

THE GREATEST
Natural & National
CURIOSITY
IN THE WORLD.

THE
SHOWMAN

Nurse to Gen. GEORGE WASHINGTON, (the Father of our Country.)
 WILL BE SEEN AT

Barnum's Hotel, Bridgeport,

On FRIDAY, and SATURDAY, the 10th & 12th days
 of Dec. 1834.

AND
 JOICE HETH is now the greatest curiosity in the World! She was the slave of Anthony & Margaret, (possessors of Gen. Washington,) and was the first person who put clothes on the unconscious infant, who, in after days, led our heroic Father on to glory, to victory, and freedom. To see her own language when speaking of the illustrious Father of his Country, "she raised him," JOICE HETH was born in the year 1674, and has, consequently, now entered at the astonishing

AGE OF 161 YEARS.

THE SLAVE

Original, authentic, and indisputable document accompanying her name, her own statement, the fact may appear, that JOICE HETH is in

BENJAMIN REISS

Showman The Slave Race Death Memory

Benjamin Reiss

Showman The Slave Race Death Memory:

The Showman and the Slave Benjamin Reiss, 2001-10-09 In this compelling story about one of the nineteenth century's most famous Americans Benjamin Reiss uses P T Barnum's Joice Heth hoax to examine the contours of race relations in the antebellum North. Barnum's first exhibit as a showman, Heth was an elderly enslaved woman who was said to be the 161 year old former nurse of the infant George Washington. Seizing upon the novelty, the newly emerging commercial press turned her act and especially her death into one of the first media spectacles in American history. In piecing together the fragmentary and conflicting evidence of the event, Reiss paints a picture of people looking at history at the human body at social class at slavery at performance at death and always if obliquely at themselves. At the same time he reveals how deeply an obsession with race penetrated different facets of American life from public memory to private fantasy. Concluding the book is a piece of historical detective work in which Reiss attempts to solve the puzzle of Heth's real identity before she met Barnum. His search yields a tantalizing connection between early mass culture and a slave's subtle mockery of her master.

Testimonial Advertising in the American Marketplace M. Moskowitz, 2009-11-23 This book explores the history and practice of testimonial advertising in the United States from the mid nineteenth century to the present day, addressing a surprising lack of scholarship on this enduring and pervasive marketing tool. Treating consumers as neither the victims nor the empowered foes of corporate practices, the authors gathered here contribute to new scholarship at the intersection of cultural and business history by examining how testimonials mediate negotiations between producers and consumers and shape modern cultural attitudes about social identity, advice, community, celebrity, and the consumption of brand name goods and services.

Icons of American Popular Culture Robert C. Cottrell, 2014-12-18 Traces the evolution of American popular culture over the past two centuries. In a lengthy chronology of landmark events and ten chapters each revolving around the lives of two individuals who are in some way emblematic of their times, this provides a window on the social, economic, and political history of US democracy from the antebellum period to the present.

The Meanings of Magic Amy Wygant, 2006-12-01 The notion of magic is a current popular culture phenomenon. Harry Potter, the Lord of the Rings, the commercial glamour of the footballer, and the pop idol surround us with their charisma, enchantment, and charm. But magic also exerts a terrifying political hold upon us. Bin Laden's alleged March 28 e-mail message spoke of the attacks on America in form of crushing its towers, disgracing its arrogance, undoing its magic. The nine scholars included in this volume consider the cultural power of magic from early Christianity and the ancient Mediterranean to the curious film career of Buffalo Bill, focusing on topics such as Surrealism, France in the classical age, alchemy, and American fundamentalism, ranging from popular to elite magic, from theory to practice, from demonology to exoticism, from the magic of memory to the magic of the stage. As these essays show, magic defines the limit of both science and religion, but as such remains indefinable.

The Genesis of Mass Culture J. Springhall, 2008-04-14 A thorough survey of the origins and development of the major distinct

American commercial entertainments that emerged between over the course of the 19th century and into the 20th including P T Barnum's American Museum freak show and circus as well as blackface minstrelry Buffalo Bill's Wild West Show and vaudeville

Four Years in Europe with Buffalo Bill Charles Eldridge Griffin, 2010-01-01 William F Buffalo Bill Cody was the entertainment industry's first international celebrity achieving worldwide stardom with his traveling Wild West show For three decades he operated and appeared in various incarnations of the western world's greatest traveling attraction enthraling audiences around the globe When the show reached Europe it was a sensation igniting Wild West fever by offering what purported to be a genuine experience of the American frontier

Frantic Panoramas Nancy Bentley, 2012-05-23 Late nineteenth century America saw an explosion in mass culture from sensationalist tabloid newspapers to amusement parks to Wild West shows Historians and critics have traditionally observed the advent of mass culture as undermining literature's central role in the public sphere Literary writers of the time either reacted with a public show of disdain or retreated to conduct their own private experiments in style and form In *Frantic Panoramas* Nancy Bentley questions these narratives of opposition For literary writers Bentley explains the confrontation with mass culture was less a retreat than a transformation an ordeal through which habits of contemplative appreciation could be refashioned into new forms of critical thought By grappling with the energies that marked mass culture authors came to recognize kinds of human experience that were only then becoming visible as public William Dean Howells shaped the plots of his novels around tabloid events like rail and trolley accidents and the public chaos of apartment house fires Although Henry James was distressed at the way dime fiction had changed the very definition of literature his meditations on mass culture led him to reimagine the novel as a collective workshop in which authors and readers jointly discovered new meaning Bentley offers close readings of these and other writers such as Edith Wharton James Weldon Johnson Pauline Hopkins and Gertrude Bonnin to demonstrate how leading artists took inspiration from commercial culture to create new and distinct literary forms Drawing on original archival research and a historically grounded theory of realism *Frantic Panoramas* is an innovative and comprehensive study of how the emergence of mass culture affected literary culture in America

Phantom Past, Indigenous Presence Colleen E. Boyd, Coll-Peter Thrush, 2011-06-01 The imagined ghosts of Native Americans have been an important element of colonial fantasy in North America ever since European settlements were established in the seventeenth century Native burial grounds and Native ghosts have long played a role in both regional and local folklore and in the national literature of the United States and Canada as settlers struggled to create a new identity for themselves that melded their European heritage with their new North American frontier surroundings In this interdisciplinary volume Colleen E Boyd and Coll Thrush bring together scholars from a variety of fields to discuss this North American fascination with the phantom Native American *Phantom Past Indigenous Presence* explores the importance of ancestral spirits and historic places in Indigenous and settler communities as they relate to territory and history in particular cultural political social historical and environmental contexts

From examinations of how individuals reacted to historical cases of hauntings to how Native phantoms have functioned in the literature of North Americans to interdisciplinary studies of how such beliefs and narratives allowed European settlers and Indigenous people to make sense of the legacies of colonialism and conquest these essays show how the past and the present are intertwined through these stories Complicity Anne Farrow, Joel Lang, Jenifer Frank, 2007-12-18 A startling and superbly researched book demythologizing the North's role in American slavery The hardest question is what to do when human rights give way to profits Complicity is a story of the skeletons that remain in this nation's closet San Francisco Chronicle The North's profit from indeed dependence on slavery has mostly been a shameful and well kept secret until now Complicity reveals the cruel truth about the lucrative Triangle Trade of molasses rum and slaves that linked the North to the West Indies and Africa It also discloses the reality of Northern empires built on tainted profits run in some cases by abolitionists and exposes the thousand acre plantations that existed in towns such as Salem Connecticut Here too are eye opening accounts of the individuals who profited directly from slavery far from the Mason Dixon line Culled from long ignored documents and reports and bolstered by rarely seen photos publications maps and period drawings Complicity is a fascinating and sobering work that actually does what so many books pretend to do shed light on America's past The Captive Stage Douglas A. Jones, 2014-07-09 A revealing exploration of Northern proslavery sentiment during the period before the Civil War

Right here, we have countless books **Showman The Slave Race Death Memory** and collections to check out. We additionally have enough money variant types and along with type of the books to browse.
