during the seventeenth century Encyclopedia of Monasticism: A-L William M. Johnston, 2000 First published in 2000
Routledge is an imprint of Taylor Francis an informa company **The Kingdom of the Yellow Robe** Ernest Young, 1898
The following pages are intended to present to the reader an account of the domestic and religious rites and ceremonies of
the Siamese They are the outcome of several years residence in the Capital of Siam In order to verify some of my own
observations or to amplify some points with regard to which my own knowledge was rather scanty I have consulted most of
the books which in recent years have been published concerning the country of Siam I am particularly indebted to the works
of two writers whose knowledge was both wide and deep viz H Alabaster whose Wheel of the Law deals with Siamese
Buddhism and Captain Gerini whose various monographs on domestic or religious customs are full of valuable and reliable
information concerning their misty origin and meaning I must also acknowledge my indebtedness to The Siam Repository a
weekly paper long since extinct but whose pages are a treasure house of information to the enquirer and to my friend Mr R L
Morant for much helpful criticism and advice **The National Union Catalogs, 1963-** ,1964 **Conflict and**
Conversion Tara Alberts, 2013-10-03 Conflict and Conversion explores how Catholic missionaries merchants and adventurers
brought their faith to the strategically and commercially crucial region of Southeast Asia in the sixteenth and seventeenth
centuries This region conjured visions of the exotic in the minds of early modern Europeans and became an important testing
ground for ideas about the nature of conversion and the relationship between religious belief and practice Some Southeast
Asians adopted Christianity and even died for their new faith while others resisted all incentives menaces and cajolment to
reject their original spiritual beliefs and practices In this volume Tara Alberts explores how Catholicism itself was converted
in this encounter as Southeast Asian neophytes adapted the faith to their own needs Conflict and Conversion makes the first
detailed exploration of Catholic missions to the diverse kingdoms of Southeast Asia and provides a new connective history of
the spread of global Christianity to this crossroads of the world This volume focuses on three areas which represent the main
cultural and religious divisions of the broader region of Southeast Asia modern day Thailand Vietnam and Malaysia In each of
these areas missionaries had to engage with a variety of political and economic systems social norms and religious beliefs
and practices They were obliged to consider what adaptations could be made to Catholic ritual and devotions in order to
satisfy local needs and how best to counter local customs deemed inimical to the faith which obliged them to engage with
fundamental questions about what it meant to be Christian Alberts seeks to uncover the conflicts over these issues and the
development of the concept of conversion in the early modern period
