Loves Knowledge Essays On Philosophy And Literature:

Love's Knowledge Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements *Love's Knowledge*

Martha Craven Nussbaum, 1992 **The Oxford Handbook of The History of Analytic Philosophy** Michael

Beaney, 2013-06-20 During the course of the twentieth century analytic philosophy developed into the dominant philosophical tradition in the English speaking world In the last two decades it has become increasingly influential in the rest of the world from continental Europe to Latin America and Asia At the same time there has been deepening interest in the origins and history of analytic philosophy as analytic philosophers examine the foundations of their tradition and question many of the assumptions of their predecessors This has led to greater historical self consciousness among analytic philosophers and more scholarly work on the historical contexts in which analytic philosophy developed This historical turn in analytic philosophy has been gathering pace since the 1990s and the present volume is the most comprehensive collection of essays to date on the history of analytic philosophy It contains state of the art contributions from many of the leading scholars in the field all of the contributions specially commissioned The introductory essays discuss the nature and historiography of analytic philosophy accompanied by a detailed chronology and bibliography Part One elucidates the origins of analytic philosophy with special emphasis on the work of Frege Russell Moore and Wittgenstein Part Two explains the development of analytic philosophy from Oxford realism and logical positivism to the most recent work in analytic philosophy and includes essays on ethics aesthetics and political philosophy as well as on the areas usually seen as central to analytic philosophy such as philosophy of language and mind Part Three explores certain key themes in the history of analytic philosophy **Amor**

Mundi and Overcoming Modern World Alienation Justin Pack, 2019-10-17 Love in many premodern cultures extended to and permeated the world or even the cosmos but love in contemporary consumerist society tends to be sexualized romanticized and individualized As a result ancient visions of ethical love are difficult for moderns to comprehend especially

those rooted in premodern Western thought or Native American thinkers that describe a love of the natural world that would help us live more responsibly on the Earth This volume retrieves the significant narratives of love of the world and the concomitant ethical ramifications of those visions and argues that our age of science and technology has destroyed the ancient living cosmos of previous visions and replaced it with a mechanical universe This shift has resulted in various forms of destruction diminishment and forgetfulness Overcoming modern world alienation requires recovering a sense of what it means to love the world and changing our practices to reflect our interconnection with it and our interdependency on it

Visual Culture Chris Jenks, 2017-07-05 In *Visual Culture* the visual character of contemporary culture is explored in original and lively essays The contributors look at advertising film painting and fine art journalism photography television and propaganda They argue that there is only a social not a formal relation between vision and truth A major preoccupation of modernity and central to an understanding of the postmodern vision and the visual are emergent themes across sociology cultural studies and critical theory in the visual arts *Visual Culture* will prove an indispensable guide to the field

Inconceivable Effects Martin Blumenthal-Barby, 2013-07-23 In *Inconceivable Effects* Martin Blumenthal-Barby reads theoretical literary and cinematic works that appear noteworthy for the ethical questions they raise Via critical analysis of writers and filmmakers whose projects have changed our ways of viewing the modern world including Hannah Arendt Franz Kafka Walter Benjamin the directors of Germany in Autumn and Heiner Mueller these essays furnish a cultural base for contemporary discussions of totalitarian domination lying and politics the relation between law and body the relation between law and justice the question of violence and our ways of conceptualizing the human A consideration of ethics is central to the book but ethics in a general philosophical sense is not the primary subject here instead Blumenthal-Barby suggests that whatever understanding of the ethical one has is always contingent upon a particular mode of presentation *Darstellung* on particular aesthetic qualities and features of media Whatever there is to be said about ethics it is always bound to certain forms of saying certain ways of telling certain modes of narration That modes of presentation differ across genres and media goes without saying that such differences are intimately linked with the question of the ethical emerges with heightened urgency in this book

A Feminist Companion to Prophets and Daniel Athalya Brenner-Idan, 2002-04-01 This final volume in the *Feminist Companion to the Bible* Second series is a sparkling collection These essays revisit the figure of the Goddess redefine female prophet esse s consider Yahweh as a violent husband explore various aspects or eroticism in prophetic literature and discuss how to say no to a prophet In the section on Daniel the Obtuse Foreign Ruler is viewed from the perspective of both feminism and humor while Belshazzar's mother is proposed as another wise queen Contributors include Judith Hadley Esther Fuchs Renate Jost Rainer Kessler Gerlinde Baumann Mary Shields Erin Runions Tamar Kamlonkowski Ulrike Sals Julia M O'Brien Mayer Gruber H von Deventer and Emily Sampson

Fictions of Knowledge Y. Batsaki, S. Mukherji, J. Schramm, 2011-11-15 Locating literature at the intersection of distinct areas of thinking

on the nature scope and methods of knowledge philosophy theology science and the law this book engages with literary texts across periods and genres to address questions of probability problems of evidence the uses of experiment and the poetics and ethics of doubt *Love Disconsoled* Timothy P. Jackson, 1999-11-25 Few concepts are more central to ethics than love but none is more subject to false consolation This 1999 book explores several theological philosophical and literary accounts of love focusing on how it relates to matters such as self interest and self sacrifice and invulnerability and immortality Timothy Jackson first considers key aspects of what the Bible says about love then he further examines the meaning of love and sacrifice through a close reading of novels by Fitzgerald and Hemingway Lastly he evaluates how love constrains and is constrained by other traditional moral concepts Throughout Jackson defends the moral priority of what the Christian tradition calls agape He argues that a proper understanding of agapic love rejects both moral relativism and the comfort of believing that good people cannot be harmed or that God causally necessitates every historical action and event When love is thus disconsoled it neither fears death nor despises life *Day Late, Dollar Short* Peter C. Herman, 2000-08-24 Explores how shifts in the job market and changes in university culture and administration have influenced the post theory generation of literary critics
