Sight Unseen Beckett Pinter Stoppard And Other Contemporaries:

Sight Unseen Elissa S. Guralnick, 1996 Guralnick contends that well crafted radio plays tend to meld to their medium so naturally that they cannot be transferred to the theater or to film without being diminished Each play is thus shown to exploit to special effect one of radio's fundamental features its invisible stage Barker and Stoppard its affinity to music Ferguson and Beckett its ability to imitate the mind's subjectivity Kopit and Pinter its association with world events through features and the news Rudkin

Technology, Literature and Culture Alex Goody, 2011-06-13 This text provides a detailed exploration of the ways in which literature across the 20th century has represented the inescapable presence and progress of technology It considers such key topics as the legacy of late 19th century technology and the literary engagement with cinema and radio

Encyclopedia of Radio 3-Volume Set Christopher H. Sterling, 2004-03 Produced in association with the Museum of Broadcast Communications in Chicago the Encyclopedia of Radio includes more than 600 entries covering major countries and regions of the world as well as specific programs and people networks and organizations regulation and policies audience research and radio's technology This encyclopedic work will be the first broadly conceived reference source on a medium that is now nearly eighty years old with essays that provide essential information on the subject as well as comment on the significance of the particular person organization or topic being examined

Dark Matter Andrew Sofer, 2013-10-28 Dark Matter maps the invisible dimension of theater whose effects are felt everywhere in performance Examining phenomena such as hallucination offstage character offstage action sexuality masking technology and trauma Andrew Sofer engagingly illuminates the invisible in different periods of postclassical western theater and drama He reveals how the invisible continually structures and focuses an audience's theatrical experience whether it's black magic in Doctor Faustus offstage sex in A Midsummer Night's Dream masked women in The Rover self-consuming bodies in Suddenly Last Summer or surveillance technology in The Archbishop's Ceiling Each discussion pinpoints new and striking facets of drama and performance that escape sight Taken together Sofer's lively case studies illuminate how dark matter is woven into the very fabric of theatrical representation Written in an accessible style and grounded in theater studies but interdisciplinary by design Dark Matter will appeal to theater and performance scholars literary critics students and theater practitioners particularly playwrights and directors

Minor Genres in Postcolonial Literatures Delphine Munos, Bénédicte Ledent, 2020-06-05 Moving beyond the postcolonial literature field's traditional focus on the novel this book shines a light on the minor genres in which postcolonial issues are also explored The contributors examine the intersection of generic issues with postcolonial realities in regions such as South Africa Nigeria New Zealand Indonesia Australia the United Kingdom and the Caribbean These minor genres include crime fiction letter writing radio plays poetry the novel in verse and short stories as well as blogs and essays The volume closes with Robert Antoni's discussion of his use of the vernacular and digital resources in *As Flies to Whatless Boys* 2013 and suggests that major genres might yield new webs of meaning when digital

media are mobilized with a view to creating new forms of hybridity and multiplicity that push genre boundaries In focusing on underrepresented and understudied genres this book pays justice to the multiplicity of the field of postcolonial studies and gives voice to certain literary traditions within which the novel occupies a less central position This book was originally published as a special issue of the Journal of Postcolonial Writing *Radio Drama* Tim Crook, 2002-01-04 *Radio Drama* brings together the practical skills needed for radio dramas such as directing writing and sound design with media history and communication theory Challenging the belief that sound drama is a blind medium *Radio Drama* shows how experimentation in radio narrative has blurred the dividing line between fiction and reality in modern media Using extracts from scripts and analysing radio broadcasts from America Britain Canada and Australia the book explores the practicalities of producing drama for radio Tim Crook illustrates how far radio drama has developed since the first audiophonic production and evaluates the future of radio drama in the age of live phone ins and immediate access to programmes on the Internet
