Final Exam Pauline W. Chen, 2008-01-08 A brilliant transplant surgeon brings compassion and narrative drama to the fearful reality that every doctor must face the inevitability of mortality Uncommonly moving A revealing and heartfelt book Atul Gawande 1 New York bestselling author of Being Mortal When Pauline Chen began medical school she dreamed of saving lives What she could not predict was how much death would be a part of her work Almost immediately she found herself wrestling with medicine s most profound paradox that a profession premised on caring for the ill also systematically depersonalizes dying Final Exam follows Chen over the course of her education and practice as she struggles to reconcile the lessons of her training with her innate sense of empathy and humanity A superb addition to the best medical literature of our time

Still Here Bunty Avieson, Fiona Giles, Sue Joseph, 2019-04-12 Still Here Memoirs of Trauma Illness and Loss explores the history ethics and cross cultural range of memoirs focusing on illness death loss displacement and other experiences of trauma From Walt Whitman s Civil War diaries to kitchen table survivor to survivor storytelling following Hurricane Katrina from social media posts from a refugee detention centre to poetry by exiles fleeing war zones the collection investigates trauma memoir writing as healing as documentation of suffering and disability and as political activism Editors Bunty Avieson Fiona Giles and Sue Joseph have brought together this scholarly collection as a sequel to their earlier Mediating Memory Routledge 2018 providing a closer look at the specific concerns of trauma memoir including conflict and intergenerational trauma the therapeutic potential and risks of trauma life writing its ethical

Northern Arts Arnold Weinstein, 2010-11-21 An exploration of Scandinavian art and literature created over the past two centuries includes coverage of popular favorites canonical giants children s authors and lesser known novelists and painters

Gifts of the Muse: Reframing the Debate about the Benefits of the Arts Kevin F. McCarthy, Elizabeth H. Ondaatje, Laura Zakaras, Arthur Brooks, 2001-03-02 During the past decade arts advocates have relied on an instrumental approach to the benefits of the arts in arguing for support of the arts This report evaluates these arguments and asserts that a new approach is needed This new approach offers a more comprehensive view of how the arts create private and public value underscores the importance of the arts intrinsic benefits

and links the creation of benefits to arts involvement *Hope for the Embattled Language Classroom* Olivia Kanna, 2022-10-01 Learning as it is being increasingly recognized is centrally predicated upon students well being Research findings indicate that in the instances of wounding and trauma students capacity and ability to learn can be severely compromised This understanding applies particularly to the immigrant students in the language classroom many of whom are refugees bringing with them past experiences of privation violence wounding and trauma Since teachers often find themselves wearing multiple hats not only as instructors but also as friends philosophers guides confidantes and counsellors to their refugee and immigrant learners addressing those students trauma with compassion and employing appropriate pedagogical practices to mitigate their suffering should be of great relevance and inform the teachers praxis in the classroom This book takes an interdisciplinary look at trauma from the vantage points of critical language theories neuroscience psychotherapy and Buddhist psychology and suggests pedagogies for well being and trauma healing that utilize contemplative ways of education The practical aim of this book is to support teachers in addressing trauma in their classrooms **Genreflecting** Diana Tixier Herald, Samuel Stavole-Carter, 2019-05-24 Librarians who work with readers will find this well loved guide to be a treasure trove of information With descriptive annotations of thousands of genre titles mapped by genre and subgenre this is the readers advisor s go to reference Next to author genre is the characteristic that readers use most to select reading material and the most trustworthy consideration for finding books readers will enjoy With its detailed classification and pithy descriptions of titles this book gives users valuable insights into what makes genre fiction appeal to readers It is an invaluable aid for helping readers find books that they will enjoy reading Providing a handy roadmap to popular genre literature this guide helps librarians answer the perennial and often confounding question What can I read next Herald and Stavole Carter briefly describe thousands of popular fiction titles classifying them into standard genres such as science fiction fantasy romance historical fiction and mystery Within each genre titles are broken down into more specific subgenres and themes Detailed author title and subject indexes provide further access As in previous editions the focus of the guide is on recent releases and perennial reader favorites In addition to covering new titles this edition focuses more narrowly on the core genres and includes basic readers advisory principles and techniques **The Drama of DNA** Karen H. Rothenberg JD, MPA, Lynn Wein Bush PhD, MS, MA, 2014-03-14 Through the use of dramatic narratives The Drama of DNA brings to life the complexities raised by the application of genomic technologies to health care and diagnosis This creative pedagogical approach shines a unique light on the ethical psychosocial and policy challenges that emerge as comprehensive sequencing of the human genome transitions from research to clinical medicine Narrative genomics aims to enhance understanding of how we evaluate process and share genomic information and to cultivate a deeper appreciation for difficult decisions encountered by health care professionals bioethicists families and society as this technology reaches the bedside This innovative book includes both original genomic plays and theatrical excerpts that illuminate the implications of

genomic information and emerging technologies for physicians scientists counselors patients blood relatives and society In addition to the plays the authors provide an analytical foundation to frame the many challenges that often arise **The Drama of DNA** Karen H. Rothenberg,Lynn W. Bush,2014 Through the use of dramatic narratives The Drama of DNA brings to life the complexities raised by the application of genomic technologies to health care and diagnosis This creative pedagogical approach shines a unique light on the ethical psychosocial and policy challenges that emerge as comprehensive sequencing of the human genome transitions from research to clinical medicine Narrative genomics aims to enhance understanding of how we evaluate process and share genomic information and to cultivate a deeper appreciation for difficult decisions encountered by health care professionals bioethicists families and society as this technology reaches the bedside This innovative book includes both original genomic plays and theatrical excerpts that illuminate the implications of genomic information and emerging technologies for physicians scientists counselors patients blood relatives and society In addition to the plays the authors provide an analytical foundation to frame the many challenges that often arise *Crash Course in Readers' Advisory* Cynthia Orr,2014-12-05 One of the key services librarians provide is helping readers find books they ll enjoy This crash course will furnish you with the basic practical information you need to excel at readers advisory RA for adults and teens The question can you recommend a good book can be one of the most daunting you face notwithstanding the fact that recommender tools are ubiquitous Often uncertainty arises because although librarians are called on to perform such services daily readers advisory is a skill set in which most have no formal training This guide will remedy that It is built around understanding books reading and readers and will quickly show you how to identify reading preferences and advise patrons effectively You ll learn about multiple RA approaches such as genre appeal features and reading interests and about essential tools that can help with RA Plus you ll discover tips to help you keep up with this ever changing field There is no other professional book that covers the full spectrum of skills needed to perform the RA service that is in such great demand in libraries of all kinds Helping readers find what they want is a sure way to serve patrons and build your library s brand You will come away from this easy to understand crash course with the solid background you need to do both **Organizing for Social Partnership** David J. Siegel,2010-05-25 Organizing for Social Partnership offers a model and a strategy for universities corporations government agencies nonprofits and other organizations interested in engaging in social partnerships This mode of collaboration provides a potentially powerful arrangement for addressing large scale social issues of interest to higher education and other sectors **The Imaginative Argument** Frank L. Cioffi,2017-12-11 More than merely a writing text The Imaginative Argument offers writers instruction on how to use their imaginations to improve their prose Cioffi shows writers how they can enliven argument the organizing rubric of all persuasive writing by drawing on emotion soul and creativity the wellsprings of imagination While Cioffi suggests that argument should become a natural habit of mind for writers he goes still further inspiring writers to adopt as their gold standard the imaginative argument the

surprising yet strikingly apt insight that organizes disparate noises into music that makes out of chaos chaos theory Rather than offering a model of writing based on established formulas or templates Cioffi urges writers to envision argument as an active parsing of experience that imaginatively reinvents the world Cioffi's manifesto asserts that successful argument also requires writers to explore their own deep seated feelings to exploit the fuzzy but often profoundly insightful logic of the imagination But expression is not all that matters Cioffi's work anchors itself in the actual Drawing on Louis Kahn's notion that a good architect never has all the answers to a building's problems before its physical construction Cioffi maintains that in argument too answers must be forged along the way as the writer inventively deals with emergent problems and unforeseen complexities Indeed discovery imagination and invention suffuse all stages of the process The Imaginative Argument offers all the intellectual kindling that writers need to ignite this creativity from insights on developing ideas to avoiding bland assertions or logical leaps It cites exemplary nonfiction prose stylists including William James Ruth Benedict and Erving Goffman as well as literary sources to demonstrate the dynamic of persuasive writing Provocative and lively it will prove not only essential reading but also inspiration for all those interested in arguing more imaginatively more successfully This edition features new chapters that cover the revision process in greater depth as well as the particular challenges of researching and writing in the digital age such as working with technology and avoiding plagiarism The book also includes new sample essays an appendix to help instructors use the book in the classroom and much more

Teaching Beauty in DeLillo, Woolf, and Merrill J. Green-Lewis, M. Soltan, 2008-04-14 What happened to beauty How did the university literature classroom turn into a seminar on politics Focusing on such writers as Don DeLillo Virginia Woolf and James Merrill this book examines what has been lost to literature as a discipline and to literary criticism as a practice as a result of efforts to reduce the aesthetic to the ideological Green Lewis and Soltan celebrate the return of beauty as a subject in its own right to literary studies a return all the more urgent given beauty's ability to provide not merely consolation but a sense of order and control in the context of a threatening political world

Humanities, 2002

Subversive Seduction Travis Landry, 2013-01-10 Male male rivalry and female passive choice the two principal tenets of Darwinian sexual selection raise important ethical questions in *The Descent of Man* and in the decades since about the subjugation of women If female choice is a key component of evolutionary success what impact does the constraint of women's choices have on society The elaborate courtship plots of 19th century Spanish novels with their fixation on suitors and selectors rivalry and seduction were attempts to grapple with the question of female agency in a patriarchal society By reading Darwin through the lens of the Spanish realist novel and vice versa Travis Landry brings new insights to our understanding of both while Darwin's theories have often been seen as biologically deterministic Landry asserts that Darwin's theory of sexual selection was characterized by an open ended dynamic whose oxymoronic emphasis on passive female choice carries the potential for revolutionary change in the status of women

Building the Moral Community David W. Chambers, 2016-08-08 Building the Moral

Community Radical Naturalism and Emergence demonstrates how very simple models of moral engagements based on natural incomplete value laden frames of the world can lead to general moral progress for the human community All moral behavior affects more than one person which means that the moral community is more than the sum of the individuals included in it David W Chambers argues that there is no ethically detached and superior position from which to operate and that such claims are focused on ethics not on acting morally Therefore he cautions against mistaking theories of ethics composed on statements about what is good and right for actual moral behavior that moves broadly and inevitably toward a better world This book explores naturalistic ethics offering a modified classical analytic philosophy exploration of morality that is consistent with emerging thinking in psychology neurobiology game theory and self adjusting systems **Musings** Leo Lee Ou-fan,2011-07-01 These essays explore cosmopolitanism in postwar Chinese literary culture from the Hong Kong identity and intellectuals like Eileen Chang Gao Xingjian and Lung Yingtai to other cultural streams represented by writers ranging from Oe to Kafka **Philosophy in Schools** Michael Hand,Carrie Winstanley,2009-09-10 A collection of original philosophical essays that together make a robust case for the teaching of philosophy in schools
