Communio Sanctorum, 2004 This is the product of the official German Catholic Lutheran Dialogue and the first major Lutheran Catholic ecumenical statement since the groundbreaking Joint Declaration on the Doctrine of Justification in 1999 It focuses on the ecclesiastical issues that the Joint Declaration identified as the remaining obstacles to Lutheran Catholic communion The metaphor of the Church as the Communion of Saints serves as a framework for addressing ecumenical issues such as sacraments ministry the role of the Church in salvation and the papacy **Koinonia and the Quest for an Ecumenical Ecclesiology** Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest

for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe

Faithful Teaching Lowell G. Almen, Denis J. Madden, 2023 Faithful Teaching is the twelfth dialogue of the U.S. Lutheran-Catholic Dialogue. It seeks greater mutual understanding of the two communions' respective processes of faithful teaching. In challenging times, the call to continue to preach and teach the gospel together resounds with new urgency.

The Catholic Moral Tradition Today Charles E. Curran, 1999-04-05 The Catholic tradition has always tried to explain its theology in a coherent and systematic way, but the great changes and tensions existing within Catholic moral theology today have made it difficult to develop systematic approaches to what was once called fundamental moral theology. Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council. Charles E. Curran's succinct, coherent account of his wide-ranging work in Catholic moral theology points out agreements, disagreements, and changes in significant aspects of the Catholic moral tradition. His systematic approach explores major topics in a logical development: the ecclesiological foundation and stance of moral theology; the person as moral subject and agent; virtues, principles, and norms; conscience and decision making; and the role of the church as a teacher of morality. Curran's work condenses and organizes a large amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history. Of great interest to theologians for its broad synthetic scope, this book is also a thorough introduction to the Catholic moral tradition for students and interested readers, including non-Catholics.

Introduction to Ecumenism Gros, Jeffrey, McManus, Eamon, Riggs, Ann, 1998 An overview of the history, content, and future of the modern ecumenical movement, with particular attention to Catholic leadership and the results of dialogues among the churches.

Fundamental Theology Matthew L. Becker, 2024-01-25 Encyclopedic in scope, this book offers wide-ranging coverage of the foundational teachings and practices within the mainstream of the classical Christian tradition. It begins with their roots in the Scriptures and also branches out into Eastern and Western Christianity, ancient, medieval, and modern, to the present day. Part I provides an overview of some of these routes, then presents an historical survey of Christianity's major traditions. Part II unpacks some of the character of that revelation, focusing particularly on epistemological and procedural questions. Finally, Part III looks at Christian theology in a university setting: the possibility and shape of theology as a university discipline; its major subfields; and its relations with humanities and the sciences, respectively.

Fundamental Theology: A Protestant Perspective 2nd edition includes a wide range of pedagogical features: each chapter begins with an outline/thesis statement highlighted in bold; charts and graphs; relevant headings and subheadings employed throughout the book; keywords; provides a survey of pertinent reference literature; questions for review and discussion; annotated suggestions for further reading.

Historical Dictionary of Catholicism William J. Collinge, 2021-08-15 This work covers the whole history of

Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The Historical Dictionary of Catholicism Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism Changing Churches Mickey L. Mattox, A. G. Roeber, 2012-02-27 Sharp controversies about biblical authority the ordination of women evangelical worship styles and the struggle for homosexual inclusion have rocked the Lutheran church in recent decades In Changing Churches two men who once communed at the same Lutheran Eucharistic table explain their similar but different decisions to leave the Lutheran faith tradition one for Orthodoxy the other for Roman Catholicism Here Mickey L Mattox and A G Roeber address the most difficult questions Protestants face when considering such a conversion including views on justification grace divinization the church and its authority women and ministry papal infallibility the role of Mary and homosexuality They also discuss the long standing ecumenical division between Rome and the Orthodox patriarchates acknowledging the difficult issues that still confront those traditions from within and divide them from one another *That All May Believe* Carl E. Braaten, 2018-10-11 Karl P Donfried Smith College A penetrating analysis of western Christianity in crisis as well as an incisive and compelling guide for course correction Written with clarity insight and conviction *That All May Believe* is Braaten at his very best A must read for Christians in the northern hemisphere Gabriel Fackre author of *The Church Who else but* Carl Braaten could show us an ecumenical vision of theology as evangelical but not simply Protestant catholic but not just Roman orthodox but not only Eastern Here is a needed call to share our ecclesial gifts with mutual affirmation on classical convictions and mutual admonition regarding teachable differences Yet all this is done with a well known Braaten edge indictment of conventional Christianity and a drifting academic theology We are in the author's debt for charting the right course toward visible unity and full communion for a church solid in its centralities and passionate about its mission Frank C Senn Immanuel Lutheran Church Evanston Illinois Employing his gift for incisive analysis of theological movements and trends according to the criterion of the saving gospel of Jesus Christ Braaten affirms the catholic tradition with its canon of Scripture and historic dogmas as the indispensable bearer of the gospel With evangelical passion for the missionary enterprise he shows how the church must move toward ecumenical unity in order to bring the world to belief He does not ignore the reality of the powers of evil that strive against the mission of the gospel Nor does he shrink from saying that dialogue with the religions must not blunt the apostolic imperative to proclaim the gospel and bring converts into the community of faith in the crucified and risen Christ This timely book confessionally anchored and ecumenically hopeful will
