The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In The Bond of Love Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching

account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity. As he demonstrates, far from being a set of arbitrary rules that constrain human freedom, this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel. Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society. He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology. Next discussed is the virtue of chastity, the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons. The volume concludes by addressing practices and circumstances that violate the essence of marriage. This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors, teachers, and all of the Church's faithful striving to live in the love and communion that is grounded in Christ.

New SCM Dictionary of Christian Spirituality Philip Sheldrake, 2013-05-20. This dictionary attempts to give direct access to the development of Christian Spirituality. It is a series of pieces written by experts to provide instant, accurate, and thought-provoking information of high scholarship.

Hildegard of Bingen Maud Burnett McInerney, 2013-08-21. This volume explores the extraordinary life and work of Hildegard of Bingen, the 12th-century abbess and prophet whose interests ranged from music to theology to zoology to medicine. These essays, written specifically for this volume, approach Hildegard from a variety of perspectives, including gender theory, musicology, art history, the history of science, and comparative studies.

The Sexual Politics of Black Churches Josef Sorett, 2022-02-08. Winner 2022-2023 Virginia Ramey Mollenkott Award for chapter 5. Everybody Knew He Was That Way Chicago's Clarence H. Cobbs. American Religion and Sexuality during the Post World War II Period by Wallace Best. This book brings together an interdisciplinary roster of scholars and practitioners to analyze the politics of sexuality within Black churches and the communities they serve. In essays and conversations, leading writers reflect on how Black churches have participated in recent discussions about issues such as marriage equality, reproductive justice, and transgender visibility in American society. They consider the varied ways that Black people and groups negotiate the intersections of religion, race, gender, and sexuality across historical and contemporary settings. Individually and collectively, the pieces included in this book shed light on the relationship between the cultural politics of Black churches and the broader cultural and political terrain of the United States. Contributors examine how churches and their members participate in the formal processes of electoral politics as well as how they engage in other processes of social and cultural change. They highlight how contemporary debates around marriage, gender, and sexuality are deeply informed by religious beliefs and practices. Through a critically engaged interdisciplinary investigation, *The Sexual Politics of Black Churches* develops an array of new perspectives on religion, race, and sexuality in American culture.

That Famous Fig Leaf Chad W. Thompson, 2019-10-29. Nothing that God created is the source of our human temptation. To the contrary, the human body is the crown of God's creation, consummated by his declaration that it

was good That God's people are unable to view the body without sinning is not an indictment of the body itself but of the immaturity of the post modern evangelical mind We live in a culture whose inhabitants spend billions of dollars a year to see each other naked on internet sites and in pornographic films yet are often uncomfortable changing in front of each other in locker rooms or even being seen in a swimsuit on the beach Could it be that we have so profoundly fused the image of the exposed body with sexual gratification that there is no context left for it to be laid bare without evoking either shame or arousal In That Famous Fig Leaf Chad Thompson explores the spiritual implications of the physical body and surprisingly uncovers a new kind of freedom from sexual addiction along the way Chad critiques the Christian purity movement for conflating purity with prudery and reveals that changing how we esteem our bodies has the power to heal the hypersexualized body consciousness of our culture

Historically the Bible has been used to drive a wedge between the spirit and the body In this provocative book David Carr argues that it can and should do just the opposite Sexuality and spirituality Carr contends are intricately interwoven when one is impoverished the other is warped As a result the journey toward God and the life long engagement with our own sexual embodiment are inseparable Humans the Bible tells us both male and female were created in God s image and eros a fundamental longing for connection that finds abstract good in the pleasure we derive from the stimulation of the senses is a central component of that image The Bible particularly the Hebrew Bible affirms erotic passion both eros between humans and eros between God and humans In a sweeping examination of the sexual rules of the Bible Carr asserts that Biblical family values are a far cry from anything promoted as such in contemporary politics He concludes that passionate love our preoccupation therewith and pursuit thereof is the primary human vocation that eros is in fact the flavoring of life **Self**
