The Trailsman Jon Sharpe, 1990

The Guarijos of the Sierra Madre David Yetman, 2002 David Yetman s first foray into Mexico occurred in 1961 where he developed a lifelong fascination of and appreciation for the countryside and the people who lived in it In southern Sonora the author explored the environs surrounding the town of Alamos located in a tropical deciduous forest Thirty years after that first journey and after the author s continued explorations of Mexico Yetman launched a mini expedition of sorts back to Alamos searching for the Guarij os a reclusive people in a reclusive land thought to be extinct until 1930 Yetman takes the reader on an engaging journey into Guarij o territory incorporating interviews and his own observations into the story he unveils about their history their struggle for land during the latter decades of the twentieth century and the ways in which they live A strong undercurrent of natural history infuses the writing as the author

skillfully weaves his own interest in ethnobotany into the shared interests of his hosts developing a picture of their lifeways through their uses of plants that might otherwise go unnoticed and also through the natural environment in which they have survived for generations The Guarij os of the Sierra Madre is an enduring work that seeks to understand human relationships to land to larger dominant societies and to each other through the eyes of a people who have maintained their cultural identity in the face of immense change

Arizona's Deadliest Gunfight Heidi J. Osselaer,2018-05-03 On a cold winter morning Jeff Power was lighting a fire in his remote Arizona cabin when he heard a noise grabbed his rifle and walked out the front door Someone in the dark shouted Throw up your hands Shots rang out from inside and outside the cabin and when it was all over Jeff s sons Tom and John emerged to find the sheriff and his two deputies dead and their father mortally wounded Arizona s deadliest shoot out happened not in 1881 but in 1918 as the United States plunged into World War I and not in Tombstone but in a remote canyon in the Galiuro Mountains northeast of Tucson Whereas previous accounts have portrayed the gun battle as a quintessential western feud historian Heidi J Osselaer explodes that myth and demonstrates how the national debate over U S entry into the First World War divided society at its farthest edges creating the political and social climate that lead to this tragedy A vivid thoroughly researched account Arizona s Deadliest Gunfight describes an impoverished family that wanted nothing to do with modern civilization Jeff Power had built his cabin miles from the nearest settlement yet he could not escape the federal government s expanding reach The Power men were far from violent criminals but Jeff had openly criticized the Great War and his sons had failed to register for the draft To separate fact from dozens of false leads and conspiracy theories Osselaer traced the Power family s roots back several generations interviewed descendants of the shoot out s participants and uncovered previously unknown records What happened to Tom and John Power afterward is as stirring and tragic a story as the gunfight itself Weaving together a family based local history with national themes of wartime social discord rural poverty and dissent Arizona s Deadliest Gunfight will be the authoritative account of the 1918 incident and the memorable events that unfolded in its wake
