Si Te Dicen Que Caí:

Si te dicen que caí Juan Marsé, 1976 Las posguerras son siempre más tristes y violentas que las guerras ya que en ellas las verdades contradictorias de vencedores y vencidos se amalgaman en una suerte de barro sucio y degradante que lo contamina todo Uno de los grandes aciertos de Si te dicen que caí fue saber transmitir cómo en la posguerra española la verdad sólo podía llegarse paradójicamente por las mentiras por la imaginación y en último extremo por la literatura Los protagonistas de esta novela por eso van inventándose aventuras que les incluyen como personajes y que pretenden en sucesivas versiones o ampliaciones asediar la verdad del asesinato de una prostituta de lujo en la Barcelona de mediados de los cuarenta Estas aventuras el único juguete de los pobres intentan reconstruir el mundo y las circunstancias que desembocaron en esa muerte con los desechos de la realidad en la que surgen Jesús Aguado **Si te dicen que caí** Juan Marsé, 1982 *A New History of Spanish Literature* Richard E. Chandler, Kessel Schwartz, 1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of A New History of Spanish Literature bids fair to be the standard reference well into the next century Esclavos del franquismo en el Pirineo Fernando Mendiola Gonzalo, Eburne Beaumont Esandi, 2006 **Literatura española contemporánea** José Luis Ocasar, José Luis Ocasar Ariza, 1997 La literatura española del siglo XX es una fascinante sucesión de contrastes Altas cimas del arte minoritario conviven con importantes éxitos populares lo vanguardista y lo tradicional se dan la mano En el centro del paisaje la presencia devastadora de la guerra civil Todos estos aspectos tan diversos quedan reflejados en esta Literatura Española Contemporánea un completo panorama de este campo esencial de la cultura española **La guerre d'Espagne en héritage** Danielle Corrado, Viviane Alary, 2007 Contributions sur les représentations de la guerre civile espagnole dans l'historiographie la littérature le cinéma la presse et l'enseignement depuis la mort de Franco en Espagne et en Europe *Disremembering the Dictatorship*, 2021-08-04 Most accounts of the Spanish transition to democracy have been celebratory exercises at the service of a stabilizing rather than a critical project of far

reaching reform As one of the essays in this volume puts it the pact of oblivion which characterized the Spanish transition to democracy curtailed any serious attempt to address the legacies of authoritarianism that the new democracy inherited from the Franco era As a result those legacies pervaded public discourse even in newly created organs of opinion As another contributor argues the Transition was based on the erasure of memory and the invention of a new political tradition On the other hand memory and its etiolation have been an object of reflection for a number of film directors and fiction writers who have probed the return of the repressed under spectral conditions Above all this book strives to present memory as a performative exercise of democratic agents and an open field for encounters with different possibly divergent and necessarily fragmented recollections The pact of the Transition could not entirely disguise the naturalization of a society made of winners and losers nor could it ensure the consolidation of amnesia by political agents and by the tools that create hegemony by shaping opinion Spanish society is haunted by the specters of a past it has tried to surmount by denying it It seems unlikely that it can rid itself of its ghosts without in the process undermining the democracy it sought to legitimate through the erasure of memories and the drowning of witnesses voices in the cacaphony of triumphant modernization *Un siglo de España* Juan Pablo Fusi Aizpurúa, 1999 *Recoge El despertar de la cultura El discurso de la modernidad La República de los intelectuales La cultura durante el franquismo Cultura y democracia La cultura de la transición*

Franco-Era Barcelona Colleen P. Culleton, 2016-07-22 Bringing together works by Salvador Espriu Juan Goytisolo Merc Rodoreda Esther Tusquets and Juan Marsa that portray memory as a disorienting narrative enterprise Colleen Culleton argues that the source of this disorientation is the material reality of life in Barcelona in the immediate post Civil War years Barcelona was the object of harsh persecution in the first years of the Franco regime that included the erasure of marks of Catalan identity and cultural history from the urban landscape and made Barcelona a moving target for memory The literature and film she examines show characters struggling to produce narratives of the remembered past that immediately conflict with the dominant version of Spain's historical narrative formulated to legitimize the Civil War Culleton suggests the trope of the laberinto used as an image or device in all five of the works she considers and translated into English as both maze and labyrinth opens up a space that enables readers to take vulnerability to outside interference into account as an inseparable part of remembrance While the narratives all have maze like qualities involving a high level of reader participation and choice the exigencies of the labyrinth with its unicursal demands for patience perseverance and faith always prevail Thus do the Francoist narrative and social structure in the end resurface and reassert themselves over the narrating character's perspective
