Shredding The Public Interest:

Shredding the Public Interest Kevin Taft, 1997-02-01 Alberta had the tightest controls on spending in Canada during the very period when the Klein government has claimed costs were soaring out of control Now public programs in Alberta including health care have become the most poorly supported in Canada 6 weeks on the Financial Post national best seller list *Contested Classrooms* Parkland Institute, 1999-03 Education has become a battlefield the classroom the arena where the contest is fought The 1997 Ontario teachers strike the federal government's Millennium Scholarship and a wave of protests across the country are among the signals that the war is heating up Alberta stands as a Canadian model of radical education reform propelled by economic necessity But is all reform necessarily right or good and who decides A range of commentators teachers scholars parents and others discuss the conflict in Alberta's schools McNae's Essential Law for Journalists Tom Welsh, Walter Greenwood, David Banks, 2007 McNae's Essential Law for Journalists continues to provide definitive practical guidance on the effects of the law and the Press Complaints Commission Code of Conduct on news gathering and publication McNae's is endorsed by the National Council for the Training of Journalists as the essential text for students on journalism courses It is the indispensable complete and portable resource in the armory of the practicing journalist or editor used in newsrooms court rooms and at public meetings across the country The authors non technical language engaging writing style and use of topical examples makes the law clear and brings it to life The nineteenth edition of this acclaimed book has been made even more user friendly with a two color text design and the inclusion of summaries and practical checklists to meet the needs of students and busy journalists who need quick answers to the questions they face in their day to day work The book is complemented by a web site that provides a test bank of questions updates web links key cases and latest news **Grant Notley** Howard Leeson, 2016-01-15 This book is a biography of my dad's political life However it is also a primer for would be politicians Its most salient message Political victory worth having rarely comes easy Rachel Notley from the Foreword Grant Notley leader of Alberta's New Democratic Party from 1968 to 1984 stood out in Alberta politics His goals his personal integrity his obvious dedication to social change and his practical idealism made him the social conscience of Alberta He bridged the old and the new he provided the necessary hard work to ensure the continuation of a social democratic party in Alberta Albertans felt intuitively that he represented a part of their collective being and his untimely death in 1984 touched them deeply Leeson's new introduction recognizes Grant Notley's significant contribution to the continuity and health of his party while acknowledging the important work of his daughter Rachel Notley who led the Alberta NDP to electoral victory in 2015 Readers of politics biography and social history will appreciate this new edition of an important book **Clear Answers** Kevin Taft, Gillian Steward, Parkland Institute, 2000-03 The Government of Alberta under Ralph Klein has asked a reasonable question can health care be better provided partly as a private for profit product rather than as a not for profit public service But despite the claims of advocates for market driven medicine private

hospitals are neither cheaper nor more efficient than public ones Clear Answers summarizes the huge body of evidence showing that they are more expensive and less efficient Big Promises, Small Government George M. Abbott,2020-09-01 When Gordon Campbell's Liberal party won a massive majority on the strength of their New Era electoral platform in 2001 the premier's first act was to fulfill his campaign pledge to reduce personal income taxes Big Promises Small Government reveals the consequences of dramatic tax policy changes on social programs arguing for more sustainable taxation Despite sharply declining economic indices the new premier expected that lower taxes would spur investment and growth essentially paying for themselves Instead the precipitous and ideological decision to cut taxes and exempt health and education some 70 percent of the provincial budget from any decrease in expenditures left smaller ministries scrambling to absorb the cuts to maintain a balanced budget The damage was significant This insider recounting of the real world genesis implementation and consequences of a tax policy offers vital lessons to future governments and considerable insight into the role of taxes in society **Records Management Handbook, Managing Noncurrent Files, Applying Records Schedules** United States. National Archives and Records Service,1961 Unnatural Law David R. Boyd,2011-11-01 While governments assert that Canada is a world leader in sustainability Unnatural Law provides extensive evidence to refute this claim A comprehensive assessment of the strengths and weaknesses of Canadian environmental law the book provides a balanced critical examination of Canada's record focusing on laws and policies intended to protect water air land and biodiversity Three decades of environmental laws have produced progress in a number of important areas such as ozone depletion protected areas and some kinds of air and water pollution However Canada's overall record remains poor In this vital and timely study David Boyd explores the reasons why some laws and policies foster progress while others fail He ultimately concludes that the root cause of environmental degradation in industrialized nations is excessive consumption of resources Unnatural Law outlines the innovative changes in laws and policies that Canada must implement in order to respond to the ecological imperative of living within the Earth's limits The struggle for a sustainable future is one of the most daunting challenges facing humanity in the 21st century Everyone academics lawyers students policy makers and concerned citizens interested in the health of the Canadian and global environments will find Unnatural Law an invaluable source of information and insight For more information on Unnatural Law visit David Boyd's site www.unnaturallaw.com *How Canadians Communicate IV* David Taras,Christopher Robb Waddell,2012 Substantial changes have occurred in the nature of political discourse over the past thirty years Once traditional media dominated the political landscape but in recent years Facebook Twitter blogs and Blackberrys have emerged as important tools and platforms for political campaigns While the Canadian party system has proved surprisingly resilient the rhythms of political life are now very different A never ending 24 hour news cycle has resulted in a never ending political campaign The implications of this new political style and its impact on political discourse are issues vigorously debated in this new volume of *How Canadians Communicate* as is the question on

every politician's mind How can we draw a generation of digital natives into the current political dialogue With contributions from such diverse figures as Elly Alboim Richard Davis Tom Flanagan David Marshall and Roger Epp How Canadians Communicate IV is the most comprehensive review of political communication in Canada in over three decades one that poses questions fundamental to the quality of public life **Federal Register** ,2013-02
