Shriek Of Silence A Phenomenology Of The Holocaust Novel:

The Shriek of Silence David Patterson, 2021-12-14 In the Holocaust novel silence is always a character and the word is always its subject matter So writes David Patterson in this profound and original study of more than thirty important writers Contrary to existing views he argues the Holocaust novel is not an attempt to depict an unimaginable reality or an ineffable horror It is rather an endeavor to fetch the word from silence and restore it to meaning to resurrect the human soul to regenerate the relation between the self and God the self and other the self and itself This book is less a critical study in the usual sense than an impassioned meditation on the deeper sources of the Holocaust novel Among the authors examined are Elie Wiesel Arnost Lustig Aharon Appelfeld Katzetnik 135633 Primo Levi Yehuda Amichai Piotr Rawicz A Anatoli Saul Bellow I B Singer Anna Langfus Rachmil Bryks and Ilse Aichinger The Shriek of Silence is a first in several respects the first to examine the Holocaust novels in their original languages the first to articulate a theoretical basis for its approach and the first phenomenological investigation one that attempts to penetrate the process of creation for these novelists Organized along conceptual lines the book examines the word in exile the themes of death of the father and the child transformations of the self and the implications of the reader Its philosophical foundations are Rosenzweig Buber Neher and Levinas Its critical approach is shaped by Bakhtin The novelists of the Holocaust in witnessing through their words regain their voices and in so doing are reborn By probing the depths of their struggle Patterson s study draws us too toward a higher understanding perhaps even our own rebirth

Biblical Women in Contemporary Novels in English Ingrid Bertrand, 2020-02-10 How are well known female characters from the Bible represented in late 20th century novels In *Biblical Women in Contemporary Novels in English* Ingrid Bertrand presents a detailed analysis of biblical rewritings by Roberts Atwood Tennant Diamant and Diski focusing on six different women Eve Noah s wife Sarah Bilhah Dinah and Mary Magdalene She shows how these heroines give themselves a voice that rests not only on words but also on silences Exploring the many forms that silence can take she presents an innovative typology that sheds new light on this profoundly meaningful phenomenon

Silence in Philosophy, Literature, and Art Steven Bindeman, 2017-08-28 Silence exists at the edge of the world where words break off and meaning fades into ambiguity The numerous treatments of silence in Steven L Bindeman s *Silence in Philosophy Literature and Art* question the misleading clarity of certainty which persists in the unreflective discourse of common experience Significant philosophical problems such as the limits of language the perception of sound and the construction of meaning the dynamics of the social realm and the nature of the human self all appear differently as a consequence of this questioning Silence is shown to have two modes disruptive and healing which work together as complementary stages within a creative process The interaction between these two modes of silence serves as the dynamic behind the entire work

The Holocaust Novel Efraim Sicher, 2013-10-31 The first comprehensive study of Holocaust literature as a major postwar literary genre The Holocaust Novel provides an ideal student guide to the powerful and moving works written in response to this

historical tragedy This student friendly volume answers a dire need for readers to understand a genre in which boundaries and often blurred between history fiction autobiography and memoir Other essential features for students here include an annotated bibliography chronology and further reading list Major texts discussed include such widely taught works as Night Maus The Shawl Schindler's List Sophie's Choice White Noise and Time's Arrow *The Subject of Holocaust Fiction* Emily Miller Budick, 2015-05-20 Fictional representations of horrific events run the risk of undercutting efforts to verify historical knowledge and may heighten our ability to respond intellectually and ethically to human experiences of devastation In this captivating study of the epistemological psychological and ethical issues underlying Holocaust fiction Emily Miller Budick examines the subjective experiences of fantasy projection and repression manifested in Holocaust fiction and in the reader's encounter with it Considering works by Cynthia Ozick Art Spiegelman Aharon Appelfeld Michael Chabon and others Budick investigates how the reading subject makes sense of these fictionalized presentations of memory and trauma victims and victimizers

It's Silence, Soundly John McGreal, 2016-04-21 It's Silence Soundly It's Nothing Seriously and It's Absence Presently continue The It Series published by Matador since The Book of It 2010 They constitute another stage in an artistic journey exploring the visual and aural dialectic of mark word and image that began over 25 years ago In their aesthetic form the books are a decentred trilogy united together in a new concept of The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothingness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It's Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various inter-textual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction

Elie Wiesel's Night Harold Bloom, 2010 Collection of critical essays about Elie Wiesel's Holocaust memoir Night *Catastrophe and Philosophy* David J. Rosner, 2018-12-04 This book takes a different approach to the history of philosophy exploring a neglected theme the relationship between catastrophe and philosophy The book analyzes this theme within texts from ancient times to the present from a global perspective The book's focus is timely and relevant today as the planet is certainly facing a number of impending catastrophes right now e.g. environmental degradation overpopulation the threat of nuclear war etc [Intergenerational Solidarity in Children's Literature and Film](#)

Encrypting the Past Kirstin Gwyer, 2014-09-11 Encrypting the Past puts forward the interpretative category of the first generation German Jewish Holocaust novel and examines its representational strategies With reference to works by H G Adler Jenny Aloni Elisabeth Augustin Erich Fried and Wolfgang Hildesheimer and a concluding section on W G Sebald it shows how Holocaust literature was being written decades before postwar authors such as Sebald were credited with having found new ways of reflecting the unspeakable It demonstrates that before the theoretical debate over the fundamental representability of the Holocaust was even fully under way first generation authors were already translating an unnarratable trauma into a literary strategy of un narrating a strategy of encrypting the Holocaust into the form and structure of their texts The implications of treating these writers as a set and their body of work as a hitherto unacknowledged category of Holocaust fiction go well beyond drawing attention to a number of important but critically neglected authors This study frames the analysis of first generation narrative strategies in the broader debate on the ethics and aesthetics of Holocaust writing In revealing how certain kinds of testimony have been privileged above others in international Holocaust studies it raises questions of a more general nature concerning canon formation and our theoretical responses to the Holocaust In considering foremost among these responses the theory of deconstruction and trauma theory it finally invites a re examination of the relationship between the post modern and trauma
