public domain during the battle foregrounded the soldier s experience in war while effacing the destruction of Iraqi bodies This tendency to foreground the soldier body is a direct result of the military s intervention in what they conceptualize as the information environment This book draws from the second assault in Fallujah as a case study to explicate the military s investment in this perspectival space which is a consequence both of the mediatization of contemporary war and of the need to influence knowledge considered unfavorable to military operations In short the military enlists the media in their targeting process to produce information that is then deployed as persuasive force to modify the beliefs of specific target populations When the cultural texts produced by the media are remediated in the public domain after war they can be thought of as martial constructs because they originated during war through the military s systemized attempt to influence knowledge That is these texts trace to a specific battlefield objective This book reframes the notion of propaganda as a generalized public relations strategy into a more acute and coordinated attempt to decontextualize specific knowledge in the information environment This book will be of much interest to students of media and communication studies war studies memory studies and international relations
