Writing Prompts

for HIGH SCHOOL

- Create a character and describe what life is like for them in the year 2050. What type of job does your character have? What type of transportation does he or she use? Where does your character go to have fun?
- Name your role model and write a story about what you would do if you could spend a day with that person.
- Write a story from the perspective of a bird flying south for the winter.
- The story begins just as your main character scores the winning goal for the soccer team. Everyone is celebrating, but then something unexpected happens...
- It was the first day of school and you couldn't believe your eyes when you walked into the classroom...
- One day, the Internet just stops working—and no one knows how to fix it.
- Write a story that envisions how your life might be if you had made one small decision differently.
- Two friends frame each other in a series of escalating pranks. Eventually, one of them must reveal the truth when...
- Write a story about a group of teens who film a video that unexpectedly goes viral.
- Imagine that you have the chance to sit down for dinner with one of your great-great-great-grandparents. What do you talk to him or her about? What would you explain to him or her about your life?
