Shopping as Comedy: A Victorian Scrapbook Alexis Easley,2024-05-09 This volume is a critical edition of a Victorian scrapbook composed of cuttings from advertising images from the 1880 s These images are arranged in hand drawn domestic spaces and embellished with watercolour details At the foot of each page is a handwritten running text written by

an unknown Victorian author that provides a narrative to explain the accompanying images The album also includes four original short stories interspersed by twenty three vignettes which like advertisements in a magazine echo and reinforce themes in the surrounding content The album highlights issues of concern to women at the fin de siècle romance marriage shopping and house decoration The satirical commentary on late Victorian shopping and commodity culture provides a fascinating insight into the interests and responses of consumers during this period The volume will be of great interest to students and scholars of literary and advertising history

The Chinese and the Iron Road Gordon Chang, Shelley Fisher Fishkin, 2023-05-25 Essays examining the Chinese worker experience during the construction of America's Transcontinental Railroad The completion of the transcontinental railroad in May 1869 is usually told as a story of national triumph and a key moment for American Manifest Destiny The Railroad made it possible to cross the country in a matter of days instead of months paved the way for new settlers to come out west and helped speed America's entry onto the world stage as a modern nation that spanned a full continent It also created vast wealth for its four owners including the fortune with which Leland Stanford would found Stanford University some two decades later But while the Transcontinental has often been celebrated in national memory little attention has been paid to the Chinese workers who made up 90 percent of the workforce on the Western portion of the line The Railroad could not have been built without Chinese labor but the lives of Chinese railroad workers themselves have been little understood and largely invisible This landmark volume explores the experiences of Chinese railroad workers and their place in cultural memory The Chinese and the Iron Road illuminates more fully than ever before the interconnected economies of China and the US how immigration across the Pacific changed both nations the dynamics of the racism the workers encountered the conditions under which they labored and their role in shaping both the history of the railroad and the development of the American West Praise for *The Chinese and the Iron Road* This timely and essential volume preserves the humanity of the often ignored and forgotten immigrant worker while also uncovering just how important Chinese American railroad workers were in the making of America and its place in the world Erika Lee author of *The Making of Asian America* Gordon H Chang and Shelley Fisher Fishkin's meticulously researched and beautifully written book fills a critical gap in our nation's history *The Chinese and the Iron Road* brings to life the stories of workers who defied incredible odds and gave their lives to unite
