Martin P6M SeaMaster Stan Piet, Al Raithel, 2001 **Poseidon's giant** , 1982 **The Trident** , 1957 Quest for Performance Laurence K. Loftin, 1985 This provides access to a NASA History Office publication NASA SP 468 by Laurence K Loftin Jr NASA Scientific and Technical Information Branch Washington D C 1985 It traces the technical development of the airplane since World War I It describes significant aircraft that incorporated important technical innovations and served to shape the future course of aeronautical development as well as aircraft that represented the state of the art of aeronautical technology in a particular time frame or that were very popular and produced in great numbers Primary emphasis has been placed on aircraft originating in the United States The discussion is related primarily to aircraft configuration evolution and associated aerodynamic characteristics and to a lesser extent to developments in aircraft construction and propulsion The material is presented in a manner designed to appeal to the nontechnical reader who is interested in the evolution of the airplane as well as to students of aeronautical engineering or others with an aeronautical background **Jet Flying Boats** David Oliver, 2018-03-15 In this book aviation historian David Oliver covers the little known flying boat legacy of the Second World War The Life Journey of a Missionary's Son Albert E Barnes, 2012-05-25 This book covers a large variety of subjects ranging from personal stories to anecdotes of eight American presidents to the investigation of the death of four NASA astronauts to an encounter with a Russian Prime Minister to inspirational subjects to exploring why we are on this planet There are inspiring discussions of God's existence dreams that forecast the future stories of a haunted house prayers that are answered how we fit in the universe a chapter on addictions and much much more *American Flying Boats and Amphibious Aircraft* E.R. Johnson, 2016-03-29 This work is a comprehensive heavily illustrated history of the many flying boats and amphibious aircraft designed and built in the United States It is divided into three chronological sections the early era 1912 1928 the golden era 1928 1945 and the post war era 1945 present with historical overviews of each period Within each section individual aircraft types are listed in alphabetical order by manufacturer or builder with historical background technical specifications drawings and one or more photographs Appendices cover lesser known flying boat and amphibian types as well as various design concepts that never achieved the flying stage **Navy's Most Wanted™** Norman Polmar, Christopher Cavas, 2009-01-31 From history's earliest days men have gone down to sea on logs then boats and subsequently ships Norman Polmar and Christopher Cavas maneuver in Most Wanted style to find the best and worst of the admirals ships inventions submarines torpedoes and aircraft that have fought on over and under the waves The top ten lists in Navy's Most Wanted rank the world's biggest battleships the fastest aircraft and most powerful submarines Pop culture's take on naval affairs is shown in chapters on the best and worst Navy movies the Navy in song and fiction and movie stars and politicians who served Read the best naval quotes and learn where they came from marvel at the variety of weapons that have gone to sea and shiver at the world's worst naval disasters Polmar and Cavas have mined their expert knowledge to

entertain readers with interesting and intriguing trivia on all things blue and gold Perfect for sailors family members and anyone with an interest in the Navy both historically and today Navy s Most Wanted belongs on bookshelves nightstands and in lockers everywhere even Davey Jones s *History of Acquisition in the Department of Defense, Volume 1* Elliott V. Converse,2012-06-12 This volume is a history of the acquisition of major weapon systems by the United States armed forces from 1945 to 1960 the decade and a half that spanned the Truman and Eisenhower administrations following World War II These instruments of warfare aircraft armored vehicles artillery guided missiles naval vessels and supporting electronic systems when combined with nuclear warheads gave the postwar American military unprecedented deterrent and striking power 1 They were also enormously expensive The volume is organized chronologically with individual chapters addressing the roles of OSD the Army Navy and Air Force in two distinct periods The first roughly coinciding with President Truman s tenure covers the years from the end of World War II through the end of the Korean War in 1953 The second spans the two terms of the Eisenhower presidency from 1953 through early 1961 The year 1953 marked a natural breakpoint between the two periods The Korean War had ended President Eisenhower and his defense team began implementing the New Look a policy and strategy based on nuclear weapons which they believed would provide security and make it possible to reduce military spending The New Look s stress on nuclear weapons along with the deployment of the first operational guided missiles and the rapid advances subsequently made in nuclear and missile technology profoundly influenced acquisition in the services throughout the 1950s and the remainder of the century As used in this study the term acquisition encompasses the activities by which the United States obtains weapons and other equipment In surveying the history of acquisition between 1945 and 1960 this study discusses or refers in passing to many of the hundreds of weapon system programs initiated by the services in that period but it is not a weapons encyclopedia Instead it investigates a few major programs in depth in the belief that such detailed examination best reveals the evolution of acquisition policies organizations and processes and the various forces influencing weapons programs **Naval Aviation News** ,1997-03
