Sidney Nolan Desert And Drought:

Sidney Nolan Geoffrey Smith,2003 This work presented by Esso and Mobil celebrates the achievements of one of Australia's most creative and honoured artists In focusing on specific aspects of Nolan's prolific work images of Australia's inland landscape Burke and Wills religion and environmental concerns produced between 1949 and 1953 it has been possible to present a highly detailed exhibition rarely accorded to an Australian artist **Sidney Nolan** ,2003 **Drought and the Human Story** R.L. Heathcote,2016-05-13 Drought has been a long companion in the human story Mythologised as the devastating Bull of Heaven in one of the earliest heroic legends to come out of Mesopotamia drought has continued to wreak havoc upon societies in many cases playing a significant role in their final demise For societies in the 21st Century drought hovers on all horizons the ultimate drought proofing of society long sought remains elusive This study of the human conceptualization of drought in a global setting examines the historical record from early human society through to present day concerns to explore how and why attitudes to drought have changed and why the mitigation of its impacts has become more difficult To offer a more lasting strategy for protection against drought the author argues that physical scientists need to combine their skills in understanding global ecology and their technological expertise with the social scientists awareness of the socio economic political and cultural contexts in which modern societies operate Both will have to ensure that their cooperative strategies for drought management will be understood and supported by the public If this cooperation can be achieved the future rampages of the Bull of Heaven may be contained *Sidney Nolan* Nancy Underhill,2015-06-01 Digging through the myths around Australia's most famous artist many of which he created himself as a masterful self promoter this book is the biography that Sidney Nolan deserves In an authoritative insightful and often irreverent biography that fully charts Nolan's life and work Nancy Underhill peels back the layers from a complicated expedient and manipulative artistic genius She carries the story from Nolan's birth in 1917 to his death in 1992 tracing his early life his experience as a commercial artist his involvement in the Angry Penguins magazine his painting and set design his difficult marriages and friendships with some of the twentieth century's most famous figures Patrick White Albert Tucker Benjamin Britten Robert Lowell Stephen Spender and Kenneth Clark Sidney Nolan Paula Dredge,2020-01-07 The newest addition to the Artist's Materials series offers the first technical study of one of Australia's greatest modern painters Sidney Nolan 1917-1992 is renowned for an oeuvre ranging from views of Melbourne's seaside suburb St Kilda to an iconic series on outlaw hero Ned Kelly Working in factories from age fourteen Nolan began his training spray painting signs on glass which was followed by a job cutting and painting displays for Fayrefield Hats Such employment offered him firsthand experience with commercial synthetic paints developed during the 1920s and 1930s In 1939 having given up his job at Fayrefield in pursuit of an artistic career Nolan became obsessed with European abstract paintings he saw reproduced in books and magazines With little regard for the longevity of his work he began to exploit materials such as boot polish dyes secondhand canvas tissue paper

and old photographs in addition to commercial and household paints He continued to embrace new materials after moving to London in 1953 Oil based Ripolin enamel is known to have been Nolan s preferred paint but this fascinating study certain to appeal to conservators conservation scientists art historians and general readers with an interest in modern art reveals his equally innovative use of nitrocellulose alkyds and other diverse materials *Backgazing: Reverse Time in Modernist Culture* Paul Giles,2019-02-14 This volume trace ways in which time is represented in reverse forms throughout modernist culture from the beginning of the twentieth century until the decade after World War II Though modernism is often associated with revolutionary or futurist directions this book argues instead that a retrograde dimension is embedded within it By juxtaposing the literature of Europe and North America with that of Australia and New Zealand it suggests how this antipodean context serves to defamiliarize and reconceptualize normative modernist understandings of temporal progression Backgazing thus moves beyond the treatment of a specific geographical periphery as another margin on the expanding field of New Modernist Studies Instead it offers a systematic investigation of the transformative effect of retrograde dimensions on our understanding of canonical modernist texts The title backgazing is taken from Australian poet Robert G FitzGerald s 1938 poem Essay on Memory and it epitomizes how the cultural history of modernism can be restructured according to a radically different discursive map Backgazing intellectually reconfigures US and European modernism within a planetary orbit in which the literature of Australia and the Southern Hemisphere far from being merely an annexed margin can be seen substantively to change the directional compass of modernism more generally By reading canonical modernists such as James Joyce and T S Eliot alongside marginalized writers such as Nancy Cunard and others and relatively neglected authors from Australia and New Zealand this book offers a revisionist cultural history of modernist time one framed by a recognition of how its measurement is modulated across geographical space **Endurance** Deb Anderson,2014-11-05 Endurance presents stories of ordinary Australians grappling with extraordinary circumstances providing insight into their lives their experiences with drought and their perceptions of climate change The book opens with the physical impacts science politics and economics of drought and climate change in rural Australia It then highlights the cultural and historical dimensions taking us to the Mallee wheat belt where researcher Deb Anderson interviewed farm families from 2004 to 2007 as climate change awareness grew Each story is grouped into one of three themes Survival Uncertainty and Adaptation Illustrated with beautiful colour photographs from Museum Victoria Endurance will appeal to anyone with an interest in life stories rural Australia and the environment "Australian Art and Artists in London, 1950?965 " Simon Pierse,2017-07-05 Subtle and wide ranging in its account this study explores the impact of Australian art in Britain in the two decades following the end of World War II and preceding the Swinging Sixties In a transitional period of decolonization in Britain Australian painting was briefly seized upon as a dynamic and reinvigorating force in contemporary art and a group of Australian artists settled in London where they held centre stage with group and solo exhibitions in the capital s most prestigious galleries The book

traces the key influences of Sir Kenneth Clark Bernard Smith and Bryan Robertson in their various and varying roles as patrons ideologues and entrepreneurs for Australian art as well as the self definition and interaction of the artists themselves Simon Pierse interweaves multiple issues of the period into a cohesive historical narrative including the mechanics of the British art world the limited and frustrating cultural scene of 1950s Australia and the conservative influence of Australian government bodies Publishing for the first time archival material letters and photographs previously unavailable to scholars either in Britain or Australia this book demonstrates how the work of expatriate Australian artists living in London constructed a distinct vision of Australian identity for a foreign market **Patrick White Beyond the Grave** Ian

Henderson, Anouk Lang, 2015-08-15 Patrick White 1912 1990 won the Nobel Prize for Literature in 1973 and remains one of Australia's most celebrated writers In 2006 White's literary executor Barbara Mobbs released a highly significant collection of hitherto unpublished papers reviving mainstream and scholarly interest in his work Patrick White Beyond the Grave considers White's writing in light of the new findings acknowledging his homosexuality in relation to the development of his literary style examining the way he engages his readers and contextualizing his life and oeuvre in relation to London and to London life Thought provoking this collection of original essays represents the work of an outstanding list of White scholars from around the globe and will no doubt inspire further work on White from a rising generation of scholars of twentieth century literature beyond Australia **Return to Uluru** Mark McKenna, 2021-03-02 A killing A hidden history A story that goes to the heart of the nation When Mark McKenna set out to write a history of the centre of Australia he had no idea what he would discover One event in 1934 the shooting at Uluru of Aboriginal man Yokunnuna by white policeman Bill McKinnon and subsequent Commonwealth inquiry stood out as a mirror of racial politics in the Northern Territory at the time But then through speaking with the families of both killer and victim McKenna unearthed new evidence that transformed the historical record and the meaning of the event for today As he explains Every thread of the story connected to the present in surprising ways In a sequence of powerful revelations McKenna explores what truth telling and reconciliation look like in practice Return to Uluru brings a cold case to life It speaks directly to the Black Lives Matter movement but is completely Australian Recalling Chloe Hooper's The Tall Man it is superbly written moving and full of astonishing unexpected twists Ultimately it is a story of recognition and return which goes to the very heart of the country At the centre of it all is Uluru the sacred site where paths fatefully converged Mark McKenna has exposed the wounded heart of Australia Never has a history of our country so assumed the power of sacred myth Return to Uluru is a spellbinding story of death and resurrection that is Australian to its core James Boyce Mark McKenna sets the highest standard for truth telling of the kind that Australians so urgently need if they are to live in this country with honour I feel sure that this book will become an Australian classic not the first of its kind but certainly the most powerful narrative I have read of frontier injustice and its resonance in our lives today Marcia Langton
