The Monthly Army List Great Britain. Army, 1924-07 *Marking the Land 1*, 2004 A road trip from Santa Fe to Santa Monica was the genesis of Marking the Land 1 which presents photographs taken on highways and byways that cut through the vastness of the American Southwest In documenting sites separated from one another by hundreds of miles Melissa Cicetti sought to explore and expand her understanding of the concept of place She characterizes sites that have been made specific by the interaction between various areas of the land and the human made forms imposed on them Cicetti s interest in architecture is reflected in many of the photos which include abandoned structures barns churches gas stations Anasazi ruins Fences and wires impose human patterns on the desert landscape even though the photographs never include people A sequence of documented personal moments through which the viewer can come to terms with the photographer s concept of place and the role humans have played over the centuries and always will play in marking places in the land and assigning them meaning Barbara Buhler Lynes Introduction **Manual of Field Works (all Arms)** Great Britain.
