*Contemporary American Popular Culture* Lindsay Steenberg, 2013 This book identifies traces and interrogates contemporary American culture's fascination with forensic science It looks to the many different sites genres and media where the forensic has become a cultural commonplace It turns firstly to the most visible spaces where forensic science has captured the collective imagination crime films and television programs In contemporary screen culture crime is increasingly framed as an area of scientific inquiry and even more frequently as an area of concern for female experts One of the central concerns of

this book is the gendered nature of expert scientific knowledge as embodied by the ubiquitous character of the female investigator Steenberg argues that our fascination with the forensic depends on our equal fascination with and suspicion of women's bodies with the bodies of the women investigating and with the bodies of the mostly female victims under investigation

**From Ballroom to DanceSport** Caroline Joan S. Picart, 2012-02-01 Drawing on recent media portrayals and her own experience author and dancer Caroline Joan S Picart explores ballroom dancing and its more sporty equivalent DanceSport suggesting that they are reflective of larger social political and cultural tensions The past several years have seen a resurgence in the popularity of ballroom dance as well as an increasing international anxiety over how and whether to transform ballroom into an Olympic sport Writing as a participant critic Picart suggests that both are crucial sites where bodies are packaged as racialized sexualized nationalized and classed objects In addition Picart argues as the choreography costuming and genre of ballroom and DanceSport continue to evolve these theatrical productions are aestheticized and constructed to encourage commercial appeal using the narrative frame of the competitive melodrama to heighten audience interest

Dashiell Hammett and the Movies William H. Mooney, 2014-11-03 As the father of the hardboiled detective genre Dashiell Hammett had a huge influence on Hollywood Yet it is easy to forget how adaptable Hammett's work was fitting into a variety of genres and inspiring generations of filmmakers Dashiell Hammett and the Movies offers the first comprehensive look at Hammett's broad oeuvre and how it was adapted into films from the 1930s all the way into the 1990s Film scholar William H Mooney reveals the wide range of films crafted from the same Hammett novels as when *The Maltese Falcon* was filmed first as a pre Code sexploitation movie then as a Bette Davis screwball comedy and finally as the Humphrey Bogart classic He also considers how Hammett rose to Hollywood fame not through the genre most associated with him but through a much fizzier concoction the witty murder mystery *The Thin Man* To demonstrate the hold Hammett still has over contemporary filmmakers the book culminates in an examination of the Coen brothers pastiche *Miller's Crossing* Mooney not only provides us with an in depth analysis of Hammett adaptations he also chronicles how Hollywood enabled the author's own rise to stardom complete with a celebrity romance and a carefully crafted public persona Giving us a behind the scenes look at the complex power relationships cultural contexts and production concerns involved in bringing Hammett's work from the page to the screen Dashiell Hammett and the Movies offers a fresh take on a literary titan

**Top Hat** Peter William Evans, 2011-08-02 *Top Hat* is the first volume to spotlight this classic Hollywood film probing the musical genre notions of romance and subjectivity as well as the contested relations between the sexes Offers a detailed analysis of one of Hollywood's greatest musicals including a

comprehensive survey of the film's production, promotion and reception all measured against the background of 1930s socio-political contexts in the USA. Explores the musical genre and questions of gendered national identity, romance, subjectivity and the notion of the couple. Written in a clear, accessible style. *Top Hat* probes text and context carefully to appeal to the student and teacher of the musical and of Hollywood film history as well as the film-loving general reader. **Beautiful TV**

Greg M. Smith, 2009-03-06. During its five-year run from 1997 to 2002, the popular TV show *Ally McBeal* engaged viewers in debates over what it means to be a woman or a man in the modern workplace, how romance factors into the therapeutic understanding of relationships, what value eccentricity has and how much oddity society should tolerate, and what utility fantasy has in the pragmatic world. In addition to these social concerns, however, *Ally McBeal* stood out for being well-constructed narratively, complex and stylistically rich in short. *Beautiful TV* Starting from the premise that much of television today is drop-dead gorgeous and that TV should be studied for its formal qualities as well as its social impact, Greg M. Smith analyzes *Ally McBeal* in terms of its aesthetic principles and narrative construction. He explores how *Ally*'s innovative use of music, special effects, fantasy sequences, voiceovers and flashbacks structures a distinctive fictional universe while it also opens up new possibilities for televisual expression. Smith also discusses the complex narrative strategies that *Ally*'s creator David E. Kelley used to develop a long-running storyline and shows how these serial narrative practices can help us understand a wide range of prime-time TV serials. By taking seriously the art and argument of *Ally McBeal*, *Beautiful TV* conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary television. **Hollywood Divas, Indie Queens, and TV Heroines** Susanne Kord, Elisabeth Krimmer, 2005

*Hollywood Divas, Indie Queens, and TV Heroines* offers an entertaining and critical look at the representation of women in recent movies. Written in a refreshingly accessible style, the book analyzes over thirty box office hits. The authors explore the screen personae of top stars such as Julia Roberts, Sandra Bullock, Meg Ryan and Renée Zellweger as well as independent movie queens like Parker Posey and TV heroines like Sarah Michelle Gellar of *Buffy the Vampire Slayer*. A must-read book for all film buffs who are tired of the mixed gender messages of mainstream culture. *Human Chemistry (Volume One)* Libb

Thims, 2007-09-01. Human chemistry is the study of bond-forming and bond-breaking reactions between people and the structures they form. People often speak of having either good or bad chemistry together, whereby, according to consensus, the phenomenon of love is a chemical reaction. The new science of human chemistry is the study of these reactions. Historically, human chemistry was founded with the 1809 publication of the classic novella *Elective Affinities* by German polymath Johann von Goethe, a chemical treatise on the origin of love. Goethe based his human chemistry on Swedish chemist Torbern Bergman's 1775 chemistry textbook *A Dissertation on Elective Attractions*, which itself was founded on Isaac Newton's 1687 supposition that the cause of chemical phenomena may all depend upon certain forces by which the particles of bodies by some causes hitherto unknown are either mutually impelled towards each other and cohere in regular figures or are repelled

and recede from one another which thus defines life

### **Happy Endings in Hollywood Cinema** James

MacDowell,2013-07-22 Hollywood happy ending has long been considered among the most famous and standardised features in the whole of narrative filmmaking Yet while ceaselessly invoked this notorious device has received barely any detailed attention from the field of film studies This book is thus the first in depth examination of one of the most overused and under analysed concepts in discussions of popular cinema What exactly is the happy ending Is it simply a cliché as commonly supposed Why has it earned such an unenviable reputation What does it or can it mean Concentrating especially on conclusions featuring an ultimate romantic union the final couple this wide ranging investigation probes traditional associations between the happy ending and homogeneity closure unrealism and ideological conservatism testing widespread assumptions against the evidence offered by a range of classical and contemporary films

### **First Comes Love** Shelley

Cobb,Neil Ewen,2015-08-27 With the prominence of one name couples Brangelina Kimye and famous families the Smiths the Beckhams it is becoming increasingly clear that celebrity is no longer an individual pursuit if it ever was Accordingly First Comes Love explores celebrity kinship and the phenomenon of the power couple those relationships where two stars come together and where their individual identities as celebrities become inseparable from their status as a famous twosome Taken together the chapters in this volume interrogate the ways these alliances are bound up in wider cultural debates about marriage love intimacy family parenthood sexuality and gender in their particular historical contexts from the 1920s to the present day Interdisciplinary in scope First Comes Love seeks to establish how celebrity relationships play particular roles in dramatizing disrupting and reconciling often contradictory ideas about coupledness and kinship formations

### **Roll Over**

**Adorno** Robert Miklitsch,2012-02-01 What happens when Theodor Adorno the champion of high classical artists such as Beethoven comes into contact with the music of Chuck Berry the de facto king of rock n roll In a series of readings and meditations Robert Miklitsch investigates the postmodern nexus between elite and popular culture as it occurs in the audiovisual fields of film music and television ranging from Gershwin to gangsta rap Tarantino to Tongues Untied Tony Soprano to Buffy the Vampire Slayer Miklitsch argues that the aim of critical theory in the new century will be to describe and explain these commodities in ever greater phenomenological detail without losing touch with those evaluative criteria that have historically sustained both Kulturkritik and classical aesthetics

### **Gestures of Love** Steven Rybin,2017-05-24

Examines movie romance in light of our emotional bond to the actors and characters on screen Gestures of Love considers the viewer's enchantment with charismatic actors in film as the starting point for closely analyzing the performance of love in movies Written with a thoughtful adoration for the actors who move us Steven Rybin examines several of cinema's most beloved on screen movie couples including Katharine Hepburn and Cary Grant Myrna Loy and William Powell Carole Lombard and John Barrymore Gene Tierney and Dana Andrews Lauren Bacall and Humphrey Bogart and Rock Hudson and Dorothy Malone Using the classical genres of screwball comedy film noir and the family melodrama as touchstones Rybin

places the depiction of romance in films into dialogue with the viewer's own emotional bond to the actors on the screen. In doing so he offers rich new analyses of such classic films as *Bringing Up Baby*, *The Thin Man*, *Twentieth Century*, *Laura*, *To Have and Have Not*, *Tea and Sympathy*, *Written on the Wind* and more. Steven Rybin's *Gestures of Love* presents a compelling series of close readings focused on cinematic performances from the classical Hollywood era, a series of readings that not only function independently but also build and reflect on one another as the text moves forward. Engagingly written and unapologetically driven by the author's own pleasures, the text will appeal to readers interested in cinephilia, actors in performance and classical Hollywood more generally. David T. Johnson, author of *Richard Linklater*, *Gestures of Love* is the first book to explore issues of stardom and performance through the lens of cinephilia studies. Steven Rybin astutely demonstrates how a star couple's performance of love may be refracted through a viewer's love of performance. Lucid and invigorating, this book reconsiders celebrated duos from Hepburn and Grant to Bogart and Bacall to Hudson and Malone, as well as the evolution of love in classical Hollywood. Rashna Wadia, author of *Cinematic Flashes*, *Cinephilia and Classical Hollywood*.

*Romantic Comedy* Tamar Jeffers McDonald, 2007-04-10 *Romantic Comedy* offers an introduction to the analysis of a popular but overlooked film genre. The book provides an overview of Hollywood's romantic comedy conventions, examining iconography, narrative patterns and ideology. Chapters discuss important subgroupings within the genre: screwball sex comedy and the radical romantic comedy of the 1970s. A final chapter traces the lasting influence of these earlier forms within current romantic comedies. Films include *Pillow Talk* 1959, *Annie Hall* 1977 and *You've Got Mail* 1998.

*The Cinema of Hal Hartley* Steven Rybin, 2016-12-27 Over the course of nearly thirty years, Hal Hartley has cultivated a reputation as one of America's most steadfastly independent film directors. From his breakthrough films *The Unbelievable Truth* 1989, *Trust* 1990 and *Simple Men* 1992 to his recently completed *Henry Fool* trilogy, Hartley has honed a rigorous deadpan and instantly recognizable film style informed by both European modernism and playful revisions of Classical Hollywood genres. Featuring new essays on this important director and his films, this collection explores Hartley's work from a variety of aesthetic, cultural and economic contexts while also looking closely at his collaborations with actors, the contexts of his authorial reputation, his reworking of the romantic comedy and other genres, and the shifting economics of his filmmaking. This book, up to date through Hartley's latest film *Ned Rifle* 2014, includes new scholarship on the director's early work as well as reflections on his cinema in connection with new theories and approaches to independent filmmaking. Covering the entire trajectory of his career, including both his features and short films, the book also includes new readings of several of Hartley's seminal films, including *Amateur* 1994, *Flirt* 1995 and *Henry Fool* 1997.

*Lasting Screen Stars* Lucy Bolton, Julie Lobalzo Wright, 2016-05-28 *Lasting Stars* examines the issue of stardom and longevity and investigates the many reasons for the persistence or disappearance of different star personas. Through a selection of chapters that look at issues such as inappropriate ageing, national identity and physical characteristics, this book will be the first volume to consider in

depth and breadth the factors that affect the longevity of film stardom The range of stars includes popular stars who are approached from fresh angles Brando Loren less popular stars whose lower profiles than their peers may be surprising Taylor Shearer and stars whose national identity is integral to their perception as they age Riva Bachchan Pavor There are stars from the beginning of Hollywood Valentino Reid to the present day Jolie and those who made uneasy transitions between countries Mason ages Ringwald and industrial eras Keaton The book examines the range of factors that affect how star images endure including appropriate and inappropriate ageing Griffith race Ice Cube and digital technologies Lee

*Love in the Time of Cinema* K. McKim, 2011-11-08 Kristi McKim offers close analyses of films in which attachment and detachment intimacy and distance ephemera and endurance become more visible and meaningful Films discussed include Wim Wenders *Wings of Desire* Agn s Varda s *Jacquot de Nantes* Doris D rrie s *Cherry Blossoms* and Olivier Assayas *Summer Hours*

**Playbills to Photoplays** New England Vintage Film Society Inc., 2010-12-01 They were pioneers in the most glamorous business in the world and you only know half of their story *Playbills To Photoplays* reveals colorful episodes in the lives of the stars before they became stars Everyone saw them but few knew where they came from This collection of essays follows some of the most famous names in show business from Vaudeville and Broadway to Hollywood revealing a part of their lives that movie historians have neglected until now I think this book is terrific It s a must read for any fan of the silver screen and the days when movie stars were real stars Morgan Loew great grandson of Adolph Zukor founder Paramount Pictures and Marcus Loew founder Loews Theaters and MGM Ms Loew s choice of performers to write about is amazingly diverse and fascinating from character actors like Conrad Veidt to major stars like Katharine Hepburn She has written a most compelling book about their transitions from stage to film many of the stories new to me Wonderful Joan Benny daughter of comedian Jack Benny one of America s greatest entertainment icons of the 20th century whose career included vaudeville radio movies and television A nice compilation of essays on film stars who made the transition from the stage to early talkies with essays on Al Jolson Mae West Eddie Cantor Harpo Marx Spencer Tracy Clark Gable Charley Grapewin Ed Wynn and the Morgans Frank and Ralph Some essays were much better than others I loved the one on the Morgans Burns and Allen Harpo Marx and Katharine Hepburn I would highly recommend the book as it gives you a good idea what vaudeville and the Broadway stage was like in the early 20 s and what it was about these stars that allowed them to make the transition
